It is a concents of Pars Senseparilla, so constituted with effect substances of still greater alterative grown and substances of still greater alterative pawer in to afford an effective antidots for the diseases. Senseparilla is reputed to cure. It is believed that such a remody is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must preve of immense service to this large class of our afficted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst seem to be found of the fellowing complaints:

of the following complaints: -SCROFULA AND SURGEVIOUS COMPLAINES, RUPTIONS AND HENTING BURLARM, ULCHES, PINTLES, BIOTCHES, TORONS, SAIR BRIDGE, SCALD HEAD, SYPHILM AND SYPHILM AND CTIONS, MERCURIAL DESIGNATION, NEW-PARATIA OR THE DOULOWRENS, DESCRIPTION OF ST. THE BLOOD.

This comp, vand will be found a great pelmoter of health, when taken in the spring, to
expel the foul lumners which factor in the blood at that seems, of the year. By the timely expulsion of them, many ranking distributions in the bu. I. Multitude can by
the aid of this remedy, from themselves from
the endurance of foul era, time and ultiment rid itself of corruptions, if no t satisfied to do this through the natural channe, to the bedy by an alterative medicine. Cleanso out the vitiated blood whenever you find its impurities bursting through the skin in pimples, exceptions, or sores; cleanse it when you find it is co-structed and slaggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder you wasn. A ten where no partennar unsurer is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something

must go wrong, and the great machinery of life is disordered or overthrown. Sarsaparilla has, and deserves much, the reputation, of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it contain but little of the virtue of Sameparilla or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatewer. Hence, bitter and painful disappointment has followed the use of the various examples of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Stilli we call this compound Sarsaparilla, and intendito supply such a remedy as shall rescue the name from the load of olloquy which restaupon it. And we think we have ground for believing it has virtues which are irresistible. by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.
