The number of years that we have been en-gaged in the Fur business, and the general character of our Purs, both fer quality and price is so generally known throughout the Country, that we think it is not necessary fer us to say anything more than that we have now opened our assortment of FURS, for the Fall and Winter Sales, of the largest and most beautiful shasortment tat we have ever offered before to the public. Our Furn have all been imported during the present season, when money was scarce and Furs much lower than at the present time, and have been manufactured by the most competent werkmen; we are therefore determined to sell them at such prices as will continue to give us the reputation we have borne for years, that is to sell a good article for a very small prefit.
