

**HUGE G. O. P. ANIMALIC SYMBOL, HAPPILY DOCILE; WILL PARTY AID WOMEN?**

Here are shown Miss Julia Powers, seated on elephant's head, and Miss Portia Willis at the side. These suffragists are rehearsing "Jennie," the elephant for the part she will play in Chicago when suffragists parade as an appeal for the insertion of a plank in the Republican platform.

**STATE WOMEN WILL MARCH IN CHICAGO SUFFRAGE PARADE**

Special Trains Will Carry Pennsylvania Delegates—40,000 Will Be in Yellow Line.

In charge of Miss Ethel Austin Shrigley of Landsdowne, special trains bearing Pennsylvania suffragists from the eastern and western parts of the state will leave Philadelphia and Pittsburgh, June 5, for Chicago, where they will participate in the suffrage parade June 7, in which large delegations from throughout the country, aggregating 40,000 women, will march.

Miss Ethel Austin Shrigley

The object of the parade is to influence the Republican convention to insert a suffrage plank in the platform it adopts. Clad in yellow and white, the 40,000 women will parade to the Chicago Coliseum where the Republican delegates will be in convention. In line, as a feature, will be a living C. O. P. symbol. This will be "Jennie," a huge elephant already amenable to the directions of two suffragists, who will drive her. "Jennie" is to be a "hint" to the Republican Party that the 40,000 women with her expect the delegates to "march along" progressively, also.

In charge of train reservations in the eastern part of the state is Mrs. George A. Dunning of 1723 Chestnut street, Philadelphia. In western Pennsylvania, Mrs. H. Talbot Peterson of 5551 Columbo street, Pittsburgh, will

**ROOSEVELT ANNOUNCES AS "OUT-AND-OUTER;" CHEERS SUFFRAGISTS**

As an "out and outer" for nationwide woman suffrage—one who has been and may again be President of the United States, takes his stand. He is Theodore Roosevelt and, herewith, rings his appeal for "Truer Nationalism—Voting Not Abridged on Account of Sex."

I believe that the time has come for a greater and truer nationalism in this country. I believe in the nationalization of the issues which affect not only men, but women also.

I, therefore, heartily indorse any Federal amendment which shall substantially provide:

That the right of the citizen of the United States to vote shall not be denied or abridged by the United States on account of sex.

"Former President Roosevelt's announcement is particularly gratifying," the Pennsylvania State Suffrage president, Mrs. George B. Or lady, said at Harrisburg, when she received the news, because it shows that at least one man of presidential timber is fearless enough, progressive enough to stand for what he and all other leaders know truly is the "truer nationalism," a nationalism that bars no one from the ballot because of sex—a nationalism that gives every person a voice in the government that governs women as well as men.

be in charge of the delegates' train and arrange reservations.

Arrangements also are being made for a suffrage "Walkless Parade" in St. Louis, June 14, in an effort to have the Democratic convention put a woman suffrage plank in its platform. Instead of parading as in Chicago, 40,000 women will line the streets from the big hotels to the Democratic convention hall.

**PHILADELPHIA SUFFRAGISTS USE THE METHOD POETIC**

In their appeal for support in their movement to secure the insertion of a woman suffrage plank in the Republican Party platform in Chicago, June 7, the women of Philadelphia have adopted the method poetic.

Distributing May Day flowers May 1, the suffragists of the eastern part of the state called at the home of each prospective delegate to the Chicago convention, left a bouquet, a yellow plank, nine inches long, bearing the inscription, "Woman Suffrage Party of Pennsylvania," and the following poem:

**MAY DAY GREETINGS!**

We're told your heart is kind and mellow—  
We're sure you are a right good fellow;  
We'll see you're thanked  
If your Platform's planked  
With a strip of Suffrage yellow.

When next you go to legislate  
As you would wish to serve the State—  
Place Equal Suffrage on the roll;  
Let Women have their Votes to poll  
So Justice heads your campaign slate.

—From the Suffrage Side of Your Constituency.

FOR the man who wants a world-beater Big Twin embodying the greatest and BEST of all mechanical perfections, speed, power, cleanliness, quietness—the 1916

**Indian with Powerplus Motor**  
Here's a stock motor that does 70 miles an hour; that's gone out and showed its pedigree by hanging world's records so high and so consistently that they can't be touched by anything else of its kind—unless another stock Powerplus goes after 'em.

The fellow who rides an Indian Powerplus leads—never has to take the dust of anything that runs on two wheels. He rides the BEST motorcycle—and proves it!

Then there's the man who wants plenty of speed, power and huskiness but not too much of either; who wants simplicity; who wants a lightweight motorcycle—not a motor-bicycle—at a moderate price. For him—the

**Glass Solvent.**  
Hydrofluoric acid is an acid compound of hydrogen and fluorine. It may be prepared by the action of sulphuric acid upon cryolite in an appropriate apparatus made of lead or platinum. It may thus be readily obtained in a liquid form and is colorless. Its vapors are exceedingly poisonous, and the liquid itself, even when mixed with more or less water, causes severe swellings on the skin. Great care must therefore be taken in working with this acid. Hydrofluoric acid dissolves glass, forming hydrofluosilicic acid with its silica; hence its use for making etchings on glass.—Exchange.

**Cats' Eyes.**  
As showing how widely the permanently blue eyes of cats differ from other eyes it is noted that immediately the eyes of white cats that are to have permanently blue eyes open they shine bright red in the dark, and neither the ephemeral kitten blue nor any other colored eye does this.—San Francisco Chronicle.

**Has the Habit.**  
"Is she a bride?"  
"An inveterate one."—Louisville Courier-Journal.

**Father of Astronomy.**  
Hipparchus, the father of astronomy, established the fact of the precession of the equinoxes—that is, that the sun crosses the equator about one minute farther westward each year—150 years before Christ was born, and it is consequently believed that he knew the earth was spherical in form. He catalogued 1,000 stars and invented an instrument for calculating latitude and longitude.

**As Good as New.**  
The Browns were always on the outs. High words were heard coming from their flat one day, and a neighbor said: "Oh, dear, have the Browns had a new quarrel?"  
"No," answered another neighbor, "but they've patched up the old one till it's as good as new."
