## Opposition Impudence. The coolest piece of impudence and effront-

ery we have lately witnessed, is the attempt of the Opposition papers to hold the Democratic party responsible for the passage of the amendment to the Massachusetts Constimon, requiring a two years' residence after naturalization, before being entitled to a vote. The whole country knows that the entire Democratic party of Massachusetts can almost be stowed away in a packet boat, and that the State is overwhelmingly "Republican" in its politics; and yet they pretend to hold the handful of Democrats who live there responsible for the odious amendment. An Enigma for Levers. MR. EDITOR :- I found the following Enigma in an old paper, which may perhaps be interesting to some of your readers, at least to those whom Cupid may have sent to the orchard of Love to gather the "fatal apple" for the fair daughters of old mother Eve:

Enigma .- A witty young gentleman living with a rich farmer, fell in love with his daugh. last, is said to have entirely blasted the fair ter. On hearing of this he said to the young is about a mile in width and four miles in go to the orchard, and got a number of ap-length. This is a great calamity to those ples, and leave half he had and half an apple over, at the first gate; and half he had left and half an apple over, at the second gate; and half he had left and half an apple over, at the third gate, and bring one to him, without cutting an apple, he might have his daughter. I wish to know how many apples & he left at each gate, and the number of apples. May 30, 1859.
