May 24, 1859. Ayer's Sarsaparilla

bored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sáranparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by exper-

iment on many of the worst cases to be found of the following complaints:— SCHOPULA AND SCHOPULOUS COMPLANCES ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TOMORS, SALT RHEUM, SCALD HEAD, SYPHILES AND SYPHILITIC AF-PECTIONS, MEMURIAL DISEASE, DROPSY, NEU-RALGIA OR TIC DOULOUREUX, DEBILITY, DYS-PERSIA AND INDIGERTION, EXTERNIAN, ROSE on Sr. Anthony's Fire, and indeed the whole class of complaints arising from Impurry or THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which factor in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nimped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous seres, through which the system will strive to rid itself of corruptions, if not assisted to do this through the manual through the bady by an alterative medicine. Cleans out the ritisted blood whenever you find its impurities bursting through thousing imples, eruptions, or sores; cleanse it when you find it is ob structed and sluggish in the veins: elegned it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleaning the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery clife is disordered or overthrown.

Sursaparilla has, and deserves much, the reputation, of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug ne has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Samaparilla or any thing else.

During late years the public have been mis-led by large lottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarnapa-rilla, but often no curative properties whatev-er. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which resta upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on
