By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous series, through which the system will strive to rid itself of correptions, if not sesisted to do this through the natural channels of the body by an afterative medicine. Cleanse out the body by an afterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pumples, eruptions, or sorces, cleanse it where you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleaning the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Scotter or later something must go wrong, and the great machinery of

reputation, of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla,

During late years the public have been misled by large bottles, pretending to give a quark of Extract of Sarsayarilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsapsrilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the n-arket, until tho name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend we can tuis compound sarsaparing, and intend to supply such a remedy as shall rescue the name from the load of oblequy which rests upon it. Ayer's Sarsaparilla
A compound remedy, in which we have la-

bored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective autidote for the diseases Saraparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found

of the following complaints:-
