### Knife Superstitions.

The various knife superstitions are easily explained. It is unlucky to give Have you a little blank book which a knife to a friend, because knives tune, also recalling the Christian symbol of suffering.

# Welcome Punishment.

Ruth was very fond of going to her watches have to be wound every day, grandmother's. One day after she had an electrical apparatus has been in- been playing with her little baby sisstalled to do the winding. It does the ter a little roughly and her mother had work more efficiently than human reproved her for it, she said: "Why hands can, and takes the place of sev- don't you send me to grandma's, so I

## Holland's Windmills.

It was at one time stated that there were in Holland at least 9,900 large windmills, of which the sails ranged from 60 to 100 feet long. At that time their yearly cost was reported to be nearly \$10,000,000. The mills are used for many purposes-for sawing timber, beating hemp, grinding, but their prin- tonio, Tex., was upturned by workmen cipal use has always been to pump water from the lowlands into the canals, has a three-foot turning blade capable to protect the little country from be- of making a three-foot furrow, and aling inundated.

#### Production of Leghorns.

The average production of eggs by hens of all kinds and ages in the United States is 85. Unselected White of oxen. Leghorns, however, produce an average of 130 eggs for the first year, 120 Every evil tendency in childhood for the second, 110 for the third, 85 must finally be conquered, not by force for the fourth, and fall off about ten vation of a higher tendency. The good ures are from a bulletin of the Utah been slowly organized to act upon his production be low, the second will be good impulses and to restrain his evil high and vice versa, the total producones. There is a thief or a robber in tion for three years being about the

# "Gassing" Moles.

A Western farmer is "gassing" moles by using the gases from the exhaust of his motor, conveying it to the moles' burrows by a hose. It kills the pests.

#### Next!

Courtney was making his first acquaintance with a cat. After examining the ears, nose, claws, and tail, he turned his attention to the mustache of Mr. Cat. After a silent and thoughtful inspection he looked up and said, "Aunty, do he shave?"

#### An Old-Time Plow.

An old-time plow, probably used by the early Spaniards around San Anof a construction company. The plow though the wooden handles have rotted away the size of the iron supports indicates the plow must have been about twelve feet in length. It is believed the old instrument was used by the early Spaniards with several yoke

Not Including Meanness. The average human body, besides the carbon, hydrogen, oxygen and nitrogen of which it is chiefly composed, contains 234 pounds of lime, 1 pound of this country. 11 ounces of phosphorus, 2 2-3 ounces of potash, 21/2 ounces of sodium, 1 3-5 ounces each of magnesium, sulphur and silica and about one-sixth of an ounce

of iron.
