

"A great net of mercy drawn through
an ocean of unspeakable pain"

How Was the Last War Fund Spent?

IT is a fair question—and it is fairly answered in the detailed and itemized reports that have been published in the newspapers of every town and city of the land.

You never saw it? Then ask at the nearest Red Cross Chapter, or write, for the Red Cross wants you to know where your money went.

They say that Red Cross supplies have a way of coming through on time.

Italy surely has found us not wanting in promptness when her great trial came.

And Roumania—they said no allied nation could get through to help her dire need.

But the Red Cross *found a way*.

It's not always a cheap way—"Needs must" costs money. But did you give that money *to be saved*—or *to save* lives? Are you not willing to pay five dollars or *fifty* to bring something of comfort to a war racked, tortured mortal who but for you would surely die?

And of one thing you may be sure. *Not one penny of that Hundred Million has gone for anything but War Relief.*

In the Red Cross there is no high salaried bureaucracy, no extravagant administration expense. All of the higher officials and nine-tenths of the workers are unpaid volunteers.

The cost of raising and collecting the last War Fund was about one-half of one per cent., more than covered by the banking interest on the money.

Your Red Cross needs another hundred million to lighten just a little of the awful load of misery "over there." Your share is all that you can give—and then a little more.

Will you hold up your end?

Production of Leghorns.

The average production of eggs by hens of all kinds and ages in the United States is 85. Unselected White Leghorns, however, produce an average of 130 eggs for the first year, 120 for the second, 110 for the third, 85 for the fourth, and fall off about ten a year up to the eighth. These figures are from a bulletin of the Utah experiment station. If the first year production be low, the second will be high and vice versa, the total production for three years being about the same.

Knife Superstitions.

The various knife superstitions are easily explained. It is unlucky to give a knife to a friend, because knives sever things, and might sever friendship; but if he gives you a halfpenny in return the danger is avoided, for his gift is a token of continued affection. It is unlucky to place one's knife and fork crosswise on an empty plate, because it invites crosses and misfortune, also recalling the Christian symbol of suffering.

Dolly Dillon.

Dolly Dillon, denouncing dawdlers, disdained dashing Dick Dereritt, debonair dancer. Dick, despairing, defied decorum, dug ditches daily, duly demonstrating devotion. Dolly, delighted, discarded derision, discontinued disparagements. Dick's diamond decorates Dolly's dainty digit.—Christian Register.
