

Simply a few pulls on its chain and the heaviest car is raised or lowered without danger and without exertion.

Every motorist has dreaded using the ordinary jack—an unpleasant operation, to say the least, and constantly fraught with danger and much tiresome work. Now all the unpleasant, disagreeable features have been entirely eliminated by the Weed Chain-Jack. With it, whether raising or lowering the car, you are always out of harm's way—No knocking of head, or soiling of clothes against springs or other projections—No skinning of knuckles or flying up of a "handle"—No chance of the car coming down, often resulting in serious bodily injury—Ininitely easier to operate than any jack on the market.

To operate a Weed Chain-Jack it is not necessary to get down in a cramped, strained position and grovel in mud, grease or dust under a car to work a "handle" that is apt to fly up, with unpleasant result. To lift a car with the Weed Chain-Jack, simply give a few pulls on its endless chain while you stand erect—clear from springs, tire carriers and other projections. To lower a car pull the chain in opposite direction. Up or down—there's no labor.

Once in place you never have to touch a Weed Chain-Jack. You do not have to crawl underneath to either raise or lower the car and after the car is lowered, you haul the jack out from under the car by the chain. Much superior in safety, economy, utility, simplicity and construction.

You will never be satisfied with any other if once you use a

Weed Chain-Jack

Powerful—Safe—Easily Operated

Has a strong cap, providing the kind of support from which an axle will not slip, while a broad base prevents the jack from upsetting on uneven roads. Every Weed Chain-Jack is submitted to a lifting test and will support over twice the weight it is ever required to lift. Never gets out of order. Gears and chain wheels protected by a stamped-steel housing. Chain heavily plated to prevent rusting.

SQUAD OF PIGS THAT DRILL.

After Few Lessons They Go Through Military Evolutions Alone.

Belchertown, Mass.—Jack Newman of this town has organized his piggery according to the infantry drill regulations. From 100 pigs he picked a squad of thirty-two.

Every morning before breakfast for two weeks these thirty-two pigs followed their drill master around the edge of the field, just inside the wire, and paraded across the center. Then Newman purposely delayed his appearance and found that the pigs went through their usual evolutions alone.

Redlands, Cal.—Mrs. Winthrop Howland of the El Chivar Goat ranch in Live Oak canyon came out victor in a battle with a golden eagle, and the big bird is now a captive at the ranch. Mrs. Howland noticed the bird alight in a peach tree. It appeared to be exhausted, so she grabbed one leg and then the battle started.
