A convincing proof of the constitational effects of inhalation, is the fact that sickness is always produced by breathing foul air—is not this positive evidence that proper ramedies, carefully prepared and judiciously administered through the lungs should pro-duce the happiest results? During eighteen years' practice, many thousands suffering from diseases of the lungs and throat, have been under my care, and I have effected many remarkable cures, even after the sufferers had been pronounced in the last stages, which fully satisfies me that consumption is no longer a fatal disease. My treatment of con-sumption is original, and founded on long experience and a thorough investigation. perfect acquaintance with the nature of tubercles, &c., enables me to distinguish readily, the various forms of disease that simulate con sumption, and apply the proper remedies, rately being mistaken even in a single case. familiarity, in connection with certain policy logical and microscopic discoveries, logical and microscopic discoveries, eme to relieve the lungs from the effects of tracted chests, to enlarge the chest, purify the blood, impart to it renewed vitality, giving energy and tone to the entire system.
