

Here shall the Press the People's Rights proclaim Unaw'd by Influence, and unbrid'd by Gain.

Democratic Anti-Masonic Nominations FOR PRESIDENT, John McLean, of Ohio. FOR VICE-PRESIDENT, Richard Rush, of Penn.

BALTIMORE MARKET.—There is no change in the price of flour. The wagon price of Howard street remains at \$5.50, and sales are made from stores at \$5.62 1/2.

FOREIGN NEWS.—By the latest arrival at N. York from Liverpool, very important news from Poland has been received—a dangerous conspiracy had been discovered among some Polish officers and the numerous Russian prisoners at Warsaw, in time to prevent any ill effects—the Poles have been defeated in one or two late battles.

From the Baltimore Gazette we learn that the Negroes in the upper part of Southampton county, Virginia, have turned out and murdered several whole families of white persons, amounting to 58 individuals, besides the families of two men whose numbers are not mentioned.

AUGUST SESSIONS OF ADAMS CO. COMMONWEALTH, Indicted for writing & publishing a false, wicked, & malicious LIBEL on T. Spruell, Esq. Verdict, GUILTY.—The Defendant was sentenced to be imprisoned in the Jail of Adams county for Three Calendar Months; to pay a fine of \$50, and costs of prosecution. He was immediately taken to Jail.

JOSEPH TAYLOR.—Our readers will remember that, at the last April term of our Court, the individual above named, was found "not guilty" of the murder of David Blubaugh, but recommended to be indicted for "involuntary manslaughter."

Fidelity and Official Integrity of the Prosecuting Attorney of Adams County. At the August Sessions of this County, held last week, Jacob Lefever, was found guilty of a crime which subjected him, by law, to an infamous corporal punishment.

ANTIMASONRY IN ILLINOIS.—What! in Illinois, too! Yes—in Illinois. The Intelligencer, published at Vandalia, the seat of government, has a notice for an Antimasonic State Convention, for the purpose among other things of appointing delegates to the Antimasonic National Convention, to be held at Baltimore, on the 26th of September next, to nominate candidates for the Presidency and Vice-Presidency of the U. States.

FROM FRANCE.—By the United States from Havre, the New York American has Paris papers to the 3d ult. they furnish us news. Under the Paris head of 29th June, we find the Courier des Electeurs this paragraph:

Furthermore do I promise and swear that I will aid and assist a Companion Royal Arch Mason, when engaged in ANY DIFFICULTY, and espouse his cause so far as TO EXTRICATE HIM FROM THE SAME, if in my power, WHETHER RIGHT OR WRONG."

Such is the Masonic Oath of the Royal Arch Companion. And it has frequently been said, that the Royal Arch Jack-Masons have become imbued with the foulest portion of the Masonic spirit. That they, alike with Masons, will carry the principles of the above Oath into the Jury Box, on to the Bench, and the Executive Chair.

The National Intelligencer.

"We see it, announced, in such a manner as to leave no doubt of the fact, that our distinguished fellow-citizen RICHARD RUSH, whose personal qualities and abilities we ul-

ways hold in the highest regard, has, in reply to a letter addressed to him on the subject, by an Antimasonic committee, peremptorily declined being considered as a candidate either for the Presidency or Vice-Presidency of the United States at the approaching election.

"Considering the zeal with which Mr. RUSH has lately felt it to be his duty to take part with the Antimasons, and that there are some of that way of thinking who mix up their principles with politics and personal objects, we think this course on the part of Mr. RUSH not only proves the honorable disinterestedness of his motives, but goes to show his opinion, that Masonry, or Antimasonry, ought to have nothing to do with the election of the Chief Magistrates of the Union.—National Intelligencer.

The above extract from the National Intelligencer, is another pregnant proof of the pernicious influence of MASONRY on the Press. It either suppresses truth, or perverts facts, so far as Masonry is concerned. The Editors say, that Mr. RUSH's declining to be a candidate for the Presidency, "goes to show his opinion that Masonry or Anti-Masonry ought to have nothing to do with the election of the Chief Magistrates of the Union."

Now the truth is, Mr. RUSH's letter shows no such thing, but quite the reverse, "what goes should be the paramount consideration." We do not believe that those respectable Editors intend to deceive the public. They had probably not read Mr. RUSH's letter. They scarcely dare read any thing against Masonry. But we doubt not, when they discover the error by them committed, they will promptly correct it, by publishing the letter itself, that the People may know the truth. They will, unless the Masonic Oaths prevent it. In other cases, they would feel proud to correct their own mistakes.

OUT AT LAST!—Brother Boaz of the Sentinel has given the first letter of the Hon. RICHARD RUSH, at last! Better late than never, as the saying is. Is he independent enough to give the other two without solicitation?

We have only room this week for the County Ticket, selected yesterday—the proceedings in full, will be given next week.

ASSEMBLY, Andrew Marshall, Jacob Casatt, COMMISSIONER, John L. Gubernator, AUDITOR, John M. Kesson, DIRECTOR OF THE POOR, James A. Thompson.

JAMES McSHERRY, Esq. JNO. L. GUBERNATOR, Esq. and Mr. JOHN LILLY, were appointed to meet the Delegates from York county, at Hanover, to select a Senator.

National Republican Meeting. A respectable meeting of National Republicans of the Borough and County, was held at the house of Mr. FORRY, in Gettysburg, on the evening of the 23d inst., and was organized by calling the Hon. JAMES WILSON to the chair, and appointing J. B. McPherson Secretary.

After a full interchange of sentiment, it was Resolved, That the National Republicans of the County of Adams, be invited to meet at the Court house in the Borough of Gettysburg, on Saturday the 17th of September next, at 1 o'clock, P. M. for the purpose of expressing their sentiments upon the coming Presidential Election, and also to choose Delegates to meet those from the other counties of the District at Shippensburg, to appoint Delegates to the National Republican convention, to be held at Baltimore in December next.

Resolved, That these proceedings be published in all the newspapers of the borough.

JAMES WILSON, Chairman. J. B. McPHERSON, Secretary.

ANTIMASONRY IN ILLINOIS.—What! in Illinois, too! Yes—in Illinois. The Intelligencer, published at Vandalia, the seat of government, has a notice for an Antimasonic State Convention, for the purpose among other things of appointing delegates to the Antimasonic National Convention, to be held at Baltimore, on the 26th of September next, to nominate candidates for the Presidency and Vice-Presidency of the U. States.

The notice has a good and most appropriate date, viz: the Fourth of July.

FROM FRANCE.—By the United States from Havre, the New York American has Paris papers to the 3d ult. they furnish us news. Under the Paris head of 29th June, we find the Courier des Electeurs this paragraph:

"The Exchange to-day was thrown into consternation by rumors that war was decided upon, that Prince Leopold refused the crown of Belgium, and that M. Casimir Perrier would retire from the Ministry. A great fall in the stocks was the immediate consequence of this rumor.

The Moniteur in a second edition published at half past six o'clock, inserted a note declaring these rumors wholly without foundation, and that the most perfect harmony had not ceased to prevail among the Powers as well as in the French Cabinet."

The ready ear, however, with which such rumors are listened to, denotes the general impression we think, that war is far from improbable.

Extract of a letter to the Editor of the N. Y. Amer., from Havre, dated 3d July.

The funds are on the decline. The minds of the people are far from being at ease on the general state of affairs. The question of the Peers is now made the touchstone of a good Deputy. If Casimir Perrier is not able to stand his ground, I think France is

destined to see sad times. The Elections, now at hand, (the 5th) will show what may be expected; and of course, all is now anxiety. There is nothing new from Belgium or Poland to-day.

ONE DAY LATER.—By the ship Providence, Capt. Congdon, arrived at Providence, Liverpool and Manchester papers of July 9th are received, containing London dated to the evening of the 7th. The subjoined paragraphs are from the Providence Journal:

The London Globe of the 7th (evening) says there is a probability that the Reform Bill will be defeated in the House of Lords, by a majority of eight; "the bishops constituting the majority."

The Glasgow Chronicle, in the course of some remarks upon the probable course which the House of Lords will pursue, says: "The House of Lords may constitutionally disagree with the House of Commons, but the constitution, in providing for the creation of new peers, has made it impossible that it should disagree with the King.—Whenever the Sovereign and the Commons speak one voice, the Peers cannot choose but concur."

LONDON, July 7.—The Funds.—One o'clock.—The city is in a very agitated state; the reform bill at home, the unsettled state of France, and an expected explosion at Brussels, have occasioned much political discussion here. Two expresses are stated to have arrived from Brussels, and as the reports are gloomy, consuls from 83 have fallen to 82 1/2, which is now the present quotation.

Turn Out of Calico Printers.—We understand that the great majority of the journeymen Calico Printers in this county are now out of employment, having left their work on Friday and Saturday last, in consequence of a proposed reduction in their wages.

LONDON, July 7, Evening.—Trial of Mr. Cobbett.—The trial of Mr. Cobbett, for an alleged libel, tending to excite the farming labourers to destroy thrashing machines, &c. came on this morning in the Court of King's Bench. The Attorney General addressed the Court in support of the prosecution, and called a witness to prove the publication of the Register of the 11th of December last, in which the paragraphs charged as libels were contained: Mr. Cobbett then began to address the court in his defence; alleging that the prosecutions had been instituted by the whig ministry because he had refused to support them. His address was not concluded when the reporters for the London papers left the court. He had summoned a great number of witnesses and among them all the cabinet ministers, most of whom were on the bench during his address.

BELGIUM.—After a debate of several days, the question on which the assumption of the throne by Prince Leopold depends, still on Tuesday last, (5th) remained unsettled. Great violence had been displayed by the war party who also had in the first instance, much the largest share of the talk. The friends of peace and order however, at length succeeded in gaining the attention of the House, and several of them, and particularly Mr. Lebau, Minister for Foreign Affairs, are stated to have spoke with great talent, discretion and effect. It is now asserted that there is no longer any doubt of the proposition being excepted by a considerable majority.

FRANCE.—The Paris papers of Tuesday (5th) with the Messenger des Chambres, dated yesterday (6th) arrived this morning. With the exception of two articles in the Messenger, we find nothing worth translating. The funds have again taken a fall. On Tuesday the 5 per cents closed at 85 90c; the 3 per cent, at £56 50c. The elections can, it is said in some of the papers, only go in favor of ministers by their yielding in some great points of foreign and domestic policy to the opposition. A private letter states, that several arrests, connected with a conspiracy in favor of the Ex-Royal Family, have been made in the south of France.

POLAND.—According to a statement in the French papers that the patriots in Lithuania were encompassed by the enemy, and from whom they could escape only by a battle. Accounts from Warsaw to the 27th ult' discredit this news, for every thing there looked prosperously. The Russian army in Poland had dwindled down from 150,000 men to 69,000 infantry, and 19,000 cavalry, having 332 cannon.

LIVERPOOL, July 9.—The next post will bring us news of the commencement of the elections, and the result will decide what kind of ministers are to rule in France. In the hope of securing a majority, M. Casimir Perrier has recommended all his friends to promise all required concessions; that the revolutionary party hope for a Chamber as democratic as they can wish. Ministers now make no show of opposing the popular voice with respect to hereditary peerage, as their supporters have obtained permission to pledge themselves to vote for its abolition. There seems to be no doubt but that the effect of the elections will be to compel a change in the affairs of France.

PROPOSALS

For publishing in the City of Washington, two Weekly Newspapers, (in pamphlet form.)

The Mechanic's Registry AND THE OTHER The Farmer's Register.

A portion of the Daily Telegraph will be devoted to agriculture and the mechanic arts. Having the matter in type, we propose to make up two weekly royal sheets, to contain sixteen octavo pages each; one to be entitled the Farmer's Register—the other The Mechanic's Register.

The price for these will be one dollar and fifty cents per annum, paid in advance. As this sum cannot be remitted by mail, any post master is authorized to receive it on account and the paper will be forwarded on his receipt.

The editor is willing, where an individual will obtain eight or more subscribers, and remit one dollar and 25 cents for each, to forward these papers at the rate of one dollar and twenty-five cents per volume. Each volume to contain fifty two numbers.

The object of both these works will be to place a cheap newspaper within the reach of every citizen; and at the same time, to make it doubly interesting by giving important information, suited to the avocations of those for whom it is intended. We admit that it is our desire that they shall find their way to the fireside of every honest citizen; and we are resolved to do all in our power to make them worthy of such favor.

The Register will contain a due proportion of political matter, and in addition to the valuable information, pertaining to their special objects, which the title designates, it will embody state papers in a convenient form for preservation. The public mind has been much excited on the subject, and with a view to embody in a condensed form an authentic account thereof, the first numbers will contain the correspondence between Gen. Jackson and Mr. Calhoun, which will be followed up by the publications explaining the cause of the dissolution of the late cabinet; thus embodying a mass of interesting history upon that subject in a pamphlet form. As it is expedient that many village and neighborhood clubs will be formed for their circulation we intend to publish a large edition of the first numbers.

DUFF GREEN.

Subscriptions to either of the above, will be received at this office.
