# Pulmonary Consumption.

Catarrhal and Asthmatic Disorders! ORE than one TENTHO fall the annual deaths in this country and Great Britain, are stated to be caused by that insidious destroyer of human life, the

**CONSUMPTION:** Easily overcome in its infancy, it rapidly arrives, if neglected, at an unconquerable and terrific ma turity. An obstinate, violent and convulsive cough is the inevitable forerunner, when neglected, of the PULMONARY CONSUMPTION, and its attendant train of horrors; increased heat and pulse nausea; oppression of the breast; greenish and bloody spittle; loss of appetite & increase of thirst; ulcerated lungs; clammy sweats and hectic fover general emaciation of the body; shrivelled extre mities; excessive and weakening discharges; sink ing of the eyes; prostration of strength; burning palms and flushed cheeks; swollen teet and legs and, a length, while the wretched sufferer is still sanguine of life, cold extremities and an agonizing death. These evils may be nipped in the bud by the timely administration of that long tried and

invaluable Medicine, DR. RELFE'S ASHMATIC PILLS, which have been known to cure persons supposed to be far gone in a Consumption, and exhibiting

all the appearance of approaching dissolution.

The Pills also constitute an excellent Pectors. MEDICINE. Those therefore who are troubled with the common coughs occasioned by acrid humours, tickling in the throat, or defluxions upon the lungs depriving the patient of refreshing sleep, and gra dually introducing the train of Pulmonary affections, will receive from the use of the Pills, certain, and frequently the most sudden and cheering relief. They appease the cough, promote easy expectoration, relieve and often cure profracted obstinate and most distressing cases. Common Colds are generally removed by the Pills in a few

hours. These Pills also afford immediate relief in the harrassing and suffocating complaint of the Asthna. In attacks of this disease characterized by difficulty of breathing; tightness and stricture across the breast and in the lungs; oppressive flatulence; wheezing; coughing & hoarseness; costiveness and other Asthmatic administration of Dr. Relfe's Pills, invariably mi tigates the attack, often ensures permanent relief, and sometimes effects a radical cure.

The Pills may be taken with the most perfect safety, as they require, in ordinary cases, no confinement, and may be administered with the utmost confidence to all ages and classes of people.

These popular Pills have been used by multi tudes with unexampled success, in a vast variety of cases, from those of the slightest, to others of the most confirmed character. Their powerful agency has been known to revive from the bed of sick ness, the palid, dejected and emaciated victim, and send him back again to "the busy hum of men" an active man of business in the full enjoyment of the blessings of health.

In proof of which, the following, from a multitude of testimonials, are respectfully submitted: "I have tried your Dr. Relfe's Asthmatic Pills, in Asthma, difficulty of breathing, and Consumption, when all other Medicine had failed, and have found them most excellent." Another Physician writes: "I have tried your Relfe's Asthmatic Pills with a patient of mine, whose case had resisted every thing; the cough has certainly left her." A correspondent writes: "The ASTHMATIC PILLS give such astonishing relief in cases of common colds, coughs, &c., as no one can believe unless

they make the trial." An agent writes: "Your (Dr. Relfe's Asthmatic Pills have performed a miraculous cure in this town. A man about 50, had been confined some months; his feet and legs badly swollen; a bad cough; respiration difficult, and was given over by his physician and friends, who considered him in a confirmed consumption; after taking three boxes of those Pills all the threatening symptoms are re-

moved, and he is fast recovering.

A Gentleman of Plymouth, 70 years of age, was cured of an Asthma, by three boxes, after having

been afflicted upwards of thirty years. A young Lady of Boston, was severely afflicted for three years with a violent cough, difficulty of breatling, spitting of blood, pain in the side, deprived of sleep, and universally debilitated. In this distressing state, after having tried other Medicine in vain, and considered as past relief, on taking only two boxes of these Pills, her cough and the whole of her symptoms left her, sleep was restored, and her health was porfectly established. (Price \$1 for whole boxes of 30 Pills, and 50

cents for half do. of 12 Pills, with directions.) \*\*\* Prepared from the Original Recipe in MS. of the late Dr. W. T. CONWAY, by his Immediate Successor, and the Sole Proprietor, T. #### POTTER'S Perbuably cathoricon.

DVERTISE. WENT.—The unrivalled and extensive reputation acquired by this medicine, for the last five years, both in hospital and private practice, demands from the proprietor his grateful acknowledgments to a discerning public.

Potter's Vegetable Catholican is offered for the cure of Diseases of the Liver, Ulcerated Sore Throat, Debility resulting from Intemperance and Dissipation, Scrofula or King's Evil, Old and Inveterate Ulcers, Pains in the Bones, Rheumatism, Dispepsia or Indigestion, Diseases of the Lungs, Syphilis, Blotches on the Face and Skin, White Swellings of the Joints, Tetter, Mercurial diseases, Piles, &c. &c.

The Catholicon consists exclusively of vegetable matter, and with a slight determination to the bowels, which it preserves in a soluble state, acts insensibly, is pleasant to the taste, and requires no particular regimen or confinement. As a gentle cathartic medicine, improving the appetite and restoring the general tone of the system, it is confidently recommended to ladies in a delicate situation.

The unrivalled and extensive character which this medicine has enjoyed, for the last six years, as a complete renovator, and purifier of the blood and humars, both in Hospital and Private Practice, is a substantial basis for its future support. It has obtained its present great distinction by the extraordinary success which has attended it in the Healing Art, while every avenue and track have been searched in vain for its parallel; indeed, its discovery may be considered one of the most sacred boons that can be afforded to the unfortunate; and I most sincerely hope the sympathy of the public will be excited to diffuse its invaluable merits.

There are, at this time, several spurious mixtures in circulation abroad, and some vended in this city, assuming to possess the same, or equal virtues, of Potter's Catholicon. It is to be some that the unsuspecting will be placed on their guard impositions, much mischief has resulted from their they consist principally of sarsaparilla sirops, viz: Sirop de lier or Rob L'Affecteur, and are sold for a much less price wou will therefore be particular and purchase of none but my authorized agents, where you can obtain the GENUINE CATHOLICON.

W. W. POTTER, Philadelphia. The following strong testimonial is furnished at the request of Dr. Davis, of Lynchburg, Va. by a gentleman residing in that place, whose original certificate, of which the following is an exact copy, is left with the proprietor of the Catholicon.

CASE. LYNCHBURG, Va., May 5th, 1828.

At the request of D.---, I here give a statement of the effect of Potter's Catholicon in the restoration of my health. My constitution had been in a declining state for more than 18 months. I was much troubled with a short dry cough, slight difficulty of breathing, which was much increased by bodily exercise. At night, great oppression at the chest was experienced, with excessive colliquative sweats, soreness and pain in the sides and breast, with extreme languor and loss of appetite. In this situation, I travelled to the New England States by sea, but obtained no permanent relief. Some time after my return, by way of experiment I was induced to use Potter's Catholicon, and after using 2 bottles my health was perfectly restored. DAVID R. EDLEY.

CASE

PHILADELPHIA, March 28th, 1829. Dear Sir:-After many but ineffectual trials to relieve myself from a most severe and distressing attack of the dispepsia, I have been completely cured by the use of, to me, your invaluable Catholicon, and I think it my duty thus publicly to state my case, and in order that others may profit thereby. The first symptoms of the disease were manifested in the spring of 1827. Warned at the approach of this destroyer of all ease, I had recourse to physician after physician, and remedy after remedy, but received little or no relief. I was recommended to retire into the country, where I so far recruited, that I began to think the enemy was dislodged. I returned to the city, where in a short time all my old symptoms returned with double violence. My stomach became so debilitated with drugs that I relinquished the regular system and entered on a course of Swaim's Panacea. It did me no good, and I went back to my Doctor, who crammed me with pulverized oyster shells, etc. etc. My teeth became loose, and some actually fell out; there was a constant pain in my joints, particularly in damp weather, pains in my right side and shoulder, etc. I now submitted to another course of medical treatment, until the fall of 1829, when my physicians stated the case to be a schirrus of the liver. Then it was that I determined to try your Catholicon, a few doses of which improved my appetite, and gave me a feeling of ease and confort, I cannot readily describe. In twelve days after using but one bottle, I found myself well—the few teeth I had left were firmly clasped by the gums and my ap-

petite and digestion perfectly restored. I now enjoy as good health as I ever did, and I must say it is to your valuable Catholicon that I attribute this happy result. EZRA P. WILTBANK. Respectfully yours,

> CASE NORFOLK, Va. May 1st, 1828

Dear Sir:--I will shortly state my former case. I labored for six years under a violent Liver Complaint. It first manifested itself in the summer of 1821, and rendered frequent application to an eminent family physician uecessary, by whole prescriptions I took three bottles, and thank God, I can truly say the disease of the liver entirely left me; and I have since been as well and hearty as man can be, in the fullest enjoyment of health and spirits. My cure was effected solely by your celebrated and agreeable Catholicon. Your friend, EDWARD L. LŌNG.

To W. W. POTTER, Philadelphia.

CASE.

WILMINGTON, May 22d, 1830. Dear Sir:—This was a case of Rheumatism in an intimate friend of mine, an old gentleman about sixty years of age, who

had the Rheumatism for a number of years past, part of the time confined to bed; he took it intrely through experiment, and was surprised to find himself entirely freed from his painful disorder by Your well wisher, using only one bottle.

JEREMIAH NICHOLS.

An eminent physician says:--"I have known several cures performed by the use of your Catholicon, which had previously resisted the ordinary prescriptions of the faculty, and I have never known it to produce INJURIOUS EFFECTS." To be had at the Drug Store of
