

to the amount of sixty or seventy. The aged, the venerable and the grey-headed sober and staunch democrats appeared. Men who are the bone and sinew of the country, who know what equal rights and free suffrage means, and what it is worth, were there.

For a number of MASONIC ADVERTISEMENTS, taken from the N. Y. Pilot, see third column, fourth page.

A TOUCH OF THE SUBLIME.—The following highly figurative and apt illustration, is from a Masonic paper printed at Lancaster, Pa. The N. Y. Mercantile, which has noticed this burst of genius, thinks the writer entitled to a leather medal.

The Columbus (Ohio) Gazette states that John Pollack, Esq. of Clermont County, formerly Speaker of the House of Representatives of Ohio, committed suicide, on the 20th ult. by shooting himself through the head, with a rifle.

ROBBERY OF THE MAIL STAGE.—"We understand" says the Richmond Compiler, "that the Southern Mail Stage was robbed on Saturday night of all the baggage belonging to the passengers. The robbery was effected by cutting the straps which confine the baggage to the hinder part of the stage; and is supposed to have been done immediately after it left Petersburg—although the robbery was not discovered until it arrived at the Post Office in Richmond.

JUDGE McLEAN.—There appear simultaneous indications among the great Republican party, in many States of the Union, to bring out this distinguished individual as a Candidate for the next Presidency. But he seems determined, not like Mr. Clay, to eat and drink himself into power at glutinous drunken dinners.—Georgetown (Ohio) Castigator.

A public dinner was tendered to the Hon. John McLean, by a number of the citizens of Philadelphia, on the 11th ult. which, in a long and handsome letter, he declined on account of his official duties.—Hillsborough (Ohio) Gaz.

On Monday last, the Right Hon. Mr. VAUGHAN, the Minister from Great Britain to the United States, being about to return to Great Britain, and CHARLES BANKMAN, Esq. Secretary of Legislation was presented by him to the President, as Charge des affaires of Great Britain, and was received by the President in that capacity.—Nat. Int.

HIGH-PRIESTS!! HIGH-PRIESTS!!! The feverish anxiety shown by the editor of the United States Gazette, who is a masonic ROYAL ARCH HIGH-PRIEST, to nominate EDWARD LIVINGSTON, who is a SUBLIME MASTER, and GRAND HIGH PRIEST of the MONARCHAL ORDERS of the GRANDS, KINGS, NOBLES, DUKES, KNIGHTS, MOST WORKS, HEROINES, ALL PUSSANTS, HEROES, HEROINES, FATHER-ADAMS, SOVEREIGNS, MOST EXCELLENT GIEFF PRINCES, MOST POWERFUL GRAND COMMANDERS, of the LODGES, ARCHES EN-CAMPMENTS, COUNCILS, COLLEGES, HOLY GHOSTS!! PATRIARCHS, NOACHITES, BRAZEN SERPENTS, TRINTIPEN, and of all the rest, up to 50 or 100 degrees—for President of the U. States, before his nomination is officially confirmed by the President is worthy of special attention.

THE RAIL WAY.—To-morrow the letting of the 38 sections of Rail-way which are to complete the communication between Philadelphia and Pittsburg, takes place, in this village. Our taverns & many of our private houses are already filled with strangers, from every quarter of the state, and for aught we know, of the union, and they still continue to arrive in numbers that augur ill for their comfort—but bid fair to raise the provisions.—The Engineers and superintendents are in town, and have opened their offices in front rooms of the building, occupied by the widow of the late Dr. Fairlamb. We love to see bustle and business—and for a few days shall probably have enough of both.

Communicated for the Star.—Female Tract Society of Gettysburg, auxiliary to the Philadelphia Branch. At a meeting of the Female Auxiliary Tract Society of Gettysburg, held on the 29th of December, 1830, in pursuance of public notice given, it was Resolved, 1. That this society concur with the two Tract Societies in the Theological Seminary and Gymnasium, in adopting the plan of the monthly distribution of tracts. 2. Resolved, That they will collect what monies they can, to be appropriated to the purchase of tracts for this purpose, in addition to the monies collected by the two above mentioned tract societies.

THE VICE PRESIDENCY.—The Camden, (N. J.) Star says, that "pending the Presidential election in the House of Representatives in 1824, Mr Buchanan made CERTAIN CORRUPT PROPOSITIONS to Genl Jackson, intended to influence the result of the election." This agrees with the General's own statement on the subject.

AUGUSTA, (Geo.) Feb. 14. ROMANTIC.—Report says, that lately the Sand Bar ferryman picked up in the river floating down, a nice mahogany cradle, closely caulked, so as to exclude the water. It had the usual cradle-clothing, and its little quilt was neatly spread and tucked beneath its soft bed of feathers. The ferryman towed it ashore and began to examine the value of his prize. He raised the covering and behold! a beautiful infant, handsomely dressed, lay beneath in undisturbed slumbers. He carried it to his mistress, where it has found that protection denied by an unnatural mother.

A HEROINE.—The courageous conduct of Mrs. Hopkins who lately lost most of her little property in the wreck of schr. Packet, of Elsworth, of Cohasset, is deserving of great praise. Mrs. H. has accompanied her late husband, Capt. Hopkins, on one or two voyages to Europe, and to this may be attributed her self-possession in this trying scene.—The vessel struck on the rocks about 11 o'clock at night, very tempestuous weather, and a tremendous sea breaking over the vessel continually. She secured her infant to her bosom, and with the eldest in her arms fastened herself to the wreck, where she remained until the forenoon, when she was relieved by citizens of Cohasset, with a great portion of her clothing torn from her body by the sea.

THE MONTHLY DISTRIBUTION will still continue—Oh God! pour out thy blessing on our labours, and turn the hearts of the people in favor of a good cause! Amen. A FRIEND OF PIETY. May 9 1831.

We have only time to select the following articles from the late Foreign News. The New York American says, the accounts are decidedly warlike, and the debates are angry and violent. The Gazette de France of 1st April, the latest Paris paper received, asserts positively, on the authority of the National, the fact of the entry of the Austrians into Bologna on the 21st and 22d of March. This news had been previously contradicted, and the Austrian ambassador at Paris M. d' Apony, continued to declare he had no information of such a movement. The Austrians, it is stated in a private letter to the Journal du Havre, had committed great excesses in Italy, imprisoning and executing ad libitum all obnoxious persons.

Another letter from Havre of the 2d ult. says—"It is probable that in fifteen days the question of Peace or War will be decided. Our government has signified to the Cabinet of Vienna, that the further occupation of Bologna and the Papal States, will be considered a declaration of war."

The movement of the Austrian troops upon Bologna appears to have been unexpected. They entered that town upon the 20th Mareh, yet the Precursor of Bologna of the 19th says nothing of their approach. The provisional government, the Italian patriots, and all who could bear arms, retreated among the Appennines, the passages of which offered the most opportune seat for a desperate resistance.

The following we copy from the Commercial Advertiser:—The Austrian Observer, the government paper in Vienna, congratulates the country upon the pacific character of the new French Minister. It adds:—"The great majority of the French concur in these principles. All Europe shares them, governments, and people. It is only by the preservation of peace, and by the re-establishment of the internal tranquility of states, that the evils which now oppress nations so heavily, can be removed, property secured, trade revived, and credit restored. This is the voice which is now heard all over Europe. The Austrian government openly declares it as its own; and every Austrian, who loves his monarch and his country, will render homage to it."

POLAND.—The dates from Warsaw, are no later than former advices, viz. March 21st; but they furnish a few more particulars of events already known. The Berlin State Gazette of March 15, contains no news from Warsaw, but has two bulletins of the partial operations of the Russian army. The first imports, that an expedition sent by Gen. Sacken, the object of which was to re-establish the communication with Lomza, the road having been infested by partisan corps of Poles, had been successful. In one affair, the Poles lost 600 killed or taken prisoners. The second bulletin states that Gen. Kreutz had retaken Lublin, (a fact already known) after a sharp resistance. The Poles were entrenched and barricaded in it, and lost from 500 to 2000 men. General Dworick was seemingly moving upon Zamosk, and appeared to have abandoned the intention of carrying his force into Volhynia.

FROM MEXICO.—The Napoleon, which arrived on Saturday evening, says the N. Y. Mercantile, brings advices from Vera Cruz to the 11th, and from the capital of Mexico to the 5th ultimo. They represent the country as being in a comparatively quiet state. The Treaty with the United States, which has been a long time under consideration, received its final ratification by the Mexican government on the 5th.—It is mentioned in one of the latest papers, that the Governor of Cuba has been authorized by the King of Spain, to open a negotiation for a renewal of the intercourse and trade between Cuba and Mexico.—Baltimore Patriot.

A Rail-Road in Philadelphia.—The Select and Common Councils of the city of Philadelphia, at their meeting on Thursday evening last, resolved to construct a Rail Road in Broad street from Vine to Cedar streets.

New York Post Office.—From the 1st of April to the 1st of May forty-two thousand ship letters have been received at the Post Office in New York.

TEMPERANCE SOCIETY. An adjourned meeting of the "Temperance Society of Gettysburg and its vicinity," will be held at the court-house in the borough of Gettysburg, on Saturday the 21st inst. at 2 o'clock P. M. at which time it is probable one or two addresses will be delivered on the subject. All those who feel an interest in the prosperity of this Society, and are desirous that temperance should be encouraged, are respectfully invited to attend. S. R. RUSSELL, Secretary. May 18, 1831.

my appetite, and gave me a feeling of ease and comfort. I cannot readily describe. In twelve days after using but one bottle, I found myself well—the few teeth I had left were firmly clasped by the gums and my appetite and digestion perfectly restored. I now enjoy as good health as I ever did, and I must say it is to your valuable Catholicon that I attribute this happy result. Respectfully yours, EZRA P. WILTBANK.

CASE. NORFOLK, Va. May 1st. 1828. Dear Sir.—I will shortly state my former case. I labored for six years under a violent Liver Complaint. It first manifested itself in the summer of 1821, and rendered frequent application to an eminent family physician necessary, by whose prescriptions I could obtain only a temporary relief. After the lapse of many months, without receiving any permanent benefit from medicine, I came to the determination to try your Catholicon. I took three bottles, and thank God, I can truly say the disease of the liver entirely left me; and I have since been as well and hearty as man can be, in the fullest enjoyment of health and spirits.—My cure was effected solely by your celebrated and agreeable Catholicon. Your friend, EDWARD L. YOUNG, To W. W. POTTER, Philadelphia.

CASE. WILMINGTON, May 22d, 1830. Dear Sir.—This was a case of rheumatism in an intimate friend of mine, an old gentleman about sixty years of age, who had the Rheumatism for a number of years past, part of the time confined to his bed; he took it merely through experiment, and was surprised to find himself entirely freed from his painful disorder by using only one bottle. Your well wisher, JEREMIAH NICHOLAS.

An eminent physician says, "I have known several cures performed by the use of your Catholicon, which had previously resisted the ordinary prescriptions of the faculty, and I have never known it to produce INJURIOUS EFFECTS." ENTIRELY NEW WORK. UNPRECEDENTED IN THIS COUNTRY. "Wrinkled Mirth, that Care derides, And Laughter holding both his sides." PROSPECTUS OF THE COMIC MIRROR. Illustrated by upwards of TWO HUNDRED Caricatures, Sketches, and Comic Engravings, combining all the interest and spirit of the Domestic and Foreign Comic Annuals, Humorous Designs, and Laughable DROLLERIES. PRICE, ONLY \$1 50 PER ANNUM.

THE public have now before them the Prospectus of a work of which Wit and Humour, are to constitute the principal ingredients. The publisher has observed the avidity which productions of similar pretensions are sought after, notwithstanding their leaden attempts at wit, have been disfigured by coarse vulgarity, and too often evinced an utter disregard of decency, unmindful that "Innocent words admit of no defence, For want of decency, is want of sense."

The favorable disposition which the public have so constantly manifested towards similar attempts to amuse and entertain, has convinced the publisher that a well conducted and pleasing mélange of Wit and Humour, will be extensively patronized. Under this impression, he has made extensive arrangements to procure, at great cost, the best productions of a humorous nature both at home and abroad, including the comic works of Hood, Cruikshank, and other genuine sons of Comedy; the Looking Glass, an amusing and unique affair, with numerous other laughable and mirth-inspiring subjects.

It is impossible, nor shall we attempt to give in a mere prospectus, an adequate idea of the variety and spirit which it shall be the constant aim to infuse into the pages of the COMIC MIRROR.—It will be satisfactory, however, to show, by the testimony of the most distinguished physicians, that invalids of almost every description, will derive benefit from our labors; particularly those who are afflicted with weak nerves, lowness of spirits, and complaints of a dyspeptic or bilious nature. To these our work will prove invaluable, and the smile of good-humor which will brighten the countenance, and the sense of inward satisfaction and self-complacency which will assuredly put our patients in the best of humor with themselves and with the world, will induce them to throw, forthwith, their bottles, pills, and "physic to the dogs."

We can only specify among the general and diversified topics of the future pages of the work: Touches at the Pride, Whims and Follies of the Times, in which the lash of satire will be used, with unsparring severity; but always in such general terms, and with such perfect good nature, as to give no cause of personal offence. Humors and Vagaries of the Police Office, where human nature is exhibited in its true colors, and vice exposed in its naked deformity, only that the beacon may serve as a warning to the dissolute and vicious. Doings of Folks about Town; the Ways of the World, & Peeps behind the Curtain; Caricatures: Tales of Humor; Sketches of Wit, a dozes of Celebrated Characters, men and Fashion, who have nothing else to entertain their neighbors, and insipid with their flashes of wit and merriment: is "wont to set the table in a roar."

The whole will be illustrated by numerous Engravings, executed at great expense which of themselves will furnish an inestimable fund of amusement, and may, better than any thing else, be taken up on a dull rail or serve to beguile an hour which would otherwise pass heavily away.

TERMS.—Notwithstanding the expense attending the publication of this and entirely unique work, the publisher has determined to put the subscription at the very lowest price at which it can possibly be afforded, confidently relying on an extensive patronage for remuneration. It will be published every other week, at only \$1 50 per annum. Agents will be allowed a commission of 15 per cent. on all remittances. No unpaid letters or orders without the amount of subscription, will receive attention; as the expense of the publication and the low price of the subscription, will not warrant the publisher in doing otherwise.—Address, S. R. KRAMER, Philadelphia.

May 18, 1831. Persons desirous of "taking a peep" at a sample of the "Caricatures," above spoken of, can be gratified by calling at this office.
