BLOODLESS BATTLES.

Did Not Lose a Man.

The battle of Futtehpore, one of four fights in eight days, in the midst of a British force is concerned absolutely bloodless, and Havelock's classical "order of the day" puts the fact on record

In one of the battles against Akbar Khan in Afghanistan the result was almost equaly surprising. It was the punitive expedition of 1842 after the massacre at Kabul and the horrible retreat from which only Dr. Brydon es- CLAIMED TO BE U. S. CITIZEN caped. This battle made up somewhat for the frightful disaster, for the victory could not have been more com-

The Afghans were driven headlong into the river, and camp, baggage, artillery, horses, standards and arms of every kind were captured, together with abundant ammunition and provisions, while Akbar fled. Yet the British only had ten killed.

Case Will Go Higher.

Washington, June 4 .- The depart ment of justice received the announcement of the decision in the steel corporation case with dismay. The case will, of course, be carried up to the United States supreme court.

Officials of the department of justice did not hesitate to say that in their opinion the Sherman anti-trust law practically will be relegated to the category of a dead letter statute if the decision handed down by the recent decisions in big anti-trust cases are sustained by the supreme court.

The suit against the steel corporation was one of the most important ever brought under the Sherman act. Department of justice officials contend that on the outcome of this and other anti-trust cases which are now pending on appeal will depend the future success of the enforcement of the handed down at Trenton and others recently delivered against the government are sustained the enforcement of the law in the way which the department of justice deems necessary in order to obtain practical results will be almost impossible.

STOVE WRECKED BY BEANS.

1 STATE ST., NEW YORK

Forgotten In Oven, They Explode and Bombard Kitchen Walls.

An explosion shook the Sixth ward in Auburn, N. Y., and brought scores of persons to the home of William E. Bills, 62 Lansing street. Members of the family were gathering up the scrap iron that represented the family range, and the walls and furnishings of the kitchen looked as if they had been the target for hundreds of small bullets.

Mrs. Bills explained that she had placed a quart can of beans in the oven and had forgotten them. She was reminded of it by the explosion and the bean bombardment that came with it.

Once Laborer, Now a President. At a meeting of the directors of the Yale & Towne company, a large hardware manufacturing company of Stanford, Conn., Walter C. Allen, who has been employed by the company for the past twenty-three years and who has advanced himself by stages, was elected president in the place of Henry R. Towne, who retires after forty-six years in that position. Mr. Towne was made chairman of the board of

tendency of hot air to deposit its dust on cold surfaces, and the colder the surface the weaker the power of resistance. So where the laths protect the plaster from the cold outside the plaster receives less deposit of dust
