inquiry shall decide that for these efficience, they be put upon their trial. "I will not permit myself to give appres-sion to any of those feelings which at one spring up in every breast when reflecting up-on the enormity of the guilt in which those are involved who invade by force a presental, unsuspecting portich of our common country, raise the standard of insorrection amagent us, and shoot down without merey Virginia citizeus defending Virginia soil against their invasion. I must remember, gentlemen, that as a minister of justice, bound to execute our laws faithfully, and in the very spirit of jus-tice herself, I must as to every one accused of crime hold, as the law holds, that he is innotice herself, I must as to every one accused of crime hold, as the law holds, that he is inno-cent until he shall be proved guilty by an Brown's house, four miles from Harper's Fer-ry, were printed constitutions and by-laws of an organisation, showing, or indicating, rami-fications in various parts of the Union. The following is one of them :

following is one of them : PROVISIONAL CONSTITUTION AND OR-BINANCES FOR THE PEOPLE OF THE UNITED STATES. PREAMBLE. Whereas, Slavery throughout its entire ex-istance in the United States is none other than the most barbarous, unprovoked and unan presented through fear or favor, but is all your presented through fear or favor, but is all your presentments you shall present that the the whole truth and nothing but the truth. Do this, gentiemen, and you will have fulfilled your whole duty. Go beyond this, and in place of first diligent inquiry and caim investhan the most barbarous, unprovoked and unustifiable war of one portion of its citizens against another portion, the only conditions of which are perpetual imprisonment and hopeless servitude or absolute extermination, in utter disregard and violation of these sternal and self-evident truths set forth in our ligation which you have sworn to make, act upon prejudice or from excitement of passion. and you will have done a wrong to that law

in whose service you are engaged. "As I before said, these men are now in the hands of justice. They are to have a fair and an impartial trial. We owe it to the cause of justice as well as to our own charab-tors, that such a trial should be afforded them. If guilty, they will be sure to pay the extreme paualty of their guilt—and the example of punishment, when thus inflicted by virtue of law, will be beyond all comparison more effi-

cacious for our future protection than any torture to which mere fashish could subject them.

"Whether then we be in public or private position, let each one of us remember that as the law has charge of these alleged offenders, the law alone, through its recognized agents, must deal with them to the last. It can tolerate no interference by others with duties it ins assumed to itself. If true to herself, and true she will be, our commonwealth through her courts of justice will be as ready to pusish the offence of such interference, as else is to punish these grave and serious offences with which she is now about to deal--in case these offences be proved by legal testimony to have been perpetrated. Let us all, gentle-men, bear this in mind, and in patience await

mine to be necessary and proper. "It would seem, gentlemen-and yes I speak from no evidence, but spon tague ru-mors which have geached me-that there men who have lately thrown themselves upon us confidently expected to be joined by our slaves and free negroes, and unfutled the banner of insurrection, and invited this slave

Transplanting Fruit Trees. The Insurgents at Harper's Ferry. Planting fruit trees, like planting anything ABOLITION PLOT. else in the ground, designed to grow well, must be done right ; and no labor can be more Among the documents and papers found at

judiciously spent, than in planting a fruit tree well. In the first place, get good, sound trees, and if the top is full of branches, or Brown's house, four miles from Harper's Ferlarge, and the roots are small, it is necessary to trim down the top to suit the size and quantity of roots. This the person planting must be the judge of. All roots that are following is one of them :

bruised or injured in taking up, must be cut of smooth. The longer and larger the roots the better. In the next place, make the holes for trees large, not less than from four to six feet in diamster, and at least two feet deepthe more depth the better. Fill up the holes with any good soil to within fifteen inches of the top-set the tree in the hole the same way it first grew-fill up all the spaces around

all the roots three or four inches thick with good rich soil, which press down lightly with the fout, except around the trunk of the tree, where a half bucket of water poured around ing himself most wonderfully at the desk.

fill up. Place a stake or stick in the hole where there are no roots near; or what would

within four or fire inclice of the top, and put a layer of any kind of manure, straw, weeds,

ly tight. The trees ought to be planted from nine to fifteen inches in depth, according to size and former depth of growth. Many good size and former depth of growth.
