BOOKSELLERS AND PUBLISHERS, 37 North Third st., Lower Side, above Market, PHILADELPHIA, invite the attention of Teachers, Booksellers and Country Merchants, to their very large Stock of School Books, published in this and other cities, together with Miscellaneous and Blank Books, Paper and Stationery generally. S. B. & Co. are publishers of many Popular Works, among which are the following:

THE SERIES OF NORMAL ARITHMETICS,

By Edward Brooks, A. M., Professor of Mathematics in Pennsylvania State Normal School. Whatever helps the student to a THOROUGH UNDERSTANDING of his study, UNASSISTED by his Teacher, acts as a powerful stimulant upon him, while it releases the Teacher from the labor of making explanations which would be unnecessary with a more perfect Text Book.

The series above named has been published but a short time, and yet within a few months, without advertising or puffing, the demand amounts to almost one hundred thousand copies. Some of their advantages may be briefly stated, as follows:

1. They contain more new matter than any similar series.

2. They exhibit a number of new arithmetical solutions to problems that have heretofore been confined to Algebra.

3. The matter is arranged more philosophically than in others, and is therefore better adapted for instruction.

4. No subjects or phrases, signs or figures, are introduced in lessons previous to those in which they are fully explained, and the pupil is thus led along without the necessity of frequent and troublesome explanations on the part of the teacher. Very few elementary works have this merit.

5. New modes of Teaching are suggested throughout the series, and under the name of "Social Arithmetic," curious and interesting problems are introduced, which may be used with advantage in wakening up the attention, and sharpening the faculties of the school.

6. The key is not only what its title imports, but it is also a complete treatise on the art of teaching Mental Arithmetic, being filled with hints useful to the Teacher.

The everyday practical value of Mental Arithmetic to every one who receives or pays money, if only for the daily necessaries of life, is now universally admitted. It therefore becomes imperative upon teachers to practice the best method of teaching it.

The books are beautifully printed on thick white paper, and neatly and tastefully bound. Their prices are as follows:

Normal Primary Arithmetic,.....15 cents.
Normal Mental Arithmetic,.....25 "
Key to Mental Arithmetic,.....25 "

A very liberal deduction to Teachers, and those who buy in quantities. Single copies sent to Teachers by Mail, on receipt of one-third of the above prices to pre-pay postage.

SANDER'S SERIES OF READERS,

Consisting of Primer, 12½ cents; Speller, 15 cents; First Reader, 15 cents; Second, 30 cents; Third, 40 cents; Fourth, 66 cents; Fifth, 75 cents; High School, 88 cents; Young Ladies, 88 cents; and Sander's New Speaker, $1,00; elegantly printed, beautifully illustrated, substantially bound, and sold at lower prices than any other Series of Readers.

WHITE'S COPY BOOKS,

By T. Kirk White, President of Pennsylvania Commercial College. The writing is beautiful, yet simple, practical and easily taught, the system being founded on natural habits and principles. The sale has become very large and is increasing. They afford a liberal profit to dealers.

PELTON'S OUTLINE MAPS.

This series of Six Superb Maps is now adopted in almost every school of note in the Union, where Geography is taught, and has no equal.

PHYSICAL GEOGRAPHY has been introduced upon the Hemisphere Maps, all its details having been so arranged as to present a most gorgeous appearance, while they do not interfere with each other or the subjects usually shown upon Maps, and are easily taught and understood by Teacher and Pupil. Price $25 for full set of six Maps, or $10 for set of Hemisphere Maps alone.

A Novelty

IN THE ART WORLD! PHOTOGRAPHY UPON PORCELAIN.—Secured by letters patent in the United States, England, France and Belgium.

THE AMERICAN PHOTOGRAPHIC PORCELAIN COMPANY, No. 781 Broadway, New York, having secured their novel and ingenious invention by American and European patents, are fully prepared to execute all orders for

MINIATURE LIKENESSES

of Persons on China, presenting all the attractive and advantageous features of ordinary photographs, the brilliancy and finish of a water-color drawing, and a hitherto unattained quality of durability, by being rendered as imperishable as the natural properties of the articles upon which they are transferred.

As the patented process of the Company enables the reproduction of Photographs, not only on plain surfaces, but upon such as are round or of any degree of irregularity—portraits can be reproduced with faultless accuracy, and delicacy of delineation, upon Porcelain wares of any description and dimension used as articles of luxury or of household utility, such as

URNS, VASES, BREAKFAST CUPS,
Toilet Articles, &c., thereby securing faithful portraits and furnishing a unique and exquisite style of ornamentation of articles in domestic use.

In order to furnish facilities for the gratification of the popular taste, and to meet the wants of those patrons of the Fine Arts desirous of having Portraits on Porcelain, the Company have imported from Europe a collection of superior porcelain goods, manufactured to their own order, which they sell at cost prices.

As the American Company are owners of the patent right, and consequently the only persons authorised to use the process, they have determined, in order to afford people of every section of the Union an opportunity to possess

PORTRAITS ON CHINA,

to make the following proposition to residents in the Country, who are unable to visit personally the Atelier And other Galleries in New York:

Persons sending a photograph, ambrotype, or daguerreotype to the office of the Company in New York, accompanied by

FIVE DOLLARS,

will receive in return by express, free of other charge, a richly ornamented Breakfast Cup and Saucer, with the portrait transferred thereon.

By transmitting a daguerreotype and

TEN DOLLARS,

they will secure in like manner, a handsome French Vase or Toilet Article, with the portrait reproduced by the patented process.

By sending a pair of daguerreotypes and

FIFTEEN DOLLARS,

they will receive in return a Pair of rich Sevres Vases, with the portraits executed equal to miniature paintings; and, in like manner, portraits can be reproduced on porcelain wares or Vases of every quality of finish, ranging in price from Twenty to One Hundred Dollars the pair.

N. B.—Be particular in writing the address, town, county and State distinctly.

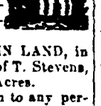
A Good Home.

ROSSGARLAND FOR SALE.—A FARM, containing about 286 Acres, situated in Hamiltonban township, Adams county, adjoining the property well known as the "Orr Farm;" about one-half of this farm is of same quality as Orr's land. The meadows are large and good soil, can be made to produce very large crops of Hay, a product for which there is now a constant good market; about 90 acres are in timber, much of it of the best kinds, including Locust and Walnut. It is supposed the most valuable Poplar timber in the county is on this property and within ½ of a mile of a good Saw-mill. A young Apple Orchard, containing 200 trees of choice selected fruit, planted 2 or 3 years ago. A young Peach Orchard of 100 trees of best kinds selected. These Orchards, when in full bearing, will add greatly to the value of the property, as the quality of Adams county fruit is known and held in great esteem in the cities. Numerous Springs on the farm, one of which is a large Sulpher Spring, that may become of great value as soon as the Gettysburg and Waynesboro', or Gettysburg and Chambersburg Railroads are finished, as the property is within one mile of these Railroads; and by these roads a constant supply of Franklin county lime may be had cheaply, so as to improve the land to any degree of fertility desired.—There is a HOUSE and good substantial Barn on the farm.



Also, A TRACT OF MOUNTAIN LAND, in same township, adjoining lands of T. Stevens, and others, containing about 35 Acres.

☞The property will be shown to any person wishing to purchase and the price made known on application to Isaac Robinson, Esq., Fairfield; Robert G. McCreary, George W. McClellan, Esqs., and Col. James D. Paxton, Gettysburg. ISAAC B. SMITH.

Dr. Mott's

CHALYBEATE RESTORATIVE
PILLS OF IRON.

An aperient and Stomachic preparation of IRON purified of Oxygen and Carbon by combustion in Hydrogen. Sanctioned by the highest Medical Authorities, both in Europe and the United States, and prescribed in their practice.

The experience of thousands daily proves that no preparation of Iron can be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions indicate its necessity in almost every conceivable case.

Innoxious in all maladies in which it has been tried, it has proved absolutely curative in each of the following complaints, viz:

In Debility, Nervous Affections, Emaciation, Dyspepsia, Constipation, Diarrhœa, Dysentery, Incipient Consumption, Scrofulous Tuberculosis, Salt Rheum, Mismenstruation, Whites, Chlorosis, Liver Complaints, Chronic Headaches, Rheumatism, Intermittent Fevers, Pimples on the Face, &c.

In cases of GENERAL DEBILITY, whether the result of acute disease, or of the continued dimunition of nervous and muscular energy from chronic complaints, one trial of this restorative has proved successful to an extent which no description nor written attestation would render credible. Invalids so long bed-ridden as to have become forgotten in their own neighborhoods, have suddenly re-appeared in the busy world as if just returned from protracted travel in a distant land. Some very signal instances of this kind are attested of female Sufferers, emaciated victims of apparent marasmus, sanguineous exhaustion, critical changes, and that complication of nervous and dyspeptic aversion to air and exercise for which the physician has no name.

In NERVOUS AFFECTIONS of all kinds, and for reasons familiar to medical men, the operation of this preparation of iron must necessarily be salutary, for, unlike the old oxides, it is vigorously tonic, without being exciting and overheating; and gently, regularly aperient, even in the most obstinate cases of costiveness without ever being a gastric purgative, or inflicting a disagreeable sensation.

It is this latter property, among others, which makes it so remarkably effectual and permanent a remedy for *Piles*, upon which it also appears to exert a distinct and specific action, by dispersing the local tendency which forms them.

In DYSPEPSIA, innumerable as are its causes, a single box of these Chalybeate Pills has often sufficed for the most habitual cases, including the attendant Costiveness.

In unchecked DIARRHŒA, even when advanced to DYSENTERY, confirmed, emaciating, and apparently malignant, the effects have been equally decisive and astonishing.

In the local pains, loss of flesh and strength, debilitating cough, and remittent hectic, which generally indicate INCIPIENT CONSUMPTION, this remedy has allayed the alarm of friends and physicians, in several very gratifying and interesting instances.

In SCROFULOUS TUBERCULOSIS, this medicated iron has had far more than the good effect of the most cautiously balanced preparations of iodine, without any of their well known liabilities.

The attention of females cannot be too confidently invited to this remedy and restorative, in the cases peculiarly affecting them.

In RHEUMATISM, both chronic and inflammatory—in the latter, however, more decidedly—It has been invariably well reported, both as alleviating pain and reducing the swellings and stiffness of the joints and muscles.

In INTERMITTENT FEVERS it must necessarily be a great remedy and energetic restorative, and its progress in the new settlements of the West, will probably be one of high renown and usefulness.

No remedy has ever been discovered in the whole history of medicine, which exerts such prompt, happy, and fully restorative effects.—Good appetite
