

E. F. STABLE, EDITOR AND PROPRIETOR.

GETTYSBURG, PA. Monday Morning, Nov. 2, 1867.

A Democratic Jollification will take place at David Goodyear's, in Franklin township, on Friday evening next.

Gov. Packer's Inauguration.—The Harrisburg Herald states that arrangements are now in progress for a grand military and firemen's parade there, on the occasion of Gov. Packer's inauguration.

It is said that the seat of Mr. Robinson, of the Dauphin district, in the State Senate, will be contested by Mr. HALDEMAN, on the ground of fraudulent voting on the part of the Black Republicans.

The Election in Baltimore on Wednesday next is looked to with much anxiety—not so to the result of the vote, but the order, or want of it, which may characterize the doings of the day.

Serious Affray.—On Tuesday afternoon last, as the cars were about to leave Chambersburg for Harrisburg, James C. McKibben, a Member of Congress from California, and ROBERT P. MCKIBBEN, a law student at Chambersburg, sons of CHARLES MCKIBBEN, the well-known and esteemed proprietor of the Merchants' Hotel, and at present Naval Officer at Philadelphia, entered the car at opposite ends, armed with revolvers, and commenced firing over the heads of the passengers, at a Mr. CRAIG, of Pittsburgh, who was seated in the car.

The Messrs. McKibben were arrested and held to answer a charge of assault with intent to kill, in the sum of \$800 each.

Swift Retribution.—A respectable looking young man, calling himself George Bradley, arrived at Chambersburg, Pa., on Friday evening week, and walking into the jewelry store of John Hutton, unseen, picked up several watches, valued at \$386, and made off, but was pursued and arrested.

Proposed Issue of Small Notes.—A large meeting of the citizens of Harrisburg was held on Saturday evening at the Court-house, to request the town council to issue small notes for the convenience of business men in making change.

Remarkable Restoration.—In Vorderer, Orange county, Va., a little girl, deaf and dumb and palsy, has lately had the typhoid fever, and when she recovered, her speech and hearing were restored.

A detachment of two hundred soldiers passed through Harrisburg on Saturday morning, on their way to Utah Territory.

Mr. Snow fell in Scott, Wise, Russell and Tazewell counties, Va., on Friday last week. Several mountain peaks were whitened.

Gov. Andrew Johnson, the new Senator from Tennessee. The recent election of that sterling Democrat, Gov. Johnson, to fill the place long occupied by one of the ablest Whigs in the country, is an event bright as the beams of the sun in its features and effects, doing honor to the energy, ability and integrity of the man, securing the influence of this chivalrous State for the welfare of the whole country and teaching in all things, a lesson to the young men of the land, however poor and obscure, the good fruits of which will be gathered by future generations.

Of all the men in the history of our country who have risen from almost oppressive obscurity to princely and merited eminence, Governor Johnson seems to be one of the most remarkable. There is but one opinion about the eminent ability with which he will discharge the duties of his new station, for aside from the laurels won at home he has already served a term in the House of Representatives and there won the favor which has culminated in this new honor.

This was the Democratic element—industry and honest decision of character—working at the foundation of popular sovereignty. Truly, "where there is a will there is a way," though it takes a giant mind and a lion heart to win the victory over ignorance and want.

Important Proclamation. Governor Johnson, of Maryland, issued a Proclamation on Wednesday, the 28th ult., calling into requisition the military in the City of Baltimore to aid the civil power at the election on Wednesday next.

The steamer Baltic brought, a few days ago, from Liverpool £75,000—that is, \$368,462. The day before the Baltic left it was said to have been ascertained that £370,000 (\$1,850,000) more, just received in England by the Red Jacket from Australia, had all been taken up for the United States.

The Specie Coming. The steamer Baltic brought, a few days ago, from Liverpool £75,000—that is, \$368,462. Former Bank Suspensions. The first general suspension of specie payments by banks occurred in 1814, immediately after the capture of the city of Washington by the British.

The State Finances.—There is a vast difference in the condition of the State Treasury now, from what it was when the "hard times" of 1837 came on.

Freedom in France.—M. Perret, the editor of the well known medical journal, the "Moniteur des Hopitaux," has been sentenced to three months' imprisonment for speaking (not in his journal, but by word of mouth) disrespectfully of the Emperor Napoleon.

Mr. Snow fell in Scott, Wise, Russell and Tazewell counties, Va., on Friday last week. Several mountain peaks were whitened.

The Moneyed Crisis—Light, Alford. Our able and sound Democratic contemporary, the Washington Union, is devoting much space to the consideration of the question of banking and currency viewed in connection with the present moneyed crisis.

Ohio.—The Cincinnati Enquirer says it is now pretty certain that Salmon P. Chase, by a narrow squeeze, has been re-elected Governor of Ohio. He has, however, to meet a Democratic Legislature, and will find his position for the next two years decidedly uncomfortable.

The October Elections.—The October elections (says the New Hampshire Patriot) have resulted gloriously for the Democracy. The results in Pennsylvania, Ohio, and Iowa have literally broken the back of the Black Republicanism.

Heavy Failure.—Our exchanges are unanimous in the opinion that the heaviest failure of this great season of failures occurred on Tuesday the 18th, when the firm of WILMOR & Co. made a dead break.

It is said that Gov. Walker, of Kansas, is to be removed—reason, going beyond his authority in setting aside some elections returns.

Barnum, the serene highness of him, is again on his legs! The Stamford Advocate announces "with pleasure the probable fact that to-day he is a richer man than he was before his connection with the Jerome Clock Company.

Metations of Trade.—Lord Overstone, a distinguished English financier and legislator, graphically describes the mutations of trade. The state of business, he says, "revolves apparently in an established cycle.

Counterfeit Notes.—We notice that our contemporaries of the press are cautioning their readers to beware of the counterfeit notes that are in circulation in all parts of the country.

Rather Severe.—A letter addressed to "the Church of God," at Portland, Me., some years ago, was returned to the General Post Office with the endorsement, "Misdirected—we have nothing but sectarian Chatter in this place."

Thomas Crawford, the American Sculptor, died in London, on the 10th ultimo, at the age of 44 years. He was a native of the City of New York.

In the Ohio Legislature the Democrats have a majority of 7 in the Senate and 18 in the House.

Kansas. It is now entirely certain that the Blackists will have a majority in the Legislature of Kansas, but there will be a large majority in favor of making it a free State.

The Fate of those Members who Voted for the Sale of the Main Line. Not the least gratifying feature in the result of the election is the rebuke received by the party and the individual members that passed the iniquitous bill for the sale of the Main Line.

The State Senate. The recent election in our Commonwealth has placed in the State Senate some men of more than ordinary ability—men who will add to the reputation of that branch of the State Legislature, and inspire the party with hope and confidence of the future course of Pennsylvania legislation upon all important questions.

Now, however, the case is different. The Senate to meet in January next will be a faithful reflex of the popular will, whilst at the same time it will rank among its members men who are widely known for their intelligence and devotion to Democratic principles.

The election of Hon. William P. Schell from Bedford, Huntingdon and Somerset counties, composing the XIXth Senatorial District, is also a matter of just pride to the Democracy.

The II'd District will be represented by Hon. Thomas S. Bell. This gentleman was for many years an Associate Justice of the Supreme Court of Pennsylvania, and will make a highly intelligent and useful member of the Senate.
