TUESDAY, JULY 5, 1831.

BALTIMORE MARKET.

From the Patriot of Saturday last. FLOUR, Howard st.—Sales of several parcels have been made at \$1 75...

WHEAT.—A lot of 1000 bushels of Md. wheat white and red, was sold to-day at \$1 00 per bush.

CORN.—White corn brought from 62 to 60 cts. per bushel, and yellow 63.

RYE.—Susquehanna rye brought 63 cts. per bushel.

Next Sunday is the day on which the Rev. Mr. McLean intends delivering an address in behalf of suffering humanity.

Daniel Peet beat by his Brother! FANNING PERET hauled from Baltimore city to Chambersburg, at one load, FIVE TONS, SEVEN HUNDRED & FIFTY-TWO POUNDS!

From the Camden, N. J. Star we learn that proposals are in circulation for a new Anti-Masonic paper, to be printed in West Jersey, and edited by the Rev. Ambrose White.

Rush's Letter.—The "Tancytown (Md.) "Regulator" has published the interesting letter of the Hon. Richard Rush.

The Masonic Editors become very feverish and uneasy as September approaches. The Baltimore Convention has a wonderful effect on their nerves.

Of what avail is it, that Henry Clay's views of National policy are less erroneous than Gen. Jackson's? Of what importance are any man's notions relative to the details of Government, so long as he entertains sentiments and principles which will subvert the Government itself?

Those who deprecate the reelection of Gen. Jackson, need not longer deceive themselves. The only way to prevent it, is to sacrifice all other candidates, and rally round him who will be nominated at the Anti-Masonic Convention in September next.

MURDER OF THE NEWY FAMILY. The Fredericktown Herald of Saturday last says—A man named Christian Fyrdinger has been apprehended, and, after an examination on Thursday last before M. Baltzell, Esq. committed to prison on the suspicion that he was concerned with Markley in the murder of the Newey family.

Another Distressing Fire.—The splendid house at Raleigh, N. C. with the noble statue of Washington, have been destroyed by fire.

IMPORTANT!—"Dr. —, an Antimason of high standing, of the great Antimasonic body of the State of —, has recently renounced all further connexion with the body of which he was once a prominent member!" says this morning's and yesterday's Compiler.

Query.—"Wonder if he ever 'inhabited' aught that might affect the destiny of the 'inhabitant'?" Or, if he ever wears a narrow top hat, green coat, or yellow breeches?

ALLEGHENY IN THE FIELD!

An Anti-masonic convention was held in the city of Pittsburg, for Allegheny county, on the 15th inst. at which the following persons were nominated:—Senator, William Hays. Assembly—David Gilleland, Francis Kerns, James Hultz, and Andrew Bayne. Sheriff—Joseph Welsh. Commissioner—James Hilands. Coroner—Hugh McClelland. Auditor—John Rankin.

FOREIGN NEWS.—By the latest arrival at New York, the principal news is the probability of a rupture between France and Austria. The Poles have not met with any new reverses, and the rumors in circulation, are all in their favor.

"OUR GOVERNMENT."—Following the "Correspondence," in this week's Star, is an article headed "Our Government." It is well worth an attentive perusal.

At Franklin furnace, in Franklin county, on Tuesday the 21st ult. a Mr. George Rife- snider was run-over by an ore wagon and killed.

In this week's Star will be found a continuation of the Correspondence. We submit the opinion of one of our "household"—the Carlisle Volunteer.

DEPLORABLE!—Whatever may have been the cause which gave rise to the late transactions at the seat of the General Government of the United States, every good citizen must deeply deplore occurrences calculated to bring a stigma on the Government.

The moral sense of the community has been outraged by the disgraceful sayings and doings at Washington; and nothing short of a full development [and speedy downfall] of the "malign influence" which brot about this state of things, will satisfy the people.

For the Star. 'Neither Mason nor Antimason.' Many leading politicians profess to be neither Masons nor Antimasons—but say they are as much opposed to Freemasonry, as those who oppose it politically, and would wish to see the Institution dissolved.

It is stated that the debt due from Mr. Livingston to the United States, has been liquidated by a transfer made to the government, of fifty-seven lots owned by Mr. L. on the Battery at New Orleans.

Another Murder.—A female by the name of Coyle, was found dead in her house in Brooklyn on Friday morning, with marks upon her body of great external violence.

The National Gazette speaking of the late doings at Washington, and the beautiful correspondence to which they gave birth, says—"Altogether, these are singular productions, and we may say, after the person in the upper window of the Ark in the Dutch picture of the Deluge—"Hazy weather, Master Noah."

HOMICIDE.—We learn from the Frederick Examiner, that an altercation took place on Saturday a few miles from that City on the Georgetown road, between a man named Fowler and another named Lishier, which resulted in the death of the latter.

From the Philadelphia Sun. The leading Statesmen of the U. States are coming forward to defend the rights of the people against the Princes and Masters

of the lodges. We would be glad to have a public expression of a few more of them—for instance of the Hon. JOHN Q. ADAMS, JAMES MONROE, and JAMES MADISON. The sentiments on whatever side they may be of the Hon. DANIEL WEBSTER, JOHN C. CALHOUN, HENRY CLAY, JOHN MCLEAN, and others should be before the people.

VERMONT.—The Vermont Antimasonic State Convention assembled at Montpelier, on the 15th ult. One hundred and seventy-five delegates were present. The officers were LEBBEUS EDGERTON, President, JOSIAH RISING, ISAIAH FISK, WILLIAM STRONG, and RICHARD RANSOM, Vice Presidents, Daniel P. Thompson & Charles Davis, Secretaries.

investigation. Meantime, as the Examiner intimates, it has some tendency to illustrate the benefits of public executions.

From the Pennsylvania Inquirer. We seldom take up a Richmond Enquirer or but we read starting in capitals, the BANK OF THE UNITED STATES, followed by some terrific account of bribery, corruption, printing reports, extras, or essays, all of which are to bring ruin and devastation upon the country, fraught with famine, war, and pestilence!

Is this moral? just? or justifiable? Ought an institution, identified with the character and credit of the country, to be thus wantonly libelled, recklessly traduced, incoherently slandered; and not a shadow of proof produced? What is this alleged bribery? It consists in a vote, a unanimous vote, of the Legislature of Pennsylvania—bribe Pennsylvania? What is the corruption? It consists in printing and distributing for public perusal, masterly essays upon currency, credit, and political economy!

A proposition has been submitted to the legislature of Rhode Island, now in session to direct a suit to be brought by that State against the State of Massachusetts, in the Supreme Court of the United States, for a ratification of the boundary line between the two States.
