Our Ticket.

We this week present to our readers the ticket nominated by the Democratic and Whig parties, and ask for it a united support. Dr. JOHN M'CULLOCH, Col. GRAFFIUS MIL-LER, GEORGE EBY, Sr., WILLIAM M'NITE, DA-VID F. TUSSEY and GEORGE BELL, the gentlemennamed upon the ticket, are known to the voters of the county as well qualified to fill the several offices, and all, we are very confident, will receive the united and cordial support of all who are opposed to the detestable princi-

ples of Know Nothingism.

At another time we shall speak of the ticket more fully.

Good to Eat.

The "Keystone" is the crack Hotel, and "Charlie" the crack cook, in all this region of country. If anybody doubts it just let him drop off the cars at Spruce Creek for dinner, and he'll agree that Col. HASLETT and his house are hard to beat in the way of comfort, elegance, and things good to eat.

Beautiful.

The Know Nothing papers are sorely exercised about Jesuitism in this country. We have always understood one of the most objectionable features of the Jesuits to be their feigning characters which in heart they are not. Now we wish to call public attention to a little piece of history connected with the falsely called Americanism of this county. The Huntingdon Journal of last week published the proceedings of the old line Whig Convention held in this place on Wednesday afternoon 15th inst. From these proceedings it appears that one DAVID CLARKvention claiming his seat of course as an old he denounces as "dishonorable and disloyal line Whig and was not permitted to remain Whigs." Did ever man hear of such impuin it, because he would not take the test prescribed. He was however, representing himself as a Whig, and willing to act as such in that Convention. The proceedings of the Know Nothing Convention held after dark of the same day, and published in the American, reveal the fact that this great party showed its appreciation of duplicity and treachery by making this same DAVID CLARKSON, Esq., its President. What a revolting spectacle to every man of honor! We do not know how it may strike others, but we think that double faced treachery such as this entitles its actor to be unceremoniously kicked head-foremost out of any respectable party.

Proceedings of the Whig and Demo. cratic Committees of Conference. The Committees appointed by the Democratic and Whig Conventions met at the Exchange Hotel in the borough of Huntingdon, on Wednesday August 22, when on motion; Hon. T. F. STEWART was called to the been substituted by D. W. Womeledorf, Esq.,) appointed Secretary. Seth Benner was admitted, having been substituted by

Geo. W. Speer. The chair then stated the object of the meeting, when the following ticket was unanimously put in nomination : For Assembly, Dr. JOHN McCulloch, of

- Huntingdon. For County Treasurer, GRAFFIUS MILLER.
- of Huntingdon. For County Commissioner, GEORGE EBY, Sr.
- of Shirley township.
- For Director of the Poor, WILLIAM Mc-NITE, of Shirley township. For County Auditor, DAVID F. TUSSEY, of
- Porter township.
- For Coroner, GEORGE BELL, of Barree township.

On motion, that the proceedings of this Convention be published in the Huntingdon Globe, Shirleysburg Herald, Blair County Whig and Democratic Standard.

Resolved, That we pledge to the ticket nominated by us this day, our undivided support, and that we will use all honorable and fair means to ensure its success at the ensuing election.

On motion adjourned. THOS. F. STEWART, President. JOHN. W. MATTERN, Secretary.

The Huntingdon Journal and the Whig Party.

Gabe has at last brought the Journal ou under its true colors-treachery, tothe party that has sustained it through good report. In accordance with the usages of the Whig party, a delegate Convention was held in Huntingdon on the 15th inst. That Convention organized-turned out those who were not members of the party, appointed a Committee of Conference to confer with a similar Committee from the Democratic Convention-appointed a Whig County Committee, and then adjourned.

The action of this Convention, in expelling Know Nothings from any participation in the Whig party, had the effect to drive Gabe and the Journal to the wall, and in his extreme agony he devulges the fact that the success of Know Nothingism is of far greater importance to him than the success of Whig principles. He says it was "absolutely presumptuous on the part of the delegates to take any action, on political questions,"--and yet he, just out of his teens, a Know-Nothing, and an illegal voter, has the impudence to dictate to men who have grown gray in the Whig party. Such men as Daniel W. Womelsdorf, David F. Tussey, Col. John A. doyle, Samuel Wigton, John Dean, John Lutz, Isaac Smith, Robert Cummings, Henry Compropst, and hundreds of other old line Whigs who will not bend the son, Esq., of Cassville, appeared in that Con- knee to Know-Nothingism and his dictation,

The American and its Dictionary. To our amusement the American of last week bestows more than 'two columns upon our observations on the Dictionary. Setting out by accusing us with "falsity" it proceeds to show that Worcester has been approved in some of the public schools of Massachuchair, and John W. MATTERN, Esq., (having setis-that Ed. R. Young a school Committee man in Rhode Island testifies that they have approved or used it-that a superintendent in New York as well as Huntingdon, has recommended it-and that W. G. Rich-

ardson, way down in Alabama, has kicked Webster out of doors and adopted Worcester.

Had the American appropriated two and a half columns more, it might have shown us that in Boston, the famous seat of learning, yankee idioms, imbecilities, and book-seller's learning and common sense;—that in Rhode a smlot and house on the same for the Island the people bave lived without a State Constitution until recently-that in Alabama where Public Schools are disproved as a purch real estate. It will be offered in a strange fanaticism, every species of literature from "possum up ee gum-stump," down to Nelly Bly is encouraged and applauded; and that in each and all these places men totally unfit for the station can be elected School Committee, while men of learning and capacity find more profit in furthering their literary attainments, than in contending with purcher or purchasers. By the Court, the flimsy, halt "bandy-legged" empyricism, which has its foundation in ancestral habits. and which nothing but time and a thorough education will evercome.

Conceding it to the opposition, that Washington Irving and some others, find objectionable features in our favorite author, let it be remembered first, that no book of Grammer, no book of Mathematics, no book of Theology, has met the approval of all the wise and learned. Second, let it be remembered that the forwing described real estate, to wit :--Irving and others received their education before English orthography had bowed to the supremacy of our Webster.

When the Publishers of Worcester's Dictionary furnish the American with another one haf acre, the building and improvements Magazine of Ammunition, we will give it are a lrge frame house, store house, our attention; and we think they will find as much difficulty in introducing it as the "Know the abve named property on the west, and Nothing party of New. SCALY .--- Young poltrooms, scarcely from the nipple, dictating to men "learned in the ways of the world,"-Journal.

That's an accidental hit at Gabe, by the Doc. tor. Gabe, you should keep your heel a little tighter upon his neck. What right has he to nsinuate that you are just out of your teens.

"Broad Top City."

A village bearing the above name has been laid out by J. SIMPSON AFRICA, Surveyor, of this borough, for JOHN MCCANLES & Co., of Philadelphia, on a part of their lands called the 'Miles Cook' track. It is on the 'broad top' of the mountain about nine miles east of Stonerstown, and thirty S. W. of Hun-'tingdon, including the head of Cook's branch of Shoup's run, in Huntingdon county. The ground is favorable for building, being almost level. Its height above Huntingdon is about fifteen hundred feet. The contemplated extension of the Shoup's Run branch of the Huntingdon and Broad Top Mountain Railroad will pass through a principal street of the city. The Company are about contracting for the erection of a hotel there.

We saw the plan of the city constructed by Mr. AFRICA, and we do not hesitate in saying that a more beautiful and well finished piece of work it would be impossible for any other gentleman to produce. It has been sent to Philadelphia to be lithographed and published, after which the lots will be offered at public sale.

The masonry of this structure was finished some ten days ago, and is now ready for the bridge. It is spoken of as an admirable piece of work, and Messrs. PATTON & Gos-LER have earned the double reputation of good contractors, and clever gentlemen.

not appear to wish to rectify, is permitting Meal sold at 4 50 per barrel. old worn-out, miscrable party hucks, to act as Grain—The Wheat market is doin their bellwethers."

There is more truth than poetry in the above, and the only wonder is how it happened that Gabe was persuaded to admit as much. The drive is made at Col. Wharton, John N. Prowel, Benj. F. Patton, A W. Benedict, John Williamson and J. Sewel Stewart, who had a resolution passed at the late at 40 a 41 cents per pushel. Know Nothing meeting in this place, naming the American as the organ of the party. But here is Gabe's advice to the Know-Nothings:

"We do not often tender advice, but we would merely suggest the propriety of kicking every known office seeker out of the party."

'That's cool,' as Maj. Mack would say .---If all the old, worn-out, miserable party hacks, and office-seekers were turned out of the Know-Nothing party, car. Gabe tell how long the party would exist?

Under the circumstances, we are under obligations to Gabe for his accidental assistance to rid the county of Know-Nothingism. He shall have the first feather that drops from our Bantam's tail.
