CO., Proprietors of "Fair Mount Nurseries," Bendersville, Adams county, Pa.
We would respectfully call the attention of the public to our large stock of Fruit and Ornsmental Trees, such as Apple, Peach, Standard and Dwarf Pear, Cherry, Apricot and Plum Trees; Grapevines; Blackberry, Gooseberry and Current stalks; Ornamental and Evergreens, which we offer for next fall sales. We have appointed John Bunknetonn, Esq., our travel-

ing agent for this county, who is authorized to make sales and take orders. FAIR MOUNT NERSERIES baving been established for more than 20 years, the Proprie-tors flatter themselves that their trees are of the best selected kinds, having fruited many of them, and knowing what they are. The great-ly increased and increasing spirit of planting, as well as the degree of patronage extended to us, warrant us in greatly increasing our nurseries, so that we are prepared to offer for the autumn of 1860 and succeeding years, a much more extensive stock than ever offered before -cultivating from 35 to 40 acres, containing several hundred thousand trees at various stages of stages of growth, all of which are grown on soil and under treatment best calculated to make a healthy and natural growth. GEORGE PETERS & CO.

The undersigned having accepted the above Agency for the sale of Fruit Trees in this county, takes this method of informing the man frame is liable. public, that those wishing to purchase trees will please take the subject into consideration before I call personally upon them, as I expect to canvass a portion of the county. All letters upon the subject, addressed to me at Bendersville, or left at any of the Hotels in Gettysburg will be attended to. Catalogues can be found at all the printing offices. Persons wishing to select from catalogues can there see them. I will be in Gettysburg during Court weeks, so that persons wishing to purchase fruit can see me. The cultivation of good fruit of all kinds have been entired too much persected in this has been entirely too much neglected in this county. The demand for good fruit is very
