

Spectre Seeing.

Of all the impositions which have vexed mankind none has been more zealously supported than a belief in the reality of spectral appearances. Ridiculous as the belief may seem to those who view the subject philosophically, yet the large number of well-informed persons who give credence to tales of apparitions, ghosts, &c., entitles it to serious consideration. All such phenomena depend on the connexion of the mind with two of the senses, viz: seeing and hearing.

AFTER many years' close investigation and numerous experiments, the Patentee has arrived at the true principles of protecting families, dwellings and property from the destructive influence of Lightning. The calculations that every City, Town, Village and Country falls victim to annually, through the gross negligence of its inhabitants, is beyond calculation, especially when the remedy is so easy to obtain—this is found in Armitage's Patent Magnetic Lightning Rods, and in this alone. This Rod has been examined by the most scientific gentlemen in the world—Professors McMurtrie, Johnson, Walker and many others that have examined them, recommend and speak of them in the highest terms of approbation, and have pronounced them the only safe rods in use in this or any other country, for the protection of Lives and Property. One advantage is to divide and throw back a part of the electric fluid harmless to the clouds; in time of a stroke this enables the rod to conduct that portion of fluid that belongs to the earth without the slightest danger of leaving the conductor. This rod has many other advantages over the old one. The only place of manufacturing is in Pine St., 3 doors above Duell's, Philadelphia, where all persons are respectfully invited to call and examine for themselves. For sale Wholesale and Retail by THOS. ARMITAGE. Satisfactory recommendations can be seen by calling on the subscriber. All rods warranted. SAMUEL HOOPER, Hartlet, Union Co., Pa.
