Milnwood Academy will re-open in May next.

Indebtedness of Huntingdon county.

Herald of Pennmanship.

An interesting revival of religion is being enjoyed in the Presbyterian and Baptist Churches in this place.

Rev. STELL of the Baptist Church, has been assisted for several days by Rev. NICHOLS of Montgomery county, and on Sabbath last nine persons were baptized.

It is expected that several more will be baptized on next Sabbath. Mr. McLEAN of the Presbyterian Church, has been assisted by Rev. STERRITT of McVeytown, and Rev. THOMPSON, of Juniata county.

On last Sabbath some ten or twelve members were added to the Church, and the prospects of a greater number being added are very promising.

The Improved Lard Lamps.

Some three weeks since Mr. Geo. W. CORNELIUS left with us for trial, one of the improved lard lamps he is now manufacturing and offering to the citizens of Huntingdon county.

The trial has satisfied us that we have had a better and safer light in our office, and at half the expense, during the past three weeks, than we ever had before.

All orders for the lamps will be promptly attended to by addressing Mr. CORNELIUS at Orbisonia, Hunt. co. Pa.

THE FOREIGN NEWS.—The latest foreign arrival was at New York on Friday last.

The most important feature of the news is the resignation of Lord John Russell from the British ministry.

The affairs before Sebastopol were unchanged. The British army is said to be in a wretched state from mismanagement.

Menchikoff, it is reported has said: "Our troops may rest, Generals January, February, and March, will fight our battles far better than we can."

Pennsylvania Railroad Company.

At an election held in Philadelphia on Monday of last week, the following gentlemen were unanimously chosen Directors of the Pennsylvania railroad company for the ensuing year.

The board is one of great strength and character, and calculated to afford very general satisfaction.—J. EDGAR THOMPSON; C. E. SPANGLER, GEORGE W. CARPENTER, WASHINGTON BUTCHER, JOHN YARROW, WM. R. THOMPSON, JOHN FARNUM, and Wm. NEAL.

LOCALS.—Sleighting and sledding has been fine for some time past.

No scarcity of fuel, as quite an unusual quantity of coal of an excellent quality has been sledded to town from beyond Cassville.

No poor people suffering for the staff of life.

The large boys somewhat reformed.—The juveniles as mischievously inclined as ever.

The boys and girls go sleighing and return with their ears slightly nipped.

The farmers are busy sledding in their wheat and unloading at J. & W. Saxtons' depot—cross over and pay up arrears, or have their names entered for the Globe.

A number of gentlemanly mechanics are now here, and as soon as the weather will permit, the new bridge to cross the Juniata river for the accommodation of the Broad Top Company, will go up on a rush.

Our out barrel has been empty since last winter—a mess at any time will be thankfully received.

The "Standing Stone" establishment has been purchased by a Mr. Snyder of Lewisport, and is to be removed to Altoona, Blair county.

Jobbing neatly and expeditiously executed at this office.—A mess of two of turnips will be accepted if immediately delivered, and no questions asked.

P. S.—The snow commenced disappearing yesterday—no exciting demand for sleds this morning.

BIRDS OF A FEATHER FLOCK TOGETHER.—On Thursday last in the House of Representatives, some sixty gentlemen were put in nomination for United States Senator.

Among the number we notice the name of our townsman John Williamson, Esq., nominated by Geo. Leas.

What a pretty party a few of our leading Democrats have got into. "Sam" is a flashy fellow, and no mistake.

WHAT'S UP?—We see in the House proceedings of Thursday last, that "Mr. Leas read, in place of a bill relating to the borough of Huntingdon."

What kind of Legislation is our borough asking for? Is "Sam" about?

Col. A. K. McClure, of the Chambersburg Whig, has been appointed by Gov. Pollock to the post of Superintendent of Public Printing.

THOMAS E. ORRISON has been appointed Post Master at Orbisonia, in place of James P. Forbis, resigned.

Gov. BRIDGER has been elected President of the Sunbury and Erie Railroad company at a salary of \$4,000.

FROM HARRISBURG.

HARRISBURG, Feb. 9, 1855.

Editor "Huntingdon Globe"—

Believing that an occasional line from the seat of government may not be uninteresting to your numerous readers, I have determined to write you a few leisure moments by writing a short letter by way of giving you the news of the day.

Although the Legislature has been in session for more than a month, yet such is the true character of the Know-Nothing Legislature, that so far as I know, not a single act of a public or general nature has been matured.

The truth is, that the choice of a United States Senator has, and still does, absorb everything else.

Next Tuesday will tell the tale on this subject, when that interesting individual called "Sam," will roll up his sleeves and display his brawny arm in behalf of his favorite for the office of United States Senator.

It used to be said that it would take a Philadelphia lawyer to unravel a difficult problem, but I am inclined to think that a Philadelphia lawyer with all his fabled astuteness would be woefully at fault if called upon to say who will be United States Senator.

The aspirants for the important post of United States Senator are numerous enough God knows, and I am inclined to believe, that those who must, and most undoubtedly will be disappointed, when the election does take place, will feel so sore about the region of the liver, that for a few days it will be wise to give them a wide berth.

Many are the speculations as to who will be elected, but I am of the opinion that Gen. Cameron will be the man.

The present Secretary of State under Governor Pollock, is one of the would-be Senators, but what his chances are I cannot say.

But upon this subject I feel very much as the Scotchman did in the fight, when he saw the parties engaged in a most bloody and determined battle, he threw up his hands, exclaiming, "among ye be it."

The Governor has made a few appointments at last, and among the rest, Thos. Jefferson Power, of Beaver county, to the office of Adjutant General.

Mr. Power has always been esteemed a good Democrat, till the spirit of Know-Nothingism visited the land, which caught him like many others of weak nerves, and he succumbed and became a willing convert to the tenets of the new Order.

He has succeeded in obtaining a post although of secondary importance, in which I trust he will have a good time of it.

It may well be said that politics make strange bedfellows, but these new converts, of the immaculate Order, should not forget, that the who lies down with dogs must get up with fleas.

I know Gen. Power well.—He is a clever fellow—and whilst I regret his desertion from the faith of his fathers, I still hope he may live to see the error of his ways—turn to his first love in due time, and do his first works over again.

In due season you shall hear from me again, when I will try to keep you and your readers advised of all that passes.

Yours, &c. VERETAS.

HARRISBURG, Feb. 13.

Editor "Huntingdon Globe"—

Harrisburg has been crowded for several days, by persons interested in the election of the United States Senator.

The Know-Nothing members of the Legislature met in caucus in the East Committee Room on last Friday night and had six balloting before a choice for U. S. Senator was made.

On the 5th ballot Gen. Cameron had 46 votes, Deputy Secretary Curtin 40, scattering 6.

At this stage of the proceedings a number of the members withdrew.

On the 6th ballot Gen. Cameron had 44 votes, Curtin 11, and Henry M. Fuller 2.

Cameron was then declared the nominee of the caucus.

No Election of United States Senator.

Both Houses met in Convention this afternoon for the purpose of electing a United States Senator.

On the second ballot Gen. Cameron received 59 votes, C. R. Buckalew 28, J. Pringle Jones 11, scattering 31, necessary for an election 66.

A motion was then made to adjourn to meet this day two weeks, which was agreed to, yeas 67, nays 64.

The Convention then adjourned till Tuesday the 27th inst.

Yours, &c. M.

Sale of Personal Property.

The Posttown Ledger very appropriately remarks, that years ago it was most customary for all classes of citizens to visit the stores, taverns or shops, to learn the news and have a little social converse, evenings and rainy days.

The change of habits consequent upon the increase of population, and the general spread of newspapers has very materially altered this order of things.

Now people look to the newspaper to bring the information to their houses which formerly was obtained at the Cross roads, or at some place of public resort, by a written or printed bill.

Particularly are the sales of real estate, and personal property, considered worthy of newspaper publication.

Experience has demonstrated, that one additional bidder at a sale of personal property often pays all the cost of publication many times over.

The custom of publishing these sales in the newspaper, is not generally appreciated so fully as it deserves to be, but it is rapidly growing into favor.

Printed landbills (and some times written ones, which attract but little attention) are made to answer the purpose.

At this stage of progress, a handbill and the newspaper each fit an excellent office—both are valuable.

The time is coming fast a pace, when the Newspaper will be chiefly relied upon.

Even now, many people seem to think it an underrating of their presence—those who go but little from home—if a valuable sale is not made known to them through their local paper—while others attend a poorly advertised sale, expecting to "get bargains," because of want of competition among the paucity of bidders.

It is the interest of the seller to have as many buyers as possible; that of the buyer, to have a small number of bidders.

Something New!

Fulton perfected the steamboat; somebody gave the world the railroad and locomotive engine; Morse actualized the electric telegraph.

We have now to announce an invention more important in its results, perhaps, than either of them.—Prof. MACLAURIN, an old and well known teacher of penmanship in this city, has invented and brought to perfection a system by which every person, young or old, may, in a few hours practice, learn to write a free, bold, beautiful and rapid hand-writing—rapid beyond belief.

We have seen a writing-book of the largest size commonly used in schools, written through from beginning to end, in a perfectly uniform and beautiful hand, like copper-plate engraving, in two hours; by a little girl ten years old, after a brief course of instruction. It is a miracle of science and art.

The system is a method of training the muscles, by a series of easy, progressive, and very rapid gymnastic exercises to form the elements and combinations of writing.

There is a set of his instruction-books, with directions, by the aid of which any person may teach himself, and be qualified to teach others; and the cost of the whole system, for SELF-Instruction, with pens and writing-books complete sent by mail, post paid, is only One Dollar.

We have examined the system and its results; we have conversed with the Inventor, and seen the testimonials of the best Teachers and most eminent Educationists of this city, and have no question that this system will supersede every other, and make rapid and beautiful writers as plentiful as they are rare.—New York Leader.

We call the attention of our readers to the advertisement of the above System, in our columns, and to the fact that the Publisher is the respectable, well-established and reliable house of CHARLES B. NORTON.
