We invite attention to several new advertisements in to-days Globe:

An interesting book, by Lippencot, Grambo & Co., Phila.

We wish it to be distinctly understood that Patent Medicine and Jack advertisements will not be published in the GLOBE at hands of men who intrigue in exclusiveany price. The well established character of the Journal gives it a claim to all such patronage, and we hope we may not again be troubled with the offer of it.

Court.

The crowd in attendance at Court is not very great-but still there are more of the people here than should be;-the fact that many are calling with us and giving us 'aid | for the Union, some confidence in truth, and and comfort,' to the contrary notwithstanding.

Thanks to our numerous friends who have already called with us this week, and given evidence in the shape of rocks, that we are still considered one of the pure Democracy. We fear the "some of the most influential leaders in the Democratic party," the Journal spoke of some days ago, are nowhere to be found.

"Rough Sledding." The present publisher of the Journal, Dr.

Brewster, and its late editor, Mr. Glasgow, are into each other just now about a feet, a feet and a half, and some say ten feet. Until we are satisfied that not more than half that is being told by Glasgow is true, we cannot stoop to notice any of the balderbash that has or may appear in the Journal.

COLONELS !- WM. WILLIAMS, of this place, and G. DORSEY GREEN, of Barree Forge, have been appointed aids to the Governor, with the rank of Lieut. Colonels .--Should the Governor, ever need the active services of his Aids, he can count on Col. WILLIAMS being one of the first to answer the first tap of the drum.

We call the attention of all who desire the most lucious and healthy of all fruit, to the genuine Catawba and Isabella Grape Vines, advertised in this paper by Judge Taylor and T. H. Cremer.

Pay Your Postage. The postage on letters, within the United States, must be pre-paid, otherwise they cannot be forwarded. The public should bear this in mind, and save trouble.

Hear Him. The editor of the Lebanon Courier, the only whig paper in that county, it appears from the following, is not very friendly to Know-Nothingism. Indeed, it is gratifying to know that all Whigs have not been swamped in the miry pool of intolerance. Our neighbor of the Journal, at one time, spoke out in equally as strong language, but since then he has been swamped in the miry pool, and now says, that what he said then, was not the "real sentiments of his heart."-But, hear what the editor of the Courier

"They are bound together by secret obliga-gations of the most binding character, and they stop at no means to accomplish their ends. And this is an aristocratic coterie too. They permit no plebeians to scent the air of their secret machinations. The ranks and file must be mere blind followers, swallowing the pills prescribed, without asking ques-tions. The true democracy of Lebanon county, or of any other county, can have no part or lot with such-they have no common interests or sympathy with them, and it is impossible that, when men feel the dignity of their American nationality, they will permit themselves to be mere cats paws in the

ness."

In these times a man need not have slept a fourth of the time that Rip Vanwinkle did. to find strange and more wonderful changes than did that old fellow. A Whig six years ago, would now find himself without a party, without a principle and without a name.-Six years ago, there was in that party some respect for the Constitution, some attachment some principles by which the Whig party were governed. But now all these things are gone; corruption, rottenness, degrading prostitution of truth, flagitious violation of sacred law-all mingle in one common caldron, and boil, and blubber, and fuse, until they stink in the nostrils of all who have any

respect for honesty. We thought that the log-cabin, hard cider and coon-skin times of 1840, were the climax of political Quixotism, that in that campaign folly rose to her maximum, and that men sunk themselves to the lowest depth of political prostitution; but we were mistaken. There was "a lower deep." Federalismnow Know-Nothingism-has found and now

occupies that lower deep. We find the negro-loving abolitionists: the slandering traducer of the foreigner; the organized band of secret conspirators against religious freedom; the intolerant prosecutors of all religions; the pious, whining, canting, professed-disciples of Protestantism and Christianity; the disaffected grumbler at everything, and the mousing unprincipled dem-agogue; all—all united to put down the ancient Democratic party, to usurp the government, and make 'negroes free and white men slaves. This contest has no parallel in ancient or modern times. The confusion of Babel was not more incongruous, the overthrow of Rome by the Goths was not more completely a prostitution of things sacred. than will be the withering and annihilating effect which the success of this vile and venal fusion will produce upon our happy

Country. Let the man of principle—no matter to which party he has heretofore belongedgird on his armor and prepare to resist this foul and unnatural conspiracy; this iniquitous and vile hotch potch of political and moral infidelity .- Harrisburg Union.

The War.

There are various indications that a peace is likely to be concluded in Europe. The Czar has made several speeches. One of a mild character, was addressed to the Diof a mild character, was addressed to the Di-of vines will supply any ordinary family with plomatic body, and another strong in tone, to the most agreeable and healthy fruit, which, with a little carc, can be kept from September the army. A specific interpretation has been

put upon them as a whole. The aspect of the siege of Sebastopol continues unchanged.

Lord Raglan has officially admitted that the Russians are making the place stronger. The new Czar has given strong evidence of abiding by the plans traced out by his father, and that he would make no concessions.

Lord Raglan's latest dispatch is dated the 8th of March. It says, "the weather is fine and dry, and the sick are deriving benefit from the change. The new British battery of three guns has caused two small Russian steamers to leave their moorings. The Russians are receiving reinforcements and provisions and munitions of war."

TROUBLE AMONG THE KNOW-NOTHINGS .----The State Grand Council of Know-Nothings,which was in session in Lancaster last week broke up on Thursday afternoon in confusion. The cause of the difficulty is understood to be opposition to the proposed open organization. Gen. Cameron, ex-Governor Johnston, and Gen. Irvin, were among those who left the Council in disgust at the proceedings.

Glorious Democtatic Victories in Ohio. Know-Nothingism Routed.

The spring elections afford the most gratifying evidence that the Democracy are rapidly regaining their ascendency in Ohio.-The following cities and large towns have gone against the Know-Nothings and in favor of the Democrats by a decided vote. Look at the pyramid :

AKRON, CHILLICOTHE GUYAHOGA FALLS DAYTON, NEW RICHMOND, MEDINA, TOLEDO, SANDUSKY, HAMILTON, CINCINNATI, FREMONT,

These places gave largs Know-Nothing majorities last fall. In Columbus and Cleveocratic ship has righted up, and we have every indication that we will politically sweep the State in October next! Speaking of the result of the election in Darton the more or lose 100 sector for the sector of t land the bigoted and proscriptive order only of the result of the election in Dayton, the

The vote yesterday pro-ved another declaration which we recently made-"that the bottom had been knocked out of the Know-Nothing kettle, and that the institution was, at least in Montgomery | beginning to bear, ton never failing springs, so County, virtually dead ." We presume that that every field can be supplied with water .all will now agree with us on this question. By reference to the returns, it will be seen that Know-Nothingism has been badly bea-ten in Dayton. When the Know-Nothing vote of last fall is compared with the vote of the few who succeeded yesterday, the conviction cannot be resisted, that the "order" has met with a decisive, humiliating wishing to purchase. A new Star in the Literary Firmament. NELLY BRACKEN.

A Domestic Tale of Forty Years Ago. READ THE CRITICS' OPINION OF NELLY:

"It is beyond any American book of the present day.

"The genuineness of its sentiments, its per-fect purity, and truth of its characters to na-ture, give it a high eminence among the books of the day.

"Our readers have heard of an oasis in a desert-well, Nelly Bracken is the oasis of the dreary desert of American female literature of the present day .- New York Courier and Inquirer."

"Unless we very much misjudge the value, it is destined to no mean rank among the original works of American fiction."

"It is a first effort, and is one full of promise of yet greater excellence."-Boston Atlas. The authoress of Nelly Bracken is with us a

We have in our library, those more noted, but none that we should allow to crowd aside Annie Chambers Bradford, it matters little whether she be "sweet sixteen" or the shady side of five and thirty. At the election last fall the Cayenness received a majority of fourteen; now the tables are turned, and the Democracy roll up a majoriboyes are in good humor. "Glory enough for one day!"
