

John & Co. Affairs.

Gettysburg Railroad Bonds are selling more readily every day. Not only people who have money to invest, but those who must borrow, are buying them, looking to an enhancement in value before long.

The Fourth of July. We notice that the necessary steps for the proper observance of the coming anniversary of the declaration of American Independence are being taken in a number of places around us.

The Summer Session of this institution commenced on Thursday. During the entire week, students, old and new, gathered in from all points.

On Tuesday last, on motion of D. McConeghy, Esq., CHARLES KING, Esq., was admitted to the practice of Law in the several Courts of Adams county.

By a notice in our paper to-day, it will be observed, that our worthy friends Hon. J. B. DANNEB and Judge ZIEGLER have retired from the mercantile business, in which they have been engaged for some years, with profit to themselves, we hope, and certainly with every disposition to accommodate the public.

Last evening (Wednesday) at about 10 o'clock, our citizens were startled by the alarm of fire, which was caused by the burning of a barn belonging to Mr. John A. Miller, on York street; so rapid were the flames that, before the Engines could be brought to play upon the barn, it was a mass of smoking ruins.

A letter from Arcadesville informs us that Mr. SAMUEL HARTMAN, of McAllen township, has a calf which weighed, one hour after birth, 120 pounds! Certainly very hard to beat.

Prof. M. L. STOVER has our thanks for a copy of the Address of Rev. G. DIEHL, of Frederick, Md., before the Bible Society of Pennsylvania College and the Theological Seminary of this place, on the 11th of April last.

We have received another letter from "An Oxford Farmer," travelling in the West. It will appear next week.

For The Compiler. In a stick of timber 16 feet long and 28 inches square at one end, and 32 inches square at the other end, how many solid feet and how many feet of board measure?

Ms. STABLE-DEAR SIR: The question furnished by S. last week, comes under the head of Arithmetics. Calculating for simple interest the answer is 21 years 10 months and 80 days and a fraction.

Editor of Compiler: Having seen in your last issue an article on the Chinese Sugar Cane, I thought I would give you the result of an experiment of mine. Last spring I planted a square rod of ground with seed procured from the Patent Office, (16th of May) just as I plant broom corn, hills two feet apart each way, six or seven seed in a hill, which I afterwards thinned to three stalks, and worked the same as broom corn; pulled the suckers from part and let them grow on the remainder.

There was not much difference in the size of the stalks, each stalk sending out from two to four suckers, which I found when ripe to be well filled with sap. Cut the stalks off at the ground when the seed was matured, about the 15th of Oct; cut off the seed and stripped off the leaves; pressed the juice by running the stalks between hand rollers, which process produced near 9 gallons of juice, making 1 1/2 galls. of thick syrup when boiled down. I then run the stalks through a straw cutter and steamed the same; put them under a screw and obtained enough to make one gallon of syrup-making in all 21 gallons of thick molasses, which is equal to 400 gallons, or 10 barrels, of 40 gallons each, to the acre.

There was one half of a bushel of seed on the rod, equal to 80 bushels to the acre. I should think the leaves equal to 30 lbs. of hay, which is two tons eight hundred pounds to the acre. The soil was not better than good corn ground.

I think it would be a profitable crop, the seed equal to a good crop of oats; the fodder to a crop of hay, and the molasses, 400 gallons, at 37 1/2 cts. per gallon, \$150.

A sample of the syrup can be seen at my residence, corner of High and Washington streets. SOLOMON POWERS, Gettysburg, May 28, 1858.

A word fitly spoken has often produced results of the most beneficial character. We hope that the items of counsel we submit may do good to all concerned. If you are interested in Agricultural affairs, subscribe for The Compiler!

A friend at Emmitsburg informs us that the present corporate authorities of that place seem determined to discharge their full duties, having arrested all disorderly persons, and disposed of them according to the provisions of the town ordinances.

We are informed that a Tournament is in contemplation in the village of Mummasburg, and that when all the arrangements are made, due notice will be given. The Knights meet for tilting every Saturday afternoon. Tournaments are very popular in Maryland and Virginia.

Monster Nugget From Australia-A monster nugget, recently discovered in Australia, has arrived in London. It was found at the "Kingover diggings," 130 miles from Melbourne. This superb mass of gold is two feet four inches in length, and ten inches at its greatest width; it weighs nearly 140 pounds, and strange to say, it is estimated by gold brokers that it contains but six ounces of dress, the residue being gold of the purest kind.

Why are sheep the most dissipated and unfortunate of animals? Because they gambol in their youth, frequent the fairs, are often black-klegs, and are universally fleeced.

The Altar. On the 18th inst., at Conowingo Chapel, by Rev. Michael Daugherty, JOHN BUSBY, Sr., Esq., of McSherrystown, to Miss MARGARET, daughter of Mr. Nicholas Link, of Oxford township.

MARRIED. On the same day and place, by the same, Mr. PUIS LAWRENCE to Miss ANNA MARY STRAWSBAUGH, both of Adams county. On the 20th inst. by Rev. Jacob Fry, Mr. CHARLES D. ELDEN to Miss ANNA M. RAUENZAHN, both of Bendersville, Adams county. On the 25th inst., at Greenberg Springs, Adams county, by the Rev. J. A. Bender, Dr. J. J. BREWER, of Bendersville, to Miss LOUISE RACHEL BERTZELI, of Middletown, Adams county.

The Tomb. On Thursday last, in Middletown, Burial township, Mr. HENRY KOEHLER, Sr., aged about 76 years. On the 23d inst., CHARLES HANSON, son of Mr. Elias Hanson, of Bendersville, aged 1 year 11 months and 23 days. In Emmitsburg, on Saturday morning last, MARY E., daughter of Frederick A. and Julia P. Seay, aged about 16 months.

A Monster Fish Net. Some New York speculator has just attracted some attention by the construction of an immense fish net, which contains five tons of twine, and requires seventeen barrels of tar to coat it. The first trial with it was made a few weeks ago, outside of Sandy Hook, two small steamboats being employed to drag it through the water. The net was soon fish full, and was intended to run the fish into a box which was dragged behind the net; they swam, however, before the net as fast as the steamboats could go, and consequently escaped. So this attempt to monopolize the fish business is thus far a failure.

WATER'S BALM OF WILD CHERRY-Proofs of the great superiority of Dr. Water's Balm, for all the ailments of the throat. Orono, New Haven Co., Conn. Jan. 4. Dear Sir: I have witnessed the effects of Water's Balm of Wild Cherry, in the case of one of my neighbors, who has been for several years seriously afflicted with Pharyngitis, General Palmaris Weakness, Bleeding of the Lungs, etc. I have been induced to ask you to send me some of the medicine. My neighbor, referred to above, had a violent attack of Bleeding of the Lungs, and distress in breathing. He tried a bottle of the Wild Cherry, which has produced a most salutary effect. At his instance, and several others laboring under the same complaint, I have been induced to make this request. By attending to the above immediately, you will oblige the afflicted, and also

The Only Safe. PREPARATION that does not dye, but I will restore GRAY HAIR to its original color, by Nature's own process, is Professor O. WOOD'S celebrated HAIR RESTORATIVE. In proof of the above assertion, read the following testimony from distinguished persons from all parts of the country: Hon. Solomon Mann, Ann Arbor, Mich., says his wife, whose hair had become very thin, weakly, and brittle, was restored to its original brown color, and had thickened and become beautiful and glossy upon, and entirely over the head. Others of my family and friends are using your Restorative with the happiest effects. Hon. Judge Breese, Ex-Senator of Illinois, says my hair was prematurely gray, but, by the use of Wood's Restorative, it has resumed its original color, and I have no doubt permanently so. Hon. H. I. Stewart, says, my hair was very gray, but after using two bottles, it restored to its natural color. Rev. J. K. Briggs, Westford, Mass., says it has removed from my head inflammation, dandruff, and a constant tendency to itching, and restored my hair, which was gray, to its original color. J. W. Davidson, Monmouth, Ill., says, my hair was two-thirds gray, or rather white, but, by the use of the Restorative, as directed, it has resumed its original color. Dr. G. Wallis, Chicago, says, after using a great many other preparations, all to no effect, I used one bottle of your Hair Restorative, which has cured a humor in my head of two years standing. Benjamin Longridge, 254 Seventh Avenue, New York, says, having lost my hair by the effects of the Erysipelas, when it began to grow, instead of black, as heretofore, it was well mixed with gray. Having tried many preparations to restore the color without effect, I was induced to try yours, and, in spite of all my doubts it has had the desired effect. H. L. Williams, M. D., Peckensville, Ala., says, I have used your Restorative, and find it all that it is recommended to be. I have tried it for Tetter and find it a certain cure. W. M. Woodward, M. D., Frankfort, Ky., says, he recommends it in his practice as the best preparation for the hair now in use. Edward Walcott, says, three months ago my hair was very gray, it is now a dark brown, the original color, smooth and glossy, all by the use of your Restorative. Wilson King, says, one month's proper application will restore any person's hair to its original color and texture. J. D. Hies, says, a few applications fastened my hair firmly, it began to grow out and turn black, its original color. Rev. Sully, Northboro, Pennsylvania, says that her hair had, for a number of years, been perfectly white, but now it is restored to its youthful color, soft and glossy. Dr. J. W. Bond, St. Paul, says, his hair is strong, thick and black, although a short time since he was both bald and gray. I have here saw its effects and have confidence in it. Morris Gueling, M. D., St. Louis, says, that after trying many other preparations, all to no effect, he used two bottles, which covered his head with a new and vigorous growth of hair, and restored him to his former health. Sarah J. Bova, says her hair was not only gray, but so thin that she feared its entire loss-but after using two bottles it restored both the color and growth. Prepared by O. J. Wood & Co., 114 Market Street, St. Louis, and 312 Broadway, New York, and sold by all Druggists, Patent Medicine Dealers, and all Fancy and Toilet Goods Dealers in the United States and Canada.
