He had some mighty miff. Of our hereafter then he spoke, And named the Holy One

In such a next-door-neighbor way, I thought him half in fun, Because he wrinkled up his face, And smiled when he had done.

And then they passed the pewter plates Among the sinning wights, And well-pinched shillings took their place Along with widow's mites :

And I-I dropped three plebian cents-Three blacks among the whites.

And then up in the gallery They sung a grand old hymn, That moved the fountains of my soul, And flowing o'er the brim.

The tears ran down my nose and stood In drops upon my chin.

And then, the benediction said, In quite an off hand way, And left the fashionable church,

Where they had met to pray, But ere they passed the Gothic porch, Forgot 'twas Holy-Day.

I thought with grief on SUCH & church, And when I thought of HIM Who taught therein. I hung my head,

With tears my eyes were dim ; But courage took-the gospel spill Was heard in psalm and hyun.

Corn Beer. De 1

"Why do you not republish that reeipt for making corn beer? It is an excellent drink in warm weather." This was the remark made to us the other day, and as we know the drink referred to is good, and cheap, (no small recommendation, now-u-days,) we conclude to put our readers in the way to make

Take one pint of corn and boil it until it is a little soft, add to it one pint of inolasses and one gallon of water; shake them well together, and set it by the fire, and in twenty-four hours the beer will be exceedent. When all the beer be fit for use intwelve hours, by keeping the jug which contains it warm. In this way the whole ingredients used in making a gallon of beer will not cost over four cents, and it is botter and more wholesome than eider. A little yeast added greatly forwards the working of the beer. Maine Farmer.

Glass Milk Pans .- A farmer in Akron, Ohio, has been experimenting with) this, I believe glass pans will preserve milk one-third longer than tin pans!" We believe farmers are beginning to find her who are introducing glass instead

of tin. Remedy for Colic in Harses, One of our readers says that a pint of salt dissolved in a pint of hot water, and a quart of vinegar then added, and about half the quantity given, will cure the most inveterate case of colic. Should not the first dose effect a cure let the remaining half be given and the cure will be certain. He says he has seen and always with success.

Wheat sown in December, has ripened and been ready for harvesting by the middle of May, in Georgia, while that sown in September, is not ready to harvest before July, in Maine so that as many chemical changes take place in Georgia in tive months, as in Maine in ten. These changes consist in decomposing both organic and inorganic substances, and rendering them soluble for

the use of plants. Fruit when eaten should be perfectly ripe; it is then healthful. Fruit should constitute a much larger portion of our food than it does. Every farmer should raise all the finer kinds of fruits for the daily food of his family; it would greatly add to their health: Fruit has more beneficial effects when eaten in
