CHOICE FARM LANDS FOR SALE.

THE Illinois Central Railroad Company is now prepared to sell about 1,500,000 Acres of CHOISE SUBMING LANDS

in tracts of about FORTY ACRES, on long credits and at low rates of intensis.

These lands were granted by the Governthe world. They extend from North East and North West, through the middle of the State, to the extreme South, and include every variety of climate and productions found between those parallels of latitude. The Northern portion is chiefly prairie, interspersed with the groves, and in the middle and Southern sections timber predominates, alternating with

beautiful prairies and openings.

The climate is more healthy, mild and equable. than any other part of the country—the air is pure and blacing, while living streams and springs of excellent water abound. Bituminous Conl is extensively mined, and
