Hotch-Potch.

An Old Man's Advice.

The Rev. Daniel Waldo, late chaplain to Congress, says:—"I am now an old man. I have seen nearly a century. Do you want to know how to grow old slowly and happily? Let me tell you.—Always eat slowly—masticate well.—Go to your food, to your rest, to your occupations smiling. Keep a good nature and a soft temper everywhere.—Never give way to anger. Cultivate a good memory, and to do this you must always be communicative; repeat what you have read; talk about it. Dr. Johnson's great memory was owing to his communicativeness. You, young men who are just leaving college, let me advise you to choose a profession in which you can exercise your talent best, and at the same time be honest."

Splitting Hairs.

Some years ago, Roger M. Sherman and Perry Smith, of Connecticut, were opposed to each other as advocates in an important case, before a court of justice. Smith opened the case with a violent and foolish tirade against Sherman's character. Sherman rose in a composed manner, and remarked:

"I shall not discuss politics with Mr. Smith before this court, but I am perfectly willing to argue questions of law, to chop logic, or even to split hairs with him."

"Split that, then," said Smith, at the same time pulling out a short, rough looking hair from his own head, and handing it over towards Sherman.

"May it please the honorable court," —retorted Sherman, "I didn't say bristles!"

Energy.—"The longer I live," says a great writer, "the more certain I am that the difference between men, the great and the insignificant, is energy; invincible determination, an honest purpose once fixed and then death or victory. That quality will do anything in the world; and no talents, no circumstances, no opportunity, will make a two-legged creature a man without it.

☞Madame La Vert, in one of her charming pictures of Cuban life, says the women there have a noble trait of character—"they never speak ill of each other, but always find some palliation for the errors of their own sex." We are for immediate annexation; we want the gem of the Antilles, its wealth of sugar plantations, and its jewels of women.

☞If you are threatened with a handsome man in the family, just take a clothes pounder while he is yet in bed, and batter his head to a pumice. From some cause or another, handsome men are invariably asses; they cultivate their hair and complexion so much, that they have no time to think of their brains. By the time they reach thirty, their heads and hands are equally soft. Again, we say, if you wish to find an intelligent man just look for one with features so rough that they might use his face for a nutmeg grater.

The Phrase "Log Rolling."—The phrase is drawn from the clearing of forest land in a new country. The settler could himself cut down trees, and cut them into lenghts or logs.—The next step was to roll them into heaps for burning, and that he could not do without help; so he called his neighbors to help him roll, and when they had rolling he helped them. This was aptly applied to legislative action for the passage of laws for local measures. Vote for my bill and I will vote for yours. The phrase was probably western; it is certainly more than forty years old.

Phunny Phix.—The editor of the Kansas *Chief* must be in a ludicrous "phix." He says:—"We have lived on potatoes and beef so long that we have a complete Irish brogue, and are getting horns and tail like a steer. We have eaten so many pumpkins that it is difficult for us to distinguish our head from a pumpkin."

☞Smyth came home "glorious," and took it in his insane head to try a cold soup—the remains of his dinner—before going to bed. His wife heard him fumbling about for a while, in vain endeavoring to find it. At last he said: "Wife, is that ere soup tied up in anything or lying around loose?"

☞A tutor lecturing a young man for his irregular conduct, added, with great pathos, "You will bring your father's grey hairs in sorrow to the grave." "I beg your pardon, sir," replied the incorrigible, "my father wears a wig."

☞Life is what we make it. Let us call back images of joy and gladness, rather than those of grief and care.—The latter may sometimes be our guests to sup and dine, but let them never be permitted to lodge with us.

☞"Take a ticket, sir, for the Widow and Orphan's Fund of the Spike Society!" "Well, y-e-a-s! I don't care much though for the orphans—but I goes in strong for the widows!"

☞"What shall I do for my head? It's so dizzy I seem to see double."

The doctor wrote a prescription and retired. The recipe ran thus:

"When you see double, you will find relief if you count your money."

☞"Papa, has Mr. Smith's eyes got feet?" "Why ask such a question, my boy?" "Because I heard mother say that at a party the other evening, Mr. Smith's eyes followed her all around the room."

☞Whatever may be the reputation of a man while alive, when dead he is generally allowed to be a *finished gentleman.*

☞Praise, though it may be our due, is not like a bank-bill, to be paid upon demand. To be valuable, it must be voluntary.

☞"It is a solemn thing to be married," said Aunt Bethany. "Yes; but it's a deal more solemn not to be," said her little niece.

☞Grey hairs, like honest friends, are plucked out and cast aside for telling unpleasant truths.

☞If every folly were a pain, there would be groaning in every house.

☞Life's greatest success—A happy heart.

The Great Wonder

OF the Nineteenth Century.—PROFESSOR WOOD'S HAIR RESTORATIVE.—Says the St. Louis, (Mo.) Democrat: Below we publish a letter to Dr. Wood, of this city, from a gentleman in Maine, which speaks glowingly of the superior merits of his hair tonic. Such evidence must have its effect, when coming from a reliable source. If certificates are guarantees of truth, the Dr. needs no encomiums, nor useless puffery from the press:

BATH, MAINE, Jan. 20, 1856.

Prof. O. J. Wood & Co.:—Gentlemen:—Having my attention called a few months since to the highly beneficial effects of your hair restorative I was induced to make application of it upon my own hair, which had become quite gray, probably one-third white; my whiskers were of the same character.—Some three months since I procured a bottle of your hair restorative, and used it. I soon found it was proving what I had wished. I used it about twice a week. I have since procured another bottle, of which I have used some. I can now certify to the world that the gray or white hair has totally disappeared, both on my head and face, and my hair has resumed its natural color, and I believe more soft and glossy than it has been before for twenty-five years. I am now sixty years old: my good wife at the age of fifty-two, has used it with the same effect.

The above notice I deem due to you for your valuable discovery. I am assured that whoever will rightly use, as per directions, will not have occasion to contradict my statements. I am a citizen of this city and a resident here for the last fifteen years, and am known to nearly every one here and adjoining towns. Any use you may make of the above, with my name attached, is at your service, as I wish to preserve the beauties of nature in others as well as myself. I am, truly, yours, A. C. RAYMOND.

BALTIMORE, Jan. 28, 1858.

WOOD'S HAIR RESTORATIVE.

Professor Wood—Dear Sir: Having had the misfortune to lose the best portion of my hair, from the effects of the yellow fever, in New Orleans in 1851, I was induced to make a trial of your preparation, and found it to answer as the very thing needed. My hair is now thick and glossy, and no words can express my obligations to you in giving to the afflicted such a treasure.

FINLEY JOHNSON.

The undersigned, Rev. J. K. Bragg, is a minister in regular standing, and pastor of the Orthodox Church at Brookfield, Mass.—He is a gentleman of great influence and universally beloved. WM. DYER,

Brookfield, Jan. 12, 1858.

Professor Wood—Dear Sir: Having made trial of your Hair Restorative, it gives me pleasure to say, that its effect has been excellent in removing inflammation, dandruff and a constant tendency to itching with which I have been troubled from my childhood; and has also restored my hair, which was becoming gray, to its original color. I have used no other article with anything like the same pleasure or profit. Yours truly,

J. K. BRAGG.

The Restorative is put up in bottles of 3 sizes, viz: large, medium, and small; the small holds ½ a pint, and retails for $1 per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for $3.

The Great Ambassador of Health to all Mankind.

Holloway's Pills.

A BOON TO THE SICK!—The want of a sterling medicinal to meet the ills and necessities of the suffering portion of humanity, and one entirely free from mineral and other deleterious particles, was severely felt till this all powerful medicine was ushered into the world; HOLLOWAY'S INVALUABLE PILLS have become the HOUSEHOLD REMEDY of all nations. Their attribute is to PREVENT as well as to CURE; they attack the RADIX or ROOT of the complaint, and thus by removing the hidden cause of disease reinvigorate and restore the drooping energies of the system, assisting nature in her task of VITAL and FUNCTIONARY REFORMATION.

DYSPEPSIA.—The great scourge of this continent yields quickly to a course of these antiseptic Pills, and the digestive organs are restored to their proper tone; no matter in what hideous shape this hydra of disease exhibits itself, this searching and unerring remedy disperses it from the patient's system.

GENERAL DEBILITY AND WEAKNESS.—From whatever cause, lowness of spirits, and all other signs of a diseased liver, and other disorganizations of the system vanish under the eradicating influence of this all powerful antiseptic and detergent remedy.

BILIOUS DISORDERS.—The proper quantum and right condition of the bile is of momentous importance to the health of the human frame, this anti-bilious medicine expels the hidden seeds of the complaint, and renders all the fluids and secretions pure and fluent, cleansing and resuscitating the vital functions of the body.

SICKLY FEMALES—Should lose no time in trying a few doses of this regulating and renovating remedy, whatever may be their complaint, it can be taken with safety in all periodical and other disorganizations. Its effect is all but miraculous.

UNREFUTED PROOF.—The testimony of Nations is unanimously borne to the health-giving virtues of his noble remedy, and certificates in every living language bear witness to the undeniableness of their intrinsic worth.

Holloway's Pills are the best remedy known in the world for the following diseases:

Asthma,	Dropsy,	Inward Weakness,
Bowel Complaints,	Debility,	Liver Complaints,
Coughs,	Fever and Ague,	Lowness of Spirits,

The Liver Invigorator,

PREPARED by Dr. SANFORD, compounded entirely from GUMS, is one of the best Purgative and Liver Medicines now before the public, that acts as a *Cathartic*, easier, milder, and more effectual than any other medicine known. It is not only a *Cathartic*, but a *Liver* remedy, acting first on the *Liver* to eject its morbid matter, then on the stomach and bowels to carry off that matter, thus accomplishing two purposes effectually, without any of the painful feelings experienced in the operations of most *Cathartics*. It strengthens the system at the same time that it purges it; and when taken daily in moderate doses, will strengthen and build up with unusual rapidity.

THE LIVER is one of the principal regulators of the human body; and when it performs it functions well, the powers of the system are fully developed. The *stomach* is almost entirely dependent on the healthy action of the *Liver* for the proper performance of its functions; when the stomach is at fault, the bowels are at fault, and the whole system suffers in consequence of one organ—the LIVER—having ceased to do its duty.—For the diseases of that organ, one of the proprietors has made it his study, in a practice of more than 20 years, to find some remedy wherewith to counteract the many derangements to which it is liable.

To prove that this remedy is at last found, any person troubled with LIVER COMPLAINT, in any of its forms, has but to try a bottle, and conviction is certain. These Gums remove all morbid or bad matter from the system, supplying in their place a flow of bile, invigorating the stomach, causing food to digest well, PURIFYING THE BLOOD, giving tone and health to the whole machinery, removing the cause of the disease—effecting a radical cure.

BILIOUS ATTACKS are cured, AND, WHAT IS BETTER, PREVENTED, by the occasional use of the LIVER INVIGORATOR.

One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring.

Only one dose taken before retiring, prevents NIGHTMARE.

Only one dose taken at night, loosens the bowels gently, and cures COSTIVENESS.

One dose taken after each meal will cure DYSPEPSIA.

☞One dose of two teaspoonfuls will always relieve SICK HEADACHE.

One dose taken for female obstruction removes the cause of the disease, and makes a perfect cure.

Only one dose immediately relieves CHOLIC, while

One dose often repeated is a sure cure for CHOLERA MORBUS, and a preventive of CHOLERA.

☞Only one bottle is needed to throw out of the system the effects of medicine after a long sickness.

☞One bottle taken for JAUNDICE removes all sallowness or unnatural color from the skin.

Cattle Powder.

BREINIG, FRONEFIELD & CO'S *CATTLE MEDICINES* have been thoroughly tested and pronounced unsurpassed and unsurpassable. None other as useful have been introduced during the century.

Whilst farmers are using every effort, and investing large amounts of money in the improvement of their soils, too little attention is generally paid to the health and development of farm Stock.

Breinig, Fronefield & Co. justly claim being *the first*, in this country, who devoted their attention to this important subject.—Their VEGETABLE CATTLE POWDER was the result of several years' study and experimenting—which experiments have actually shown that, by feeding this Powder, a Cow will yield from 1 *to* 2½ *pounds butter per week more* than when she does not get the Powder; all other conditions alike. The same increase is proportionably produced in the *fattening of cattle or swine.*

It is used with equal profit for Horses, Cattle and Hogs. No farmer, or feeder of any kind, should be without it a day.

A compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:—
