HOLLOWAY'S PILLS .- It seems as if the pharmaco were eventually to be marrowed down to two specifics, Hel-lewky's Fills and Ojstment. We have conversed with individuals who have witnessed the effect of the Pills in cases of spilepsy, ordinary convalmons, spasms, bilious colic, palpitation of the heart, dyspepsis, etc., and they all tell the same story of their efficacy and infailibility. So, too, of the Ointment. The general opinion seems to be that it never fails in ulcerous and eruptive cases. It is an i indisputable fact that those best acquainted with the preparations have the most implicit confidence in them.

EP Experience teaches us that delicacy prevents many Complex from applying for the means to alleviate suffacing and save life. That objection is obviated in the case of " Bir James Clarke's Female Pills, prepared after the preattend.
