All letters Tailoring Establishment of sales." So long as I can make more sales than upon the subject, addressed to me at Benders-Machines, and sell every now and then one to a, ville, or lett at any of the Hotels in Gettysburg, Machines, and sell every now and then one to a. ville, or lett at any of the Hotels in Gettysburg, May 7, 1860. Carlisle street. man who tried Mr. Hoffheius' Dover Machine will be attended to. Catalogues can be found last season, and sell them too at my regularly at all the printing offices. Persons wishing to established prices. I, at least, am satished — select from catalogues can there see them. I But don't it look as if Mr. Hoffheins is "hard; will be in Gattysburg during Court weeks, so up to make sales," when he offers his Muchines that persons wishing to purchase fruit can see splendid new Saloon in Jacobs & Bro's. Build-

would inform my friend and the public, that 1 April 9, 1860. 6m was at the greatest practical field trial of Reapers and Mowers ever held in the United States, at Symcuse, 300 miles west of New York city, in July, 1857, when all the different Machines were tried, in every shape and form, and after all Jacob Bastress and Charles P. Winter, in | Come and try me. was over, the first premium, grand gold Medal the Produce, Mercantile, Coal and Lumber | April 2, 1860. and Diploma, was awarded to the Buckeye baviness, is this day, by mutual consent, dis. Machine as the best Blowing Machine, over Burrell's, Hallenback's, Kirby's, Hosth's, Ho-vey's, Ball's Ohno Mower, Manny's, Kotchum's, March 21, 1900 and a number of others. I have no reason to he excited or afraid of the Ball Machine, after March 31, 1860.

it has been licked at such a great trial. That seen more different Machines work, than my friend H. ever knew or heard of, and JACOB BASTRESS and JACOB PETERS could have had the making of the Ball Machine could have had the making of the Ball Machine before he ever knew anything about it. 3d, My friend H. says, "a kicked dog will holler," in which I must give him perfectly right, When he read my advertisement, he was kicked, and then he hollered; he only made a mistake, for he was the kicked dog. I would net want to be kicked any harder than to have Watehouse,) and respectfully solicit a continu-ance of the patronage higher to bestowed upon bighest cash prices for FLQUR, GRAIN, SEEDS, I I Tells You &c., &c., and have constantly on hand LUM-BER, COAL, SALT, PLASTER, GRUCERIES, a bighest of one section is a bigher to be kicked any harder than to have bighest prices of the bast rates. I the lowest rates. all the Machines of one sesson's make brought back, after having made a great blow-out how I was going to take all the other Machines JACOB RETERS. New Oxford, April 9, 1860. 6m<sup>\*</sup> down, and before having any experience o

trial 4th. My friend II, thinks I misrepresented the thing, by saying that some of his Machines were "lying in the fence-corners "-that was the "lying in the fence-corners "-that was the report, I can't say that I saw one of his Ma-chines exactly in a fence-corner, but I did see one of his Machines in a field-where I started one of mine saide of it-which had better bear. one of mine saide of it-which had better been in a fence corner,out of the road.

5th. My friend denies that he made the Ball Machine last Summer, and states that I knew it. I don't know what he called his Machine at the end of the Season, but at the beginning of it, the cry was Mr. Hoffheins is making the Ball Reaper and Mower. Now I can't see where Mis talk can have originated from than from ATINETT, Duck and Linen Pants, uncom-Mr. Hoffheins himself the maker of the Machine. So, if I misrepresented that, I think my friend NOTTON Pants, all colors, unusually cheap, and him official to make the provide the second can blame himself for it : men wanting Machines an oblight blacker for it, and whong mathines of at PICKING S. rill generally enquire the name of it, and whose bits. Now, Mr. II., what was the name of your Machine at the end of the senson? 6th. As to the honesty he talks about, if we were to exchange, there would be very little MARSEILES and Nankanet Vests, unpre-h. The Verter of S. Assignments and PICKING S. Table of Fees. It Tells You How to make your Will, and how to Administer on an Estate, with the law and the requirements thereof in every State. will generally enquire the name of it, and whose patent it is. Now, Mr. II., what was the name of your Machine at the end of the senson?

boot coming to hun; and as for my sgent tell-ing him that we made machines to cut behind the driving wheels last summer and could not make them work, the agent says he told Mr. H. that we could not make quite as nice a sheaf as our other way of raking off, which is quite a different story from what Mr. H. says. We wish our other way of raking off, which is quite a different story from what Mr. H. says. We wish him not to make so many changes in his state-ments. We made only one Machine last season the bhind-be says Machines; and as for A GREAT many other things, among which the says Machines; and as for A GREAT many other things, among which the says Machines; and as for A GREAT many other things, among which the says Machines; and as for A GREAT many other things, among which the says Machines; and as for A GREAT many other things, among which the says Machines; and as for A GREAT many other things, among which the says Machines; and many other things, among which the says Machines; and many other the says at Picking's. cutting, if our friend will ever make a Machine said in regard to its working the raking ou in grain, I had aix different men on to rake off, ness, at PICKING S. at \$1,25. and all agreed that they could make the nicest VERYBODY will please call at PICKING'S, at \$1,25. base with the cutting operation in front. My R as a matter of course. [April 30, '60.] he can beat me far at that. He asks why I do not make my Machines to cut behind? I am

ready to make all that are ordered, and insure K KINDS OF READING .- The undersigned them to cut as well as any other double driving wheel Machine. Mr. H. talks about his Machine being so per-

Nr. H. talks about his Machine being so per-feetly balanced, having no weight on the tongue cupied for that purpose by Messrs. Aughinat all. From my practical experience I think baugh & Son, in Carlisle street, a few doors that any fool must know that a Machine sxacr- above the Washington House, where he is pre-LT balanced, standing on level ground, must tilt | rared to mest the wants and suit the tastes of up catting up hill. I den't want mine so well the literary world. anced as that, because we don't want to get off the Machine and walk up the hill to rake the grain off. We prefer riding on the Machine all the time to rake off. Now, farmers, which will suit you best, a Machine that will tilt up going up hill, or one you can stay on all the time If the latter, you can get them at my-shop ; and further, a Machine that you sit in front of cut-ting apparatus, so if you are by accident thrown off, you are in danger of being cut up, as I know of two cases having happened on a Ma-chine that you set behind the cutters. If thrown off of my Machine you are entirely out of danger. If the latter suits you best, you can f get them at my shop. Now, my friend Hoffheins,

Do not get excited at these few lines. Some day we will have a mowing match, In some tangled clover-patch, And wheever can do the best mowing, Will have all the chance for blowing. When the mowing match we attend, I expect to meet you as a friend. J. H. SHIREMAN.
