HOROSCOPES

By Jacqueline Bigar

HAPPY BIRTHDAY for Tuesday, Aug. 10, 2010. This year, you express unusual creativity and direction. Many people want to be close to you. What they don't realize is how easily you feel suffocated. A partner or associate might not know what is important to share, often making a situation more difficult than necessary. If you are single, curb a tendency to be too interested. Be more aware of where a partner is coming from. Imagine being him or her. If you are attached, let your success assume a greater role in your interactions. Your relationship will become more rewarding. VIRGO can and will fuss!

The Stars Show the Kind of Day You'll Have:
5-Dynamic; 4-Positive; 3-Average; 2-Soso; 1-Difficult

ARIES (March 21-April 19)
*** Clearly, you would prefer to network and socialize. Work, unfortunately, becomes more demanding than you realized. You might opt to work quite late. A boss will be pleased by your diligence and follow-through. Tonight: Burning the candle at both ends.
TAURUS (April 20-May 20)
*** Getting into the groove this week has been difficult. You could think of many better activities to do. Clearly, as the day closes out, you see the importance of getting certain projects cleared out. Tonight: Plug in your imagination.
GEMINI (May 21-June 20)
*** Return calls. Keep teaching out for others. You could be overly exhausted and wondering when enough is enough. Ask and answer that question. A call could trigger your imagination. You will have a hard time landing. Tonight: Head home.
CANCER (June 21-July 22)
*** Use care with your finances. A partner could make an opportunity so appealing that you might not be able to say no. Stop. Make decisions for your well-being, not to please others. You don't need to hang yourself any damage. Tonight: Cause with a friend or two.
*** Maintain a high focus on the issues in meetings and in conversations. You might wonder if someone is intentionally "out there." You know how to draw this person in. A conversation in the daylight hours could be important. Tonight: Vanish while you can. Don't get caught up in a conversation.
SCORPIO (Oct. 23-Nov. 21)
*** Take the lead right now. Others will follow your ideas and actions. Be careful dealing with a family member who often taunts you. This person might be giving you only a partial story, leaving out facts intentionally! Tonight: Where your friends are.
SAGITTARIUS (Nov. 22-Dec. 21)
*** Don't be hard on yourself if you are having a problem settling in. Your overactive imagination distracts you from the here and now. Follow your sixth sense, which seems to kick in frequently. Tonight: Working late.
CAPRICORN (Dec. 22-Jan. 19)
*** Work with associates on a one-on-one level if you want to accomplish as much as possible. Be careful with your spending, as well as anyone else's budget that you might be involved with. Tonight: Hop in the car, take a drive. A walk will work, too.
AQUARIUS (Jan. 20-Feb. 18)
*** Others want and perhaps need to dominate. You really don't have a problem going along for the ride. You might let some of your more creative ideas flow. One-on-one relating will be highlighted later in the day. Tonight: Dinner for two. Visit over a leisurely meal.
PISCES (Feb. 19-March 20)
*** Dig right into a project or your to-do list. You could be overwhelmed by another person's requests. You also could have difficulty staying present in the moment. Try to discipline your mind until later. Tonight: So many invitations and so much to do.
