For the Compiler.

An Abolitionist Outwitted by a Negro.

MR. STAHLE:—I must inform you that Mr. ——, of Latimore township, a hard Abolitionist, had a negro all winter, fed and clothed him, and sent him to school to Wolford's School-house, the same school the "Sentinel" spoke of some time since, "that the teachers and scholars, about 60 in number, were all in for Lincoln except one scholar." The negro, of course, among the former. A week or two ago, the negro saddled and bridled one of Mr. ——'s horses and put out. The "Sentinel" did not say how the above school is conducted.

Prize Fighters Looking Up!

Tom Hyer, the notorious pugilist, is said to have the inside track for the U. S. Marshalship in New York. He is endorsed for the place by two of the most influential Republicans in that city.

Morissey, the prize fighter, it is said, will have a fat office in the New York Custom House for service rendered to the Republican party.

Tom Sayers, the "Champion of England," intends visiting this country in the Spring. He will come over in the steamer leaving Liverpool on the 13th of April. Is he after an office from Lincoln too?

☞It seems that the members of the Cabinet disagree as to the policy of withdrawing the troops from Fort Sumter, but President Lincoln has decided that it shall be done—and, it is said, at an early day.

☞The Republicans are racking their ingenuity to discover excuses for the evacuation of Fort Sumter. The gallant Anderson, who was petted and applauded as a marvellous hero, is suddenly discovered to be a traitor little less infamous than Twiggs. A correspondent of the *Tribune* says it is suspected in some quarters that Mr. Buchanan sent a secret agent to Fort Sumter more than eight weeks ago, advising Anderson to send the Government false intelligence concerning his condition and means of subsistence. This really *foolish* story is gravely repeated in justification of the backdown of the Lincoln Administration.

☞It is said that the Attorney General, Mr. Bates, has given the opinion to President Lincoln that the revenue cannot be collected except under the law of 1799, which renders it necessary for collectors to reside within their respective districts, and therefore it will be impossible to execute the laws with propriety even were it otherwise feasible, in vessels.

Rush of Office Seekers at Washington.—A letter from Washington, dated 8th inst., says: The rush of office-seekers upon the departments exceeds anything of the kind ever before known. From early morning till late in the evening, Uncle Abe and each of the members of the cabinet are beset by men, women and children. The crowd was so pressing yesterday and to-day as to render it utterly impossible for the chief clerks in the different departments to consult with their heads on important business. Every train brings in a fresh company. Those who have been here a couple of weeks have assurance that all the principal appointments and removals will be attended to immediately.

☞Secretary Chase, of the Treasury, has commenced chopping off heads at a most furious rate. Of course this is no "proscription for opinion's sake"!

☞A vote on the secession question was taken at Petersburg, Va., last week. For secession 879—against secession 762. The Union majority in February was 312.

A Shocking Catastrophe.—The Prairie (Miss.) News states that on the night of the 2d instant, a negro woman, a slave of S. P. Gates, went to a dance in a neighboring house, leaving her five little children locked up in her dwelling. During her absence her house got on fire, and before assistance arrived, the poor children were all burned to death.

☞The Washington correspondent of the New York *Express* writes:

"The United States army is in rebellion! In other words, it has been satisfactorily ascertained at the War Department, thro' the officers in command of the several posts at which the army is distributed, that the rank and file refuse to be employed in cannonading, fusilading and bayoneting their fellow-countrymen. They declare that they were enlisted to fight Indians, Mexicans, British, Spaniards, or any other enemies of the country who might present themselves, but not to fight Americans. So the business of coercion is at a dead lock, for the good and sufficient reason that 'coercives' are not forthcoming."

☞The Republicans were successful, as usual, in New Hampshire, on Tuesday, by about 3,500 majority.

The Question Settled!—Those eminent men, Dr. James Clark, Physician to Queen Victoria, and Dr. Hughes Bennett, say that consumption can be cured. Dr. Wister knew this when he discovered his Balsam of Wild Cherry, and experience has proved the correctness of his opinion.

☞There's a vile counterfeit of this Balsam, therefore be sure and buy only that prepared by S. W. FOWLE & Co., Boston, which has the *written* signature of I. BUTTS on the outside wrapper.

DR. WISTAR'S BALSAM OF WILD CHERRY.—Where this article is known it is a work of supererogation to say one word in its favor, so well is it established as an unfailing remedy for Coughs, Colds, Bronchitis, Croup, Whooping Cough, Asthma, Quinsy, Phthisic, diseases of the Throat, Chest, and Lungs, as well as that most dreaded of all diseases, Consumption, which high medical authority has pronounced to be a curable disease. Those who have used this remedy know its value; those who have not have but to make a single trial, to be satisfied that of all others it is the remedy.

CERTIFICATE FROM MAJ. JACOB LANDIS.

MIDDLETOWN, DAUPHIN CO., PA. April 25, '60.

It is now about fifteen years since I commenced using in my family Dr. Wistar's Balsam of Wild Cherry, as a medicine for Coughs, Colds, &c., and can most unhesitatingly say that it has scarcely ever failed to give relief in the most obstinate cases. I have in many instances recommended it to others in cases where other remedies had failed, with almost invariable success. I regard it as an invaluable specific. To those who have not used it let me say that a trial will convince them of the truth of all that has been said in its favor.

JACOB LANDIS.

FROM J. C. SMITH, ESQ.

LEWISBURG, PA., May 7, 1860.

Some eight years since I was attacked with a very severe cough, the long continuance of which alarmed me very much, and brought me to look for some remedy to rescue me from the condition in which I found myself. I applied to different physicians, but received no benefit. Wistar's Balsam of Wild Cherry was recommended; I gave it a trial, and was relieved of my cough before using half a bottle. I kept on using it until permanently cured. I would also say that several of my friends have used the Balsam with astonishing results.

Yours truly, J. C. SMITH.

☞*Caution to Purchasers.*—The only *genuine Wistar's Balsam* has the *written* signature of "I. BUTTS" and the printed one of the Proprietors on the outer wrapper; all other is vile and worthless.

☞Prepared by SETH W. FOWLE & CO., Boston, and for sale by A. D. Buehler, Gettysburg; E. Hiteshew, York Springs; Wm. Wolf, East Berlin; Solomon Chronister, Hampton; Jacob Fulweiler, Mummasburg; D. E. GREAT DISCOVERY!—Ample tests, both by able practitioners and chemical analysis, have demonstrated the great value of Prof. De Grath's beautiful combination, called "ELECTRIC OIL," for the relief and cure of pain.—But the people themselves are rendering their verdict in a manner both unmistakible and satisfactory. More than two million bottles have been sold in a very short time—a great proportion of those who heard others recommend it, who had tried it. That it's a splendid discovery is every where acknowledged, and nothing like it was ever before prepared. The only genuine Electric Oil is Prof. De Grath's, which is to be had at all the respectable Druggists in the cities, and at wholesale and retail, at the proprietors' prices of the agent here. See advertisement.

TO CONSUMPTIVES.—The Advertiser, having been restored to health in a few weeks by a very simple remedy, after having suffered several years with severe lung affection, and that dread disease, Consumption—is anxious to make known to his fellow-sufferers the means of cure.

To all who desire it, he will send a copy of the prescription used (free of charge,) with the directions for preparing and using the same, which they will find a sure Cure for Consumption, Asthma, Bronchitis, &c. The only object of the advertiser in sending the prescription is to benefit the afflicted, and spread information which he conceives to be invaluable, and he hopes every sufferer will try his remedy, as it will cost them nothing, and may prove a blessing.

Parties wishing the prescription will please address REV. EDWARD A. WILSON,
Williamsburg, Kings county,
Oct. 22, 1860. 1y New York.

THE FIRST OF APRIL has terrors for "the printer," as well as for other people. We have a (to us) heavy payment to make on the coming "moving day," and the fact that our purse is yet far, far short of the requisite amount, admonishes us to call again on our delinquent patrons for a little help from each. We trust the call will not be in vain. It is most EARNESTLY made.

It is as unpleasant for us to *dun* as it is to others to be *dunned*. But we must do something to get in money to meet the demands upon us, and prefer exhausting this method before resorting to any other. Those in arrears would do us a special favor by paying up before the first of April. Those at a distance can remit through the mails.

Roman Eye Balsam,

FOR INFLAMED EYELIDS.—The delicate structure of the eyelid renders it peculiarly sensitive and liable to disease. When, from any cause, it becomes affected, the inner membrane rapidly inflames, and the eyelid evinces the strongest predisposition to attract to itself humors from all parts of the body. Hundreds of persons of scrofulous habit are disfigured by rawness or redness of the eyelids, commonly called sore eyes, and tortured with apprehensions of impaired vision, who, by using this BALSAM, may obtain almost immediate relief. In all cases, the earlier this remedy is applied the better. In cases where the EYELIDS ARE INFLAMED, or the ball of the eye thickly covered with blood, it acts almost like magic, and removes all appearances of inflammation after two or three applications. There is a numerous class of persons that are peculiarly exposed to accidents or diseases that weaken and inflame the Eyes, and perhaps destroy the sight, such as Miners, Mechanics, and other operatives in metals, who, from the nature of their employments, are compelled to work in a cloud of dust and grit. Such should never be without this Balsam.

STEAM LIME MILL, CORNER OF WEST AND RAILROAD STREETS, NEAR THE FOUNDRY.—The subscriber, having leased the Steam Mill of Mr. C. W. HOFFMAN, in this place, has had it thoroughly repaired, by placing in it the necessary machinery for grinding Limestone. The mill is now in operation and I am ready to supply any demand for this useful Fertilizer. GROUND LIME-STONE is now conceded by those who have tested it, to be a much better Fertilizer than Burnt Lime, or indeed any of the other Fertilizers generally applied to land. The following Certificate from Mr. DIEHL, an extensive farmer, and highly respectable citizen of Adams county, will attest the truth of this assertion:

☞"I have been trying the Ground Limestone on my land for the last four years and find it to be a better fertilizer than the Burnt Lime, and CHEAPER. It has given satisfaction in the first crop. PETER DIEHL."

Numerous other certificates of like character could be produced, but this is sufficient.

AFFLICTED THIRTEEN YEARS AND CURED IN ONE WEEK.

Read letter from Rev. James Temple.

Philadelphia, June 9th, 1856.

Prof. De Grath: I have been afflicted for thirteen years with Neuralgia and other painful complaints, and I have been unable to sleep soundly or walk any distance for many years past. Last week I got a bottle of your "Electric Oil." The first night I slept soundly and well, and to-day I am a new man. My wife could not believe her eyes. Your Electric Oil has done in one week what the physicians of Philadelphia failed to do in thirteen years.

Gratefully yours,
REV. JAMES TEMPLE,
310 South Street.

DEAFNESS CURED.

New Haven, May 19th, 1858.

Prof. De Grath: My brother has been deaf for three years. After trying many things, he used your Oil a few times, and it cured him entirely. CLIFFORD R. SCRANTON.

CAUTION.—There are numerous imitations sprung up on the reputation that my article has acquired. The public must beware. They are worthless. Said by all Druggists.
