HAPPY BIRTHDAY for Thursday, March 25, 2010.
 This year, events often catch you off guard. Know that even if you are surprised, you are capable of handling whatever comes up. You are in the last year of a 12-year cycle. Often people let go of what doesn't work in their lives. Stellar happenings might be single romance these areas. If you are single, isolate these areas. If you are single, romance can be passionate and exciting. Enjoy, but take your time making long-term commitments. If you are attached, share your challenges and desires more often with your significant other. The friendship between you is key. LEO displays passion.

The Stars Show the Kind of Day You'll Have:
 5-Dynamic; 4-Positive; 3-Average; 2-So-so; 1-Difficult

ARIES (March 21-April 19)
 ***** Though you might be hesitant, tap into your unusual creativity and dynamic energy. What you believe is workable might not be, despite all efforts. Your resourcefulness could make or break a situation. Tonight: On top of your game.

TAURUS (April 20-May 20)
 ***** Stay centered and direct in your dealings. You could be on top of your game, despite some personal uproar and a need to re-examine an issue. Focus on work. A move or change could be slated. You wonder about the possibilities ahead. Tonight: Relax at home.

GEMINI (May 21-June 20)
 ***** Your style and way of banding others emerges. State your case with the full knowledge of what you want. Investigate new possibilities with an open mind. Listen to feedback from others in a meeting. Pressure builds within a partnership. Tonight: Hang out with a friend.

CANCER (June 21-July 22)
 ***** Be sensitive with your financial dealings. You might feel awkward and need a change. You could be overwhelmed by what is happening within a partnership. You are settling and might need to revamp a project more to another's liking. Tonight: Treat yourself on the way home.

LEO (July 23-Aug. 22)
 ***** Your energy could make you assertive to a point where others see you as pushy. Don't be so efficient that you forget the role of charm, OK? Realize what is going on behind the scenes. Perhaps the less said the better. Tonight: As you like.

VIRGO (Aug. 23-Sept. 22)
 ***** Feel comfortable taking a backseat. With all the strong personalities and opinions, this attitude works. Your creativity bubbles up in a conversation. Choose the right moment for your feedback, and you'll get the reaction you desire. Tonight: Get some extra sleep.

LIBRA (Sept. 23-Oct. 22)
 ***** You could be overwhelmed by a friend's determination. Might it not be easier to let this person have his or her way? Difficulties occur when there are power plays. Let others express themselves, their ideas and their direction. Tonight: Only what you want.

SCORPIO (Oct. 23-Nov. 21)
 ***** Demands push you into action. The question remains: When is enough enough? You will want to analyze more of your directions and choices. If you're a boss, you could be a lot harder on your "employees than you realize. Tonight: Burning the candle at both ends.

SAGITTARIUS (Nov. 22-Dec. 21)
 ***** You keep pushing to see the big picture. Whether you can achieve that goal remains to be seen. Financial pressure pushes you to find an expert. Stop trying to solve the problem on your own. Tonight: Let your imagination choose.

CAPRICORN (Dec. 22-Jan. 19)
 ***** Dealing with a demanding associate could test your patience and effectiveness. Back off and approach the situation again with a new attitude. More often than not, you'll discover that what has worked for you in the past no longer does. Go within before taking any action. Tonight: Togetherness is the theme.

AQUARIUS (Jan. 20-Feb. 18)
 ***** You have your hands full as another person expresses his or her opinions in no uncertain terms. You might want or need to step back some, especially if you are feeling hurt or put upon. Refuse to take a situation personally. Tonight: Listening to a suggestion doesn't mean that you must take it.

PISCES (Feb. 19-March 20)
 ***** Others drive a hard bargain. Many people you deal with right now want a lot from you. Stop. Think about yourself. What can you handle and what is too much? If you can eliminate stress from your life, by all means do. Tonight: Get some errands done.
