That's the way your check is stamped when your bank allowance gives out. Every good business man takes care

WALL ST. WOMEN

"Silk Stocking, Poodle Dog Brigade" Off to Invade West.

MAKES SUFFRAGE PRETENSE.

Many Members of Party Traveling on Train de Luxe Repudiated by Leaders of Women's Movement - Paid Speakers to Do the Talking For

Wall Street is too busy harvesting Democratic prosperity to go campaign ing-but it is sending its womenfolk. The greatest aggregation of wealth and social distinction ever represented by fuss, feathers and femininity left New York Monday, Oct. 2, by special train de luxe, to tell their sisters of the West how they should vote. Many of these women, claiming to be equal suffrage workers, are repudiated by leaders of that movement.

Stopping at Albany, Utica and Syra cuse on their first day, the itinerary takes the women's campaign train through the principal cities of the north route across the continent and brings them back through Colorado Nebraska, Missouri and Kentucky, s tour lasting until Nov. 4. The expenses are paid by and the tour is conducted under the auspices of the Women's Committee of the National Hughes Al-Hance.

"Women's Hughes Alliance" sounds innocent and harmless enough until one examines the personnel of the organization and discovers that it repre sents the feminine side of the organized and Morganized wealth of Wall Street

The treasurer of the Women's Committee is Mrs. Mary Harriman Rum sey, daughter of the late Edward H. Harriman, railroad magnate and "practical man" of the days when Theodore Roosevelt received campaign funds litical exigencies later led him to de-

With Mrs. Rumsey on the Finance Committee are Mrs. Robert Bacon, whose husband was translated from the "House of Morgan" to be Roosenard H. Ridder, wife of one of the proagainst President Wilson; Mrs. W. H.

Mrs Daniel Gugganheim of the Smel. ter Trust; Mrs. Cornelius Vanderbilt. representing inherited millions of railroad capital; Mrs. Harry Payne Whitney, daughter of the late Cornelius Vanderbilt; Miss Maude Wetmore, of the wealthy Rhode Island family of that name; Mrs. Alice Roosevelt Longworth, daughter of Theodore Roosevelt, whose husband is Nicholas Longworth. Representative in Congress from Ohio.

Many of the junketers who are going along to do the speaking are professional women who have won their own way in the world-women who could not afford the luxury of special trains nor the diversion of campaigning without pay. But back of them, with their money and the glamour that attaches to their gilded names, are the women standing as financial sponsors for this greatest society show that was ever put on wheels. Some of these wives and daughters of the super-rich will go along on this mission, and with their presence, if not with their oratory, will warn the women of the West-who are already voters-that their country cannot be "saved" unless the women cast their vote for the candidate of plutocracy.

The letterhead from Republican campaign headquarters gives only the names of the Train Fund Committee as above, but besides them there is an additional committee in charge of this feature of the Hughes campaign.

Others In on the Junket. On this committee appear, in addition to the foregoing members, the following:

Mrs. E. T. Stotesbury, whose husband is a Philadelphia partner of J. P. Morgan & Co.; Mrs. H. O. Havemeyer, wife of the Sugar Trust and Standard Oil magnate; Mrs. Phoebe Hearst, mother of William Randolph Hearst, owner of millions in American mines and Mexican plantations; Mrs. O. H. P. Belmont, who has undertaken to raise half a million dollars to defeat President Wilson; Mrs. John Hays Hammond, wife of the multi-millionaire mining man; Mrs. Mary Dreier, New York society leader, of a wealthy German family with strong antipathy to President Wilson.

A leading attorney of Pocatello, Ida. writing to the Democratic National Committee, says:

"I read with deep interest of the preparations of the Silk Stocking, Poodle Dog Feminine Brigade that is soon to start on its million dollar special across the continent, to awaken the enthusiasm of the mothers and women who carry the burden of our national greatness on their shoulders, to vote for their idol, Hughes. "It will not be difficult for the rank

and file of the common people to see the hypocrisy of this movement, fostered by an element whose sacrilegious fingers are dripping with the fat and sweat that has been wrung from the lives of thousands, of toilers during the half-century of Republican control of this government."

Gums and Health. Two drops of camphor on your toothbrush will give your mouth the freshest, cleanest feeling imaginable, will make your gums rosy and absolutely prevent anything like cold sores or affections of the tongue. The gums, by the way, are barometers of your condition. If they are clear. bright red, you are in good realth, while if your blood is thin and wanting in the mysterious red corpuscles that make one healthy, the gums will be pale pink, or if you are in a very had way, indeed, and much in need of a course of dialyzed iron, they will be almost white .- Leonard Keene Hirshberg.
