calculation, especially when the remedy is so easy to obtain-this is found in Armitage's Patent Magnetic Lightning Rods, and in this alone. This Rod has been examined by the most scientific gentlemen in the world-Professors M'Muttric, Johnson, Wallor and many others that have examined them, recommend and speak of them in the highest terms of approbation, and have pronounced them the only safe rods in use in this or any other country, for the protection of Lives and Property .----One advantage is to divide and throw back a part of the electric fluid harmless to the clouds; in time of a stroke this enables the .rod to con-. duct that portion of fluid that belongs to the. earth without the slightest danger of leaving the conductor. This rod has many other advantages over the old one. The only place of manufacturing is in Vine St., 3 doors above Twelfth, Philadelphia, where all persons are
