An [illegible] upon, in the parlor of a [illegible] concoct. It is, of [illegible] of a lady, and consists of [illegible] tree placed in a wine glass [illegible] and from between the dif- [illegible] the burr are shooting forth [illegible] bright, beautiful, refreshing. For a [illegible] thing, we have seen nothing that so pleased us by its beauty and novelty. And the secret is this—the burr was found dry and open, the different circles were sprinkled with grass seed, and it was placed in a wine glass, with water in as above. In a few days the moisture and nourishment gave the burr life and health; the different circles closed and buried within themselves the grass seed, and a few days more gave to the seed also life, sprout and growth; and now a pyramid of living green, beautifully relieved by the sombre hue of the burr, is the result—as pretty and novel a parlor ornament as we have for a long while seen.

Wanted,

By a young lady, whose principal fortune is a good disposition, and a fair share of common sense, (very scarce these times,) a partner to go into the housekeeping business.

P. S.—The applicant must be *sober*, industrious and in particular, capable of taking care of himself and the children. Address JULIA, through the Post Office.—*Patriot & Union.*

Lost.

We learn that a small boy, whilst walking along with his mother, wished to change position and get on the outside, but unfortunately he had such a distance to go to get round his mother, he lost his way and has not since been found.

☞The editor of the Lykenstown Journal regards crying babies in church as a nuisance. He was annoyed in that way last Sunday, and thinks that from the amount of noise most of them made, and the implied strength of their lungs, many of them were large enough to be left at home.

The War Cloud in Europe.

England.—The Daily News says that the cloud in the South of Europe is dark and threatening, but the clouds in the East are big with tempests, and unless Austria, who sends her caveat against the discussion of Italian wrongs, be persuaded to hold her peace on Roman rights, it is not improbable that the solution of the Italian question may be transferred from Rome and Milan to Jassey and Bucharest.

France.—Paris is teeming with pamphlets about the war.

M. de Girardin is in favor of a war which will avenge Waterloo, which will give to France her lost frontiers, which will place Europe in equilibrium, which will put an end to the burdensome charges of an armed peace—a war which will cause reciprocity to succeed to rivalry—a war undertaken, not in the view of nationality, but of unity—a logical war, which may leave conquerors and conquered, but not oppressors and oppressed—a war which will abolish the feudality of the seas by the neutrality of the Straits—a war in which force should be at the service of ideas;—in a word, let it be the last convulsion of the Old World, "expiring and giving place of the New World, announced by the captive of St. Helena and the prisoner of Ham." All this is to be effected by a union of France and Russia, and the result of the war would be the partition of Europe into two Empires—that of the East and West, as announced by M. de Persigny as far back as 1834. This pamphlet, which has been met with mingled ridicule and banter in England, appears to have tickled the fancy of the Parisians.

The Daily News' correspondent says that the French envoys at Munich, Wirtemberg and Cassel had been sent far to confer with the Emperor, it was presumed, on the state of public opinion in Germany.

Austria.—The Vienna correspondent of the London Times, writing on the 14th of February, says: "Three or four days ago information was received from France which removed all doubt as to the intention of the Emperor Napolian; and it would not be surprising suddenly to learn that the Austrian army is to be placed on a war footing.—The military organization is so excellent that 650,000 men can be fully prepared for action within a month or six weeks." The same authority says it is evident a mighty storm is brewing, and that the aim of Russia and France is to reduce Austria to the same level as Turkey.

Fatal Affray Between two Little Brothers.—The Spencer (Owen county, Ind.) Journal learns that on Saturday week two little boys, aged respectively two and four years, sons of Mr. A. Goodwin, of Greene county, got to quarreling as to which one should have possession of an axe. After a short scuffle the one succeeded in getting the axe, and immediately struck his little brother in the head, killing him almost instantly.

☞The revolution in Hayti is ended, and the country is tranquil again. It appears that the population were tired of the silly pomp and wanton extravagance of Soulouque's "empire," and were well prepared for a change. The new President, Geffard, is said to be quite popular.

☞A little girl, nine years old, having attended a soiree, being asked by her mother, on returning, how she enjoyed herself, answered: "I am full of happiness. I couldn't be any happier, unless I could grow."

☞The difference between those whom the world esteems as good and those whom it condemns as bad, is in many cases that the former have been better sheltered from temptation.

☞"Sally," saida witty young man, to a girl with red hair, "keep away from me, or you will set me afire."—"No danger of that," was the answer, "you are too green to burn."

☞The happiest man in the world is a miser with just wealth enough to make him in spirits, and just children enough to make him industrious.

Cattle Powder,

BREINIG, FRONEFIELD & CO'S *CATTLE MEDICINES* have been thoroughly tested and pronounced unsurpassed and unsurpassable. None other as useful have been introduced during the century.

Whilst farmers are using every effort, and investing large amounts of money in the improvement of their soils, too little attention is generally paid to the health and development of farm Stock.

Breinig, Fronefield & Co. justly claim being *the first*, in this country, who devoted their attention to this important subject.—Their VEGETABLE CATTLE POWDER was the result of several years' study and experimenting—which experiments have actually shown that, by feeding this Powder, a Cow will yield from 1 *to* 2½ *pounds butter per week more* than when she does not get the Powder; all other conditions alike. The same increase is proportionably produced in the *fattening of cattle or swine.*

It is used with equal profit for Horses, Cattle and Hogs. No farmer, or feeder of any kind, should be without it a day.

The Liver Invigorator,

PREPARED by Dr. SANFORD, compounded entirely from GUMS, is one of the best Purgative and Liver Medicines now before the public, that acts as a *Cathartic*, easier, milder, and more effectual than any other medicine known. It is not only a *Cathartic*, but a *Liver* remedy, acting first on the *Liver* to eject its morbid matter, then on the stomach and bowels to carry off that matter, thus accomplishing two purposes effectually, without any of the painful feelings experienced in the operations of most *Cathartics*. It strengthens the system at the same time that it purges it; and when taken daily in moderate doses, will strengthen and build up with unusual rapidity.

The LIVER is one of the principal regulators of the human body; and when it performs it functions well, the powers of the system are fully developed. The *stomach* is almost entirely dependent on the healthy action of the *Liver* for the proper performance of its functions; when the stomach is at fault, the bowels are at fault, and the whole system suffers in consequence of one organ—the LIVER—having ceased to do its duty.—For the diseases of that organ, one of the proprietors has made it his study, in a practice of more than 20 years, to find some remedy wherewith to counteract the many derangements to which it is liable.

To prove that this remedy is at last found, any person troubled with LIVER COMPLAINT, in any of its forms, has but to try a bottle, and conviction is certain. These Gums remove all morbid or bad matter from the system, supplying in their place a flow of bile, invigorating the stomach, causing food to digest well, PURIFYING THE BLOOD, giving tone and health to the whole machinery, removing the cause of the disease—effecting a radical cure.

BILIOUS ATTACKS are cured, AND WHAT IS BETTER, PREVENTED, by the occasional use of the LIVER INVIGORATOR.

One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring.

Only one dose taken before retiring, prevents NIGHTMARE.

Only one dose taken at night, loosens the bowels gently, and cures COSTIVENESS.

One dose taken after each meal will cure DYSPEPSIA.

☞One dose of two teaspoonfuls will always relieve SICK HEADACHE.

One dose taken for female obstruction removes the cause of the disease, and makes a perfect cure.

Only one dose immediately relieves CHOLIC, while

One dose often repeated is a sure cure for CHOLERA MORBUS, and a preventive of CHOLERA.

☞Only one bottle is needed to throw out of the system the effects of medicine after a long sickness.

☞One bottle taken for JAUNDICE removes all sallowness or unnatural color from the skin.

One dose taken a short time before eating gives vigor to the appetite, and makes food digest well.

One dose often repeated cures CHRONIC DIARRHŒA in its worst forms, while SUMMER and BOWEL complaints yield almost to the first dose.

One or two doses cure attacks caused by Worms in Children; there is no surer, safer, or speedier remedy in the world, as it *never fails.*

☞A few bottles cure DROPSY, by exciting the absorbents.

We take pleasure in recommending this medicine as a preventive for FEVER and AGUE, CHILL FEVER, and all FEVER of a BILIOUS TYPE. It operates with certainty, and thousands are willing to testify to its wonderful virtues.

All who use it are giving their unanimous testimony in its favor.

☞MIX water in the mouth with the INVIGORATOR, and swallow both together.

THE LIVER INVIGORATOR is a scientific medical discovery, and is daily working cures, almost too great to believe. It cures as if by magic, *even the first dose giving benefit*, and seldom more than one bottle is required to cure any kind of LIVER complaint, from the worst *Jaundice* or *Dyspepsia* to a common *Headache*, all of which are the result of a DISEASED LIVER.

PRICE ONE DOLLAR PER BOTTLE.
