occasions, at moderate charges.

Cement Roofing.

It is perfectly Fire and Water proof, and in point of durability is equal, if not superior, to any Metalic Roofing. It can be put on XLNT assortment of Spring and Summer over tin, tar, iron, or shingle roofs, however In point of resisting the elements of fire

there is no further room for improvement. No one will now think of putting on shingles, when this Cement can be had for much less money and will outwear four shingle roofs. This Roofing is warranted as represented. The Elastic Cement is the cheapest and best protection from decay for wood exposed to the weather or dampuess of the ground. It is also the best paint for iron, effectually preventing rust; and wherever applied per-

feetly excludes dampness.

The subscriber has this Cement for sale, in quantities to suit. For further information, GEORGE A. COLE, Frederick City, Md. Specimens of the Roofing may be seen at the Prothonotary's Office, in Uettysburg.
