HOROSCOPES

By Jacqueline Bigar

HAPPY BIRTHDAY for Monday, Aug. 2, 2010:
 This year, you encounter obstacles when you least expect them. You are learning about a boss, respected authority figure or someone who means a lot to you. The demands of a situation could create a lot of stress. Take up some form of exercise or meditation. You don't need to sustain more stress than you can or want to. In spring 2011, an opportunity for travel or growth enters. You also might have someone enter your life who is quite unique. If you are single, you will meet people with ease, though you don't need to jump into a committed relationship too quickly. If you are attached, the two of you will become much closer if you take a workshop or plan a getaway together. TAURUS is more stubborn than you. TRUST that.

The Stars Show the Kind of Day You'll Have:
 2-Dynamic; 5-Dynamic; 4-Positive; 3-Average; 2-No-so; 1-Difficult

ARIES (March 21-April 19)
 *** Understand the demands that are made on you. Remember, they are only demands. You make them into more. You could choose to lose that energy. It would be more efficient. Take a strong stand. Tonight: Gather your bills.

TAURUS (April 20-May 21)
 ***** Your insights remain key, though you could run into obstacles. Information heads in your direction that forces you to revise your thinking. Look for more facts and opinions too, as many people will be talking. Tonight: Do only what you want.

GEMINI (May 22-June 20)
 *** Listen to others, specifically a partner. You wonder why and how this person has such a complete understanding of an issue you are trying to grasp. One-on-one relating needs to remain the theme right now. Tonight: Chat over dinner.

CANCER (June 21-July 22)
 ***** Defer to others, understanding that you, too, have limits. You could have difficulty getting into the swing of an intense day. No matter what you do, know that others are observing you. A boss might like your style. Tonight: Burning the midnight oil.

LEO (July 23-Aug. 22)
 *** You might feel that you have your hands full, as everyone seems to dump their work on you. You can handle the pressure, but be wise and set limits. Detach from the immediate issue. Tonight: Try something new.

VIRGO (Aug. 23-Sept. 22)
 ***** If you're feeling entrenched or locked, do move away from the situation mentally, and possibly physically as well. You demand perfection of yourself. As a result, you will find solutions. Talk to an expert in such matters. Tonight: Surf the Net.

LIBRA (Sept. 23-Oct. 22)
 *** You suddenly reveal more of your thoughts. Others could challenge you. The more questions, the more someone plays devil's advocate, the better off you are. You will be able to see any problems in your thinking. Tonight: See what is offered.

SCORPIO (Oct. 23-Nov. 21)
 ***** Take a hint, and know when to back off. There is a point where you and others will have had enough. You could be worn caught up in a power play. Back off while you can. Tonight: Just don't be alone. Visit. Catch up on news.

SAGITTARIUS (Nov. 22-Dec. 21)
 ***** Maintain your focus on the big picture. You might be wondering if you can keep up this hectic pace. You take a stand. Explain where you are coming from. Listen to feedback. Tonight: Focus on what must be done.

CAPRICORN (Dec. 22-Jan. 19)
 ***** Your creativity comes through when a jam appears. A boss or someone you care about could challenge you. A partner develops a major chip on his or her shoulder. Tonight: A must appearance.

AQUARIUS (Jan. 20-Feb. 18)
 ***** Stay centered, knowing full well what you want. You could be tired and drawn. Understand what is happening within your immediate circle. You might want to pull back or distance yourself from a difficult situation. Tonight: Happy to be home.

PISCES (Feb. 19-March 20)
 ***** Keep reaching out for others. You might want to rethink a relationship. You might be in a phase where you are both changing. You could become closer once more. Perhaps you have pushed too hard. Tonight: Have a long-overdue chat.
