Mr. McPherson's Record.

EDWARD McPHERSON, the Opposition candidate for Congress, in a speech made at Bedford, two weeks since, challenged the voters of the district to try him by his Congressional record. We take up this gauntlet, and refer to at least one dark spot in that record.
Our readers, doubtless, remember the protracted and violent struggle for the Speakership of the National House of Representatives, which took place last winter. The original nominee of the Republican party was JOHN SHERMAN, of Ohio, an ultra anti-slavery man, whom the Northern fanatics in Congress had determined to force upon that body as its presiding officer. Mr. Sherman was opposed by all the conservative members, because he had endorsed the infamous HELPER BOOK, a work which consents the abolition of Slavery by fire and sword, which urges the irrepressible conflict between the North and the South, which regards the Union as a mere strip of straw to be consumed by the negro incendiary's torch, and which looks to the disruption of this Government as preferable to the continuance of Southern Slavery. This treacherous and dangerous book was circulated broadcast over the country by the ultra Republicans, and was recommended to the people by JOHN SHERMAN, of Ohio. On this account, Mr. Sherman encountered the opposition of the conservative men in Congress, of all parties, and was finally compelled to withdraw from the contest. But Mr. McPherson, notwithstanding the opposition made to Sherman, voted assiduously for the HELPER candidature, and by his implication endorsing his ultra and his unpatriotic and treasonous conduct. This is a part of Mr. McPherson's record, by which he asks the people of this district to try him.

This Settles the Hawk!

The Star and Sentinel contain an affidavit of one Jacob Geiselman, of Berwick township, which is in these words:
"That at a delegate meeting in 1856 or 1856, Frederick Wolf said we should not put a Catholic on the ticket or we will be defeated, and further the deponent saith not."
The mountain hath labored and brought forth a mouse! "Ye gods—and little fishes!"—stand from under!"
This, then, is the extent of Samuel Wolf's offending against the Catholics! granting the affidavit to be true. Because Frederick Wolf may have doubted the propriety of placing a Catholic upon the ticket, therefore, according to Opposition logic, Samuel Wolf has not been true to Catholic candidtes! The idea is shamefully preposterous, and is an insult to the class of citizens whom it is expected to affect. Catholics are too intelligent to be humbugged by so shallow, so childish a device.
But is the affidavit reliable? The following communication, received from a trustworthy Democrat, is in place just here:
The Opposition in Abbotstown have at length got some one foolish enough to do their dirty work. Stahl made a perfect jackass of himself, by teaching his name to a piece of burrowing position, for not one line of it, which was in self defence.
Mr. Geiselman's affidavit has less truth and certainty about it than Schumaker Stahl's. Dr. Puffer and Joseph Wolf were Delegates in 1851, and were instructed to go for Mr. Rietz. Samuel Hans, Samuel Haist and Michael and Frank Stambinger, all members of that church, were present at that meeting. Mr. Geiselman knows full well without swearing that he was not at the delegate meetings of 1851 and '56, for he had taken his flight over to the Know Nothing's previous to that time.
The affidavits and allegations of Know Nothing do not command as much respect in political matters as Mr. Stahl and Mr. Geiselman's. Some, indeed, a great many of that stripe, have sworn upon other occasions, for instance the oath against Catholics and foreigners, and have gone violated their oath by leaving the party and joining the Republicans.
Mr. Geiselman was not present at either of the meetings he referred to.
It is presumed that the Know Nothing candidate for Clerk of the Courts, John M. Wolf—the man who swore off drinking liquor before Mr. Bittinger—is the instigator of all this. And if it is, he will feel the stripes upon his back yet, which his own rod has inflicted.
We don't know who the author of the affidavit is, unless it be the same Jacob Geiselman who took the Compiler from 1850 to 1857, and has thus far failed to pay for it. If he be him, he may have the full benefit of this recommendation gratuitously.

Warning!

MR. STABLE—The Know Nothing leaders are hard at work to elect C. X. Martin Register. They are begging for votes for him with all the Democrats they meet. One of them asked me the other day to vote for him—just for him, and he wouldn't ask me to vote for any other man upon their ticket. I, of course, declined, because Martin had no business to turn Know Nothing just to get office, and because I don't think there is any sense in all ways trying to keep up such fellows.
I therefore, give warning to the Democrats to be on the look out, and not be coaxed into voting for the 142 Know Nothing of the county. If he should be elected the Opposition would make a leap that they would have turned round for the Know Nthings, because it elected the Grand Marshal of them. Be warned!

MR. STABLE—Day before yesterday a gentleman who may be called a leader in the other party, proposed to a neighbor of mine to vote for any man upon the Democratic ticket if he (my neighbor) would vote for Mr. McPherson. As you may suppose, the offer was spurned; but I have thought it proper to put you in possession of the fact, that the Democracy of the county may, through your paper, be put on their guard against such a ruse.

Republican Traps to Catch Votes.

The principles, feeling that they have no sound republic to present to the intelligence of the masses, and fearing that their appeals to the passions of one section of the country against the institutions of another section will not prove sufficient, are resorting to various dodges to carry away the superficial. Because the only merit of their abolition candidate lies in the fact that he is one split a few rails, rail clubs are formed, and men go about the streets with rails upon their shoulders, in the hope that by such means others may be influenced in their votes for the high office of President of the United States.
But, says the Locomotive Gazette, perhaps the most ridiculous of all their contrivances to attract shallow-brained people, is a secret, drilled order called the "Wide-Awakes." A second-growth of the old Know-Nothing order, killed by the Democratic party a few years ago. Beside their orgies in their lodges, these "Wide-Awakes" turn out at night, rigged in a huge oil-cloth cape, and with an aloof lamp perched upon the top of a long stick, march through the streets, and at intervals perform such dramatic antics as belong to the special province of "fanatical" companies, on the fourth of July. We can suggest a couple of improvements to the "Wide-Awakes." A peaked paper hat, with a long chicken-feather stuck in the top, would admirably complete their uniform; and to get astride of their lamp sticks, like boys "playing horse," would be in exact keeping with everything else, and assist immensely in giving an imposing appearance to the whole. We have no doubt a good many more votes could be obtained for the Republican candidate by adopting these suggestions.—The intellectual spectacle then presented would so forcibly strike every intelligent person that none could resist the conclusion that Republicanism is a great institution, and that Lincoln ought to be the next President.
Seriously, we almost blush for our countrymen when we see these contrivances brought into requisition in the determination of such momentous matters. The highest privilege of an American citizen is that of voting; and the most important vote that a man can cast is for President of the United States. Yet here we have what professes to be a party, with nothing better to offer as reasons for supporting its ticket than such turgid and tautologous as a night parade with peaked caps, lamps stuck upon poles, the performance of fantastic evolutions, and representations of fairs.

A Few Thoughts upon County Candidates.

MR. EDITOR OF THE COMPILER—I have been a voter for thirty-six years, and nearly all of that time with what you term the "Opposition." Upon the breaking up of the Whig party, by a class of men who, for the most part, were unable to get office in it, my interest in politics abated, and I have done no more than vote since—sometimes not even that.
But the present canvass in this county excites my interest. The proper administration of the duties of the county offices concerns every tax-payer, because in such administration he is more or less interested—I might say, directly interested. On that account I address you now.
Mr. McPherson was elected in 1858. He had then no record of his own, at least so far as the generality of the voters of this county were aware of. He was elected, and has served one session. During that session, we find him voting on all occasions with the most ultra of the Black Republicans. Looking upon that class of politicians as dangerous, because sectional in all their aims, I cannot give countenance to one who spares no occasion to affiliate with them. His persistent adherence to John Sherman, an endorser of the Helper Book, for Speaker, and his unflinching determination to cast the responsibility of the non-organization of the House for works upon the Democrats, a minority, are enough for me. I cannot by my vote assist him to office again.
My acquaintance with Henry J. Myers, the Democratic candidate for the Legislature, is rather limited; but all I do know of the gentleman is complimentary to him. He is represented as intelligent and honest—two of the most essential traits in a legislator. I remember well when his father was chosen a seat in the same body years ago, and although I did not cast my vote for him, his sterling integrity and prudence upon my good opinion, as it did upon those of other parties. The son, I am sure, will do no dishonor to the father.
Samuel Wolf, who is the Democratic nominee for Sheriff, I know to be a hard-working mechanic, of the most respectable position.—The unjustifiable attacks made upon him by his political enemies are all so many arguments in his favor, in my view, and I would vote for him on that account, even if I knew nothing of his admirable personal qualities.

One of them asked me the other day to vote for him—just for him, and he wouldn't ask me to vote for any other man upon their ticket. I, of course, declined, because Martin had no business to turn Know Nothing just to get office, and because I don't think there is any sense in all ways trying to keep up such fellows.
I therefore, give warning to the Democrats to be on the look out, and not be coaxed into voting for the 142 Know Nothing of the county. If he should be elected the Opposition would make a leap that they would have turned round for the Know Nthings, because it elected the Grand Marshal of them. Be warned!
