OUR FLAG

The Aim of the Foreign Language Papers of America

TO HELP PRESERVE THE IDEALS AND SACRED TRADITIONS OF THIS, OUR ADOPTED COUNTRY, THE UNITED STATES OF AMERICA; TO REVERE ITS LAWS AND INSPIRE OTHERS TO OBEY THEM; TO STRIVE UNCEASINGLY TO QUICKEN THE PUBLIC'S SENSE OF CIVIC DUTY; IN ALL WAYS TO AID IN MAKING THIS COUNTRY GREATER AND BETTER THAN WE FOUND IT.

BOARD FOR WAR METALS.

Members to Deal With Supply of Brass and Aluminum.

Washington.—To deal with problems of brass and aluminum supply for the army and navy the Council of National Defense created two committees to act in conjunction with the raw materials committee of the Civilian Advisory Commission. The two new committees are expected to bring highly valuable technical information to the army and navy. Committees to deal with other raw materials vital to the conduct of the war are being formed and will be announced later.

The two committees announced follow:

Brass—Charles F. Brooker and C. D. Goss, Waterbury, Conn.; Lewis H. Jones, Detroit; Barton Hazelton, Rome, N. Y., and F. J. Kingsbury, Bridgeport, Conn.

Aluminum—Arthur F. Davis, New York; E. E. Allyn, Cleveland, and Joseph A. Janney, Philadelphia.

JAIL DE LUXE, BUT EMPTY.

Westchester Offers Marble Baths, Etc., but Can't Get Convicts.

New York.—V. Everit Macy, multi-millionaire commissioner of correction of Westchester county, has taken over the new penitentiary de luxe at East View, but he cannot get any prisoners to fill it.

There are plenty of Westchester men serving sentences—200, in fact—but they were committed to Blackwell's Island for their full terms, and there seems no legal way to transfer them. New York would like to let go of them, but can't. Mr. Macy needs at least forty at once or there will be no garden truck in the summer, there being no one to plant the garden.

The prison has marble shower baths, writing desks, real linen for the tables and pretty much all the comforts of home except freedom.

A Low Down Swindle.

"My wife," said Mr. Clark, "sent \$2 in answer to an advertisement of a simple method of getting rid of superfluous fat."

"Was the information what she wanted?" asked Mr. Simmons.

"Well, she got a reply telling her to sell it to the soap man."—Pittsburgh Chronicle.

Not Too Blind.

Passerby—I thought you were blind. Mendicant—Well, sir, times is so hard and competition is so great that even a blind man has to keep his eyes open nowadays if he wants to do any business at all.

Effect of Plant Foods.

Potash aids in the formation of starch in the grain, strengthens the stalk and encourages healthy growth.

Nitrogen hastens stalk and leaf growth, lengthens the season of growth and gives the plant a quick start.

Phosphoric acid helps fill the grain, improves the quality and hastens maturity.—New York Sun.

Winged Creatures.

"Is your wife trying to make a social butterfly of you?"

"No," replied Mr. Cumrox. "I don't stand any chance of being a winged creature of airy grace. If you want to classify me you'll have to get away from the insects and try the birds. I'm the goose that lays the golden eggs."—Washington Star.

Buttermilk For Erysipelas.

A communication by Arnold in the Practitioner recommends buttermilk highly as an application for erysipelas. Whatever the stage of the disease, he says, the spread of the infection is immediately checked, the pain disappears and the whole morbid process is immediately checked when buttermilk is used locally.

The factory output of sausage in the United States is worth \$60,000,000 annually.

One of the native tribes in the Philippines produces fire by rapidly compressing air in a sort of syringe.

Singapore motion picture theaters have cheaper seats behind the screens for poorer class natives.

"Dalla Fronte"

Si, questo vestito sembra tanto buono "dalla fronte" come dal di dietro. Ma questa non è l'idea principale della nostra intestazione; molti dei nostri imponenti ed eleganti abiti hanno qualche cosa che fanno ricorrere all'idea militare "dalla fronte." Notate le linee ben definite, il libero e facile effetto delle spalle.
