HOROSCOPES

By Jacqueline Bigar

HAPPY BIRTHDAY Friday, July 9, 2010:
This year, you often are so focused or possibly irritated that you remain unaware of important details to you. You allow important details to slip. You remain flexible, you are likely to have a very unique opportunity, which could impact you by leaps and bounds. If you are single, you'll meet someone out of the blue. Don't decide that this is it for at least a year. You will see many changes. If you are attached, you feel as if you are constantly adjusting to your sweetie. Make that OK for now. The favor will be returned. GEMINI understands you a little too well for your comfort.

The Stars Show the Kind of Day You'll Have:
5-Dynamic, 4-Positive, 3-Average, 2-Soso, 1-Difficult

ARIES (March 21-April 19)
***** A conversation early on could be irritating. I earn to let go of these feelings before they damage your mood. Note a tendency to enjoy solution-finding even more than in the past. Tonight: You could meet someone out of the blue.

TAURUS (April 20-May 20)
*** Be aware of what you have to offer, and don't act out because of your insecurities. You offer a lot in any situation. A child or loved one could be unusually delightful. Allow your imagination to play a bigger role. Tonight: Be impulsive - yes, you.

GEMINI (May 21-June 20)
***** While others could be reactive and lose their way, you will respond quickly with ideas. Yes, you could be irritated at first. Pick up the phone rather than just think about someone. Tonight:

The unexpected occurs.
CANCER (June 21-July 22)
*** Understand what is happening behind the scenes. Thoughts go to money and perhaps buying a gift. Although it's the thought that counts, you want your choice to be meaningful. Be more aware of your image. Tonight: Vanish ... mystery can be very alluring.

LEO (July 23-Aug. 22)
***** Zero in on what is important. You cannot, nor should you, settle. Mercury, the planet of communication, moves into your sign, adding to your already strong ability to present your case, verbalize and charm others. Tonight: Leader of the gang.

VIRGO (Aug. 23-Sept. 22)
***** Be careful how you direct your energy. You could be irritated with one person but take it out on another. You will tend to overthink things in the next few weeks. Sign up for a yoga class or some other stress-buster. Tonight: A force to be dealt with.

LIBRA (Sept. 23-Oct. 22)
***** Clearly, you are in the mood to take off and do something very different. Your smile and charming manner could help disguise your true feelings. Just don't play games with your head. Know what you feel. Tonight: Take in new vistas. Split town, or at least try a different haunt.

SCORPIO (Oct. 23-Nov. 21)
***** You work best with one associate. You know it, and others know it, too. A meeting could take your mind and energy off of where it should be. Center yourself, and maintain your priorities. A talk is essential in order to keep a relationship working. Tonight: Find a favorite person.

SAGITTARIUS (Nov. 22-Dec. 21)
***** Others seem to have the wherewithal to bypass you or act as if they couldn't care less. Stop with the assumptions and be logical. Let someone choose what he or she wants. You cannot change this person anyway. Tonight: Go with another's suggestion.

CAPRICORN (Dec. 22-Jan. 19)
*** Pace yourself and get as much done as possible. You want to leave work with as much done as possible. News from a distance could be off. Some important details are being left out. Look at what isn't being said. Tonight: A roommate or family member needs extra attention.

AQUARIUS (Jan. 20-Feb. 18)
***** You have difficulty staying present in the moment. You are already gone for the weekend. Your ability to read between the lines in an important conversation could be key. Screen calls. Save personal calls for later. Tonight: Be a wild thing.

PISCES (Feb. 19-March 20)
***** Know what is going on with a family member or someone you care about. There could be an element of deception. Your checking account decides to take a roller-coaster ride. Learn to say "no." Tonight: Head home.

BORN TODAY
Football player O.J. Simpson (1947), actor Tom Hanks (1956), singer Courtney Love (1964) ***
