A member of the House from Jefferson for such a change for that county. In compliance with the request of the petitioners, a bill was introduced to carry out their prayer. When the bill was called up, several mem bers from other counties, moved to have their respective counties inserted in the bill. Mr. Williams being suddenly seized with the extracts. The German or Irishman, who a single petition being sent to him from Beda change, moved to insert in the bill the counties of Bedford and Somerset. The bill was brought to the Senate. At least six or eight counties were included in the bill, and yet not a single Senator representing those counties, would call up the bill. Why?-Because they had never received a letter or petition from any of their constituents asking

such a change. What right had Mr. Williams or Mr. Schell to introduce and pass such a bill unasked by the people? If the people who have to pay these fees, or the people who receive them, were desirous of having the witness fees raised from 621 cents to \$1 per day, why did they not write or petition to Mr. Schell. He is not the man to disregard their wishes on any subject.

Mr. Schell declined to have anything to do with the bill, because he had no word from his constituents on the subject. He never received a letter, or a petition, on the subject from any body, either in or out of his district. Remember, voters of Pennsylvania, that the Republicans of Massachusetts, have recently passed a law, ALLOWING NEGROES to vote on ONE years' residence; while they compel an Irishman or a German to remain SEVEN TEARS BEFORE HE CAN CAST A VOTE.

REMEMBER! That Henry D. Foster is one of the purest and ablest citizens of Pennsylvania, and that he was nominated without solicitation on his part, and contrary to his wishes. In his case the office sought the man, and not the man the office.

We call the serious attention of the sensile and patriotic people of Pennsylvania to the following horrible and disgusting sentiments uttered by Josepua R. Giddings, one of the Lincoln Black Republican party. Gan it be possible that the conservative voters of our noble Commonwealth follow the lead of men who dare give utterance to such fiendish doctrines? Listen to this black-hearted Lincoln Abolitionist:

Horrible Sentiments!

"I look forward to the day when there shall be a SERVILE INSURRECTION IN THE SOUTH; when the black man, ARMED WITH BRITISH BAYONETS, AND LED ON BY BRITISH OFFICERS, shall assert his freedon, and WAGE A WAR OF EX-TERMINATION AGAINST HIS MASTER, then the torch of the incendiary shall light up the towns and edies of the South, and blot out the last restige of slavery. And though I may not mock at their calamity, nor laugh when their fear cometh, yet I will had it is the dawn of a political millenium."

Patriotic citizens of Pennsylvania, how can you sustain a party whose leaders openly promulgate such horrible sentiments as these? Do you not shudder at the bare thought of placing such men in power?

Remember, this man, GIDDINDS, is a leading Lincolnite; and, but a few days since, in company with Currin, addressed a Black Republican Abolition meeting at Eric, in this pared to endorse the teachings of such men as Giddings, the infumous Carl Schura, and cipitated upon our State? No I perish the

That portion of the party who are not Republicans refuse to be transferred to Lincoln, or to endorse the sectional and revolutionary doctrine of Seward, Lovejoy, Giddings and Sumner. They will not submit to being dragged into the support of Republicans against their will, and coursequently they support John Bell for President; whereupon the Republican press frets and fumes, and falls to cursing these men because they will not centribute to the success of a party that they abhor. It strikes us that the cause of complaint is the other way. The Bell men have much greater reason to de-nounce the leaders of the "People's party" for selling out to the Republicans, than the Republicans have to denounce them for remaining true to their political convictions. notwithstanding the treachery of the manu-
