RALLY TO THE MEETINGS.

AND HEAR THE TRUTH! Sept. 28, 1857.

DEMOCRATS, BE ASSESSED!

Let every Democratic voter see that he is assessed. The law requires that you shall be assessed at least ten days before the election day. Look it up, and see that your name and that of your neighbor, who is not assessed, is entered on the assessment list, at once.

Go to Work!

We earnestly admonish every Democrat to go to work, and leave no honorable effort untried to carry the State and County Tickets. This is the great business at present before us, and he who, professing the Democratic faith, and a sincere desire to preserve the Union, shall fail to put forth his energies to elect the nominees of the party, will fail in the performance of a great duty, which must be a source of unpleasant reflections in after life. We have no moment to spare. The enemy are everywhere at work and everywhere united in a determination to beat the Democratic nominees on the Second Tuesday of October. Let us show them that we are awake and well prepared—that we know the importance of the issues between us—and, by one simultaneous and vigorous effort, plant the flag of triumph so high and so firmly that it can never hereafter be torn down.

Turn Out to the Election!

In Berks and some other heavy Democratic counties, the Black Republicans and Know Nothings have made no nominations for county offices, and do not intend to. Their object in being so modest all of a sudden is, that the vote shall be light in those counties, and the Democratic State candidates be so much the losers by it. Let there be, therefore, a FULL VOTE throughout our county, and throughout every county in the State.

The opposition must be thwarted in this trick, and we urge our friends everywhere to co-operate in the work. TURN OUT! TURN OUT! on Election day—disregarding about the weather and a fair or fine!

The Convention & the Ticket.

The Democratic party of Adams County has arrived—the time for labor and for zealous effort in the glorious cause which is so near and dear to your hearts. You have a ticket in the field composed of "good men and true," nominated by a full convention of delegates, elected by your own people, and which we are proud to say will compare favorably in character, intelligence and respectability, with any that has ever been offered for your support. You can elect it triumphantly, if you will, and do your duty. Will you try? We are sure you will. Then commence active exertions without delay, and leave no honorable means untried to get down to the polls on Tuesday. You will have a wily and desperate foe to contend against. Every means, foul as well as fair, will be resorted to by your opponents, and every artifice employed to divert your attention from your duty. Let not this intimidate or discourage you, but be resolved to contend like men in behalf of your principles and your candidates. Hold township meetings—converse and reason with your neighbors—urge them to do their duty—and let every man act as though the result of the election rested upon his shoulders alone. In ordinary times such exertions are not necessary, but now it is different. We have every faction and every aim to contend with. This conglomerate of parties can easily be overcome—effectually overcome—if every Democrat does his duty. Who will hesitate to lay his shoulder to the wheel? We are sure the response will be, NOT ONE!

CHARLES WILL, the nominee for the Assembly, is a practical farmer, possessed of all the qualities necessary to a proper discharge of the high duties devolving upon a Representative in our State Legislature. That he is far superior in every essential attainment to his opponent, all who know the men must admit. A ready thinker, and always able and willing to express his thoughts clearly and independently, we may expect him to give Adams higher rank in the next than she held in the last House. A desirable change will, therefore, be effected by his election.

ISAAC LIGHTNER, the candidate for Sheriff, is also well known for his sterling qualities. As a mechanic and farmer, he has labored industriously, day in and day out, to acquire an honest livelihood for himself and family, and deserves well of his fellow-citizens. He has a large fund of general information—is determined, yet humane—and will make, what all who know him will second us in promising, a first class officer.

That JACOB BUSHEY has all the qualifications required for an efficient performance of the responsible duties of Prothonotary, will not for a moment be questioned. A capital clerk, of accommodating disposition, and exceedingly careful in all business matters entrusted to him, those who may have anything to do at that office while in his hands, may rely upon being promptly and satisfactorily served.

For Register and Recorder, ZACHARIAH MYERS, a hard-working farmer all his life, is the candidate. He, too, is a good clerk, always obliging, always attentive. By placing that important post under his care, the voters of the county will secure an officer of much merit.

HENRY G. WOLF, for Clerk of the Courts, is acknowledged everywhere to be a first-rate clerk, and the very man for the post. Proverbial for his accommodating spirit and fine qualities of head and heart, we have no hesitation in predicting for him the meed of "well done, good and faithful servant."

For County Treasurer, JOEL B. DANNER is the nominee. An excellent business man, of obliging disposition, and so well known and enjoying so large a share of public confidence, what is left us to say in this connection that would better establish him in general favor? A popular officer heretofore, we can very candidly promise that he will take the same rank again. He always polls a heavy vote.

For the important office of County Commissioner, JACOB RAFFENSPERGER is the candidate. Long a farmer of Hamilton and for several years of Butler, he enjoys an extensive acquaintance, and all who know him will pronounce him one of the very best men for the office that could be found in the county. To discharge its duties as they should be discharged, requires good business acquirements, beside a general knowledge of the county, all which we know to exist in an eminent degree in Mr. R. No Tax-payer will ever regret voting for him.

The same may be said of ANDREW WHITE, the nominee for Director of the Poor, and ISAAC HERETEL, for Auditor. No one knowing these gentlemen will question their entire fitness, or doubt the propriety of their election.

The duties of Coroner will be promptly and faithfully discharged by Dr. C. E. GOULDSBOROUGH. Those duties are at times of a highly responsible character, and should they assume such a shape during his term, he will be found equal to the emergency.

Such is the ticket presented by the Democratic Convention. That it is a strong one throughout, the beat of the popular heart acknowledges so palpably as to cause the Dark Lantern managers to quake from head to heel. Look at it—scan it, man for man—and if the candidates upon it are not found to be "head and shoulders above" their opponents in all the necessary qualifications, then has our knowledge of them, of years standing, only resulted in deceiving us. We will not permit ourselves to doubt their triumphant election. That it will require effort, we know; but with so unexceptionable a list of standard-bearers in the field, who will hesitate in doing his utmost to secure their success?

In forming this ticket, the Convention had unusually good material to choose from. It was hardly possible to make a mistake; and had any of those who were defeated been successful, their nomination would have been hailed with the same degree of approbation so apparent in regard to those more fortunate.

Vigilance—Action!

Democracy of Adams, the time for action has arrived—the time for labor and for zealous effort in the glorious cause which is so near and dear to your hearts. Won't Do Now!

It is well known that several of the Know Nothing and Black Republican candidates in this county, last fall, elected among those opposed to Dark Lanternism; by assenting that they were not then connected with the Order, and never had been—and conveyed the impression to the minds of the voters that, should they be elected, they would in no manner act with the odious aim, or exhibit the least sympathy for it. Well, they were successful at the polls, mainly, if not entirely, owing to the votes secured through this deception—and what has been the result? The course of Mr. MUSSELMAN in the Legislature is well known. He acted with the Know Nothings and Black Republicans—voting with them on all political motions—from the election of Simon Cameron to the United States Senate, down to the most petty measure—and it is no more than fair to expect that if re-elected, he will do so again. The gullible voter may know exactly what reliance to place upon similar anti-Know Nothing professions hereafter, and will hardly be caught in the same trap again. "Cheat me once, 'tis your fault; cheat me twice, then 'tis my fault!"

But "the self same dodge is already being resorted to by candidates nominated in last Tuesday's Know Nothing and Black Republican County Convention, with all the coolness imaginable, as though the eyes of anybody had not been opened to it.—The other day, a town candidate met a gentleman from the country, and informed him in a confidential way, that though nominated by the Convention, he "supposed the Know Nothings would cut him," and he would have to look for some outside support! The voter he was addressing (a Democrat and a Catholic) "saw clear through this trick," and gave him to understand, very distinctly, that he couldn't be fooled out of voting the ticket of his party!

The cool candidate brought his vote to a bad market in this instance—and although he will carry it to others, we venture to predict the same success in ninety-nine cases out of a hundred, if not in all.

Just think of the brazen character of the attempt! Asking at the hands of a Convention more Know Nothing than anything else, a nomination, and receiving it, surely ought of itself to restrain a candidate's presumption and assurance from begging votes of that class who are PROSCRIBED in the dearest and most inalienable RIGHTS, by the very party which nominated him. Palaw!

But the game won't do NOW. You can't be gullied twice in the same way.

The Nebraska Election.

The Omaha, (Nebraska) Times gives the official vote for Congressional delegate from that territory. It is as follows: Ferguson, 1,954; Chapman, 1,597; Rankin, 1,304; Thayer, 1,288.

Judge Ferguson is, or was, the Chief Justice of the Territory, and the Times rejoices over his selection as a great triumph. He is a Democrat of high standing and excellent ability. It is said that Mr. CHAPMAN will contest the result on the ground of alleged informality in the voting in some precincts. When it is considered that out of the 5,843 votes polled in this territory at the late election, 4,553 were cast for Democratic candidates, the strength of our party in Nebraska can be fairly estimated. This Territory, like Kansas, was organized under the provisions of the Nebraska bill, and peace has reigned within its limits uninterrupted, owing to the fact that its soil was not polluted by the tread of that band of outlaws sent out by the Massachusetts Emigrant Aid Society, to interfere with the real inhabitants of these territories. The real voters of all the Territories are strongly in favor of the wise and progressive measures of the Democratic party, and when the choice of rulers is left to them, they invariably roll up such a vote as that in Nebraska.

Well Done, Vermont.

The official returns from the hot-bed of Black Republicanism, show that the Truth is beginning to have its effects over there. In November, 1856, the vote for President stood as follows: Fremont, 39,561; Buchanan, 10,569; Fillmore, 545.

Republican and N. K. maj.

The official vote for Governor this fall is: Fletcher, (Republican) 25,675; Keyes, (Democrat) 13,014.

Republican, &c. majority.

DEMOCRATIC GAIN, 13,676.

What Black Republicanism

think of Poor Men. The Black Republican candidate for State Treasurer of Ohio is Alfred P. Stone, the same gentleman who once made use of the following expressions: "Every laboring man ought to wear a red patch on his back, so that he could be designated from respectable people."

At a public supper, he gave the following toast: "Wine—A luxury, thank God, none but the wealthy can enjoy."

Such aristocratic sneers always meet with favor from Black Republicanism, the same party, that would place a negro on an equality with white men.

The "Nix Wisser" Convention.

The opposition Convention, on Tuesday last, in accordance with the previous arrangements of the Managers, of "Superior Councillors," nominated the following as their ticket: Assembly—John Musselman, Hamilton. Sheriff—James A. Thompson, Gettysburg. Prothonotary—Robert Martin, Gettysburg. Register—Frank H. Oxford. Treasurer—John Scott, Gettysburg. Commissioner—John Hostetter, Union. Director—Michael Dietrick, Butler. Auditor—Benj. A. Marshall, Hamilton. Coroner—Dr. W. K. Stewart, Petersburg. There existed a presumptuous disposition on the part of a considerable body of the party to interfere with the plans of the Managers, and in some instances it was nearly successful; but the end proved the skill of the "Superiors" too much for all opposition.

There were lurking objections to Mr. MUSSELMAN—the repeal of the Tonnage tax, "Simon Cameron," &c., being urged—but he had served the Managers well, and that was enough to bring about his re-nomination. The people will say what they think of his legislative course at the polls.

As to the Sheriffship, the Managers were for a time at fault. Their great stand-by, York Springs, deserved something handsome, the "Superiors" very well knew; but a certain influence here got their right ear, and, instanter, Mr. THOMPSON was determined upon—Mr. BUCKER to be put off by some shuff about the "School question." Won't do!

For Prothonotary, Esquire DUNBAR was acknowledged the strongest man, but the Managers appreciated the office-hunger of ROBERT MARTIN, and he was successful—after a tight chase. The voters will make short work of him.

In regard to the Registership, the Managers at first inclined to Mr. McCRAE, but after consulting long and anxiously, and allowing themselves to be cheated into the belief that Mr. BAKER could secure Democratic votes in the township, he was fixed upon as the man. Whenever he finds himself elected by the aid of Democratic votes, he can prepare to "move"—but we would advise him to make no sacrifices for office.

As to the Clerkship to the Courts was concerned, Mr. HILDBRAND had the lead to track all along. He had a party friend occupying a high seat in the Dark Lantern Synagogue during these deliberations; which was sufficient for a nomination; but will not be for an election, by a-o-n-a-i-d-r-a-b-l-e.

There was no little trouble in regard to the Treasurership. Not in so far as the making of a choice by the Managers was concerned—Mr. SCOTT was their favorite—but to induce Messrs. HOKK and WISNER to leave the course—either of whom, we can safely venture to say, possessed far more personal popularity than the nominee. Mr. Winebreuner was eventually persuaded to decline, for the sake of the "success of the party," (1) but Mr. Hoke was too sharp and spongy for that, and would not acknowledge, by act or deed, the superior deserts of the late Sheriff and later Poor-house Steward. But he must get to know or be failed to recollect, that the Major had served the Managers faithfully, and that that was an all-powerful merit in their eyes. His nomination does not insure his election, however, as he and the "Superiors" may learn somewhere about the second Tuesday of October. Mr. Hoke would have made a closer, and, therefore, more interesting run of it.

The Commissioner question was also somewhat difficult of adjustment, the friends of the York Springs district insisting for something that was worth having, the Sheriff being denied them; but the Managers had arranged the night before for Mr. HOSKERTZ's nomination, and there was no altering it. We don't know much about the nominee, but are impressed with the conviction that his services will not soon be required in the Board of Counties Commissioners. The people may not be entirely certain that he is competent for the post.

Mr. BENJ. A. MARSHALL's name was proposed for Commissioner by some one not supposed to be "in the ropes," but the Managers' programme had him down for Auditor, and of course he was given that.

At last, York Springs turned up. Dr. STRAWNS got the position of Coroner on the ticket. Whether he will allow his name to remain there, it is not for us to guess; but if he does, he'll "wish he hadn't."

And by the time the campaign is over all the candidates on that sinking craft will wish "in and about" the same thing!

The Convention adopted no platform, probably presuming that everybody is already sufficiently conversant with the prescriptive principles of the one, and the disinclination of the other, wing of the party. There are those, however, who intimate that the Delegates were afraid to avow their doctrines; but we can hardly suppose that the men who were so jolly shocked at the wrongs of the negro, and the dangers of "Romanism," and "Foreignism," but a year ago, could be induced to "back down" so soon. No, no, they are to be looked at "darkly."

Reaction in the Philadelphia News.

Reaction in the Philadelphia News, over the signature of H. B. Swoope in which certain presses are charged with having been bought over to Fremont during the last campaign. The audience was then dismissed, and the show broke up. Whether the public are to have another performance, "with an entire change of programme," a year hence, time alone will determine.

Bear in Mind.

Democrats and friends of the Union and Constitution, the brilliant victory over Know Nothingism and Black Republicanism, which Adams county so handsomely shared in, last Fall! Let our party friends in the present campaign duly appreciate their proud position, and not relax their efforts to maintain it. ETERNAL VIGILANCE is as necessary now as it ever was, to uphold and preserve the liberty and prosperity of the country. We must not sleep at the post of duty, nor rest in inglorious ease and security. The struggles of last year's rout are marshaling for another contest. We must meet them again in October, with another WATERLOO DEFEAT. Let every Democrat in the county TURN OUT and VOTE on the day of the Election.

In speaking of JOHN SCOTT, the Know Nothing and Black Republican candidate for County Treasurer, the Star says: "A change in the political complexion of the Board, [of Directors of the Poor,] brought about a change of Steward; much to the regret of even large numbers of the opposition." The writer for the Star must have been thinking of somebody else when he penned that assertion. We mingle intimately and extensively with our party friends, but this is the first time we ever heard of "regret" because of Mr. Scott's removal from the Poor-house among any of them, let alone "large numbers." He is not the kind of politician to cause such general "regret."

Although the Know Nothing managers managed to have their County Convention, or "Council," after that of the Democrats, it does not appear that they made anything by the operation. Certainly the ticket which they succeeded in sticking together exhibits rather more "loss" than "profit" in the business. One as barren of strength as this, we had supposed them able to scare up with less than half the trouble. All the riches of Mariposa would not save it from mortified defeat.

The Democracy of Baltimore.—The Democracy of Baltimore have determined not to nominate a city ticket for the approaching election. The reign of terror still continues—and it is believed that more good can be accomplished by giving the Know Nothings a clear field than by meeting them upon the field of battle.

Bank Suspensions.

The Bank of Pennsylvania, at Philadelphia, suspended specie payments on Friday last, causing great excitement and an immediate run on all the other banks in the city. A conference of all the Presidents was held in the afternoon, and after carefully canvassing the state of the pressure and their resources, they resolved on a temporary suspension of specie payments on checks, and also on all bills exceeding ten dollars.

It is said that the Baltimore, York, Harrisburg, Chambersburg, and other Banks, have also temporarily suspended specie payments—not on account of any want of solvency, but as a measure of self-defence, against the "incursions" of the city brokers. This breeze will doubtless soon blow over, and then things will move along as smoothly as before.

The President Goes to Lancaster.—The President of the United States has left Washington for his home in Pennsylvania. It is not known how long he will be absent.

Heavy Failure.—The well known and extensive dry goods house of Messrs. Caley Cope & Co., Philadelphia, has suspended. Their liabilities are nearly \$700,000.

Molasses from Indian Corn.—Mr. George S. Kintzi, of Exter township, called at our office a day or two ago, with two samples of Syrup or Molasses, one made from the common Indian Corn, and the other from the Chinese Sugar-Cane. The first was of the color and consistency of the best Molasses, and had a pleasant sweet flavor. Mr. Kintzi tried but a small experiment in making this Syrup. He took eight corn-stalks, cut off at the root and at the ear, crushed them in a cider-mill, and pressed the juice out with his hands. A quart of sap was thus obtained, which, after boiling thirty minutes, yielded one pint of beautiful Syrup. The Chinese Sugar-Cane was subjected to the same process, and yielded about the same quantity of Syrup, but not so thick, nor of so fine a flavor as that made from the common Indian Corn. The success of Mr. Kintzi's experiment should induce others to try it upon a larger scale. It would be a great thing if the corn-stalks which the farmer has heretofore regarded as of little value, could be made to yield, with so little trouble, molasses sufficient to keep him in "sweetening" the year round.—Reading Gazette.

A new invention has been brought forward at Versailles, France, for preparing flour by a chemical process, a great deal finer than by grinding. A sample of the flour has been sent to the Academy of Sciences in Paris, to report upon.

"Do you enjoy good health?" "Yes," was the reply, "what else?"

PROCEEDINGS OF THE Democratic County Convention.

The Delegates chosen by the Democratic voters of the several Boroughs and Townships of Adams county, on Saturday the 13th inst., met in Convention, at the Court-house, in Gettysburg, on Monday, the 21st, for the purpose of placing in nomination a County Ticket, and transacting such other business as might be brought before it. Hon. DANIEL SHEFFER was called to the Chair; NICHOLAS HERRAZZI and JOHN ELDON, Esqs., were chosen Vice Presidents, and EDWARD MCINTIRE and CHRISTIAN CASMAN Secretaries.

The names of the candidates for the several County offices were then proposed, after which the Convention adjourned until 1 o'clock, P. M. The Convention re-assembled at 1 o'clock, and was called to order by the Chairman.

The Convention then proceeded to ballot for choice of candidates, with the annexed results: Assembly, Charles Will, Sheriff, Isaac Lightner, Prothonotary, Jacob Bushey, Clerk of the Courts, Henry G. Wolf, Register, Z. Barish, Recorder, Commissioner, Jacob Raffensperger, Treasurer, Joel B. Danner, Auditor, Isaac Heretel, Director of the Poor, Andrew White, Coroner, Dr. C. E. Gouldsbrough.

Upon reading the nomination for County Treasurer, the following letter from Mr. Waybright Ziegler was read, asking that his name might be withdrawn, upon which Mr. Danner was unanimously nominated: Gettysburg, Sept. 21, 1857.

To the President and Members of the Democratic County Convention: GENTLEMEN: I beg to have my name withdrawn from the list of candidates for nomination to the County Treasurership—and whilst doing so, will occasion to say, that the ticket this day nominated, shall receive my hearty and active support. Shoulding friends hereafter see proper to bring my name forward for the office mentioned, I shall be under deep obligations, and endeavor to do my duty.

Truly yours, WAYBRIGHT ZIEGLER. E. W. Stallo, Chairman of the Committee of Resolutions, read the following: Resolved, That in JAMES BURKMAN we have a Chief Magistrate of unsurpassed ability, who has thus far administered, and we feel warranted in declaring, will continue to administer, the affairs of the Government for the good of the County, and the welfare of North and South. He is wise and pure, and will not undertake to exercise any doubtful powers.

Resolved, That Gen. Wm. F. PACKER, the Democratic nominee for Governor, is worthy of the confidence of the old Commonwealth, as well as experienced in the affairs of State, and of tried integrity and capacity, he is the man for the place. And the voice of the people will say so on the Second Tuesday of October.

Resolved, That the nomination of Hon. NIMROD STRICKLAND, whose name is synonymous with public integrity and capacity, for Canal Commissioner—and of Wm. Strong and James Thompson, men eminent for learning, ability and integrity, for Judges of the Supreme Court—the Democratic State Convention gave an additional assurance to the people that the public good is the only aim of the Democratic party.
