Sower, Barnes & Co.,

BOOKSELLERS AND PUBLISHERS, 37 North Third st., Lower Side, above Market, PHILADELPHIA, invite the attention of Teachers, Booksellers and Country Merchants to their very large Stock of School Books, published in this and other cities, together with Miscellaneous and Blank Books, Paper and Stationery generally. S. B. & Co. are publishers of many Popular Works, among which are the following:

THE SERIES OF NORMAL ARITHMETICS, By Edward Brooks, A. M., Professor of Mathematics in Pennsylvania State Normal School. Whatever helps the student to a THOROUGH UNDERSTANDING of his study, UNASSISTED by his Teacher, acts as a powerful stimulant upon him, while it releases the Teacher from the labor of making explanations which would be unnecessary with a more perfect Text Book.

The series above named has been published but a short time, and yet within a few months, without advertising or puffing, the demand amounts to almost one hundred thousand copies. Some of their advantages may be briefly stated, as follows:

1. They contain more new matter than any similar series.

2. They exhibit a number of new arithmetical solutions to problems that have heretofore been confined to Algebra.

3. The matter is arranged more philosophically than in others, and is therefore better adapted for instruction.

4. No subjects or phrases, signs or figures, are introduced in lessons previous to those in which they are fully explained, and the pupil is thus led along without the necessity of frequent and troublesome explanations on the part of the teacher. Very few elementary works have this merit.

5. New modes of Teaching are suggested throughout the series, and under the name of "Social Arithmetic," curious and interesting problems are introduced, which may be used with advantage in wakening up the attention, and sharpening the faculties of the school.

6. The key is not only what its title imports, but it is also a complete treatise on the art of teaching Mental Arithmetic; being filled with hints useful to the Teacher.

The everyday practical value of Mental Arithmetic to every one who receives or pays money, if only for the daily necessaries of life, is now universally admitted. It therefore becomes imperative upon teachers to practice the best method of teaching it.

The books are beautifully printed on thick white paper, and neatly and tastefully bound. Their prices are as follows:

Normal Primary Arithmetic,	15 cents.
Normal Mental Arithmetic,	25 "
Key to Mental Arithmetic,	25 "

A very liberal deduction to Teachers, and those who buy in quantities. Single copies sent to Teachers by Mail, on receipt of one-third of the above prices to pre-pay postage.

SANDER'S SERIES OF READERS, Consisting of Primer, 12½ cents; Speller, 15 cents; First Reader, 15 cents; Second, 30 cents; Third, 40 cents; Fourth, 66 cents; Fifth, 75 cents; High School, 88 cents; Young Ladies, 88 cents; and Sander's New Speaker, $1,00; elegantly printed, beautifully illustrated, substantially bound, and sold at lower prices than any other Series of Readers.

WHITE'S COPY BOOKS, By T. Kirk White, President of Pennsylvania Commercial College. The writing is beautiful, yet simple, practical and easily taught; the system being founded on natural habits and principles. The sale has become very large and is increasing. They afford a liberal profit to dealers.

PELTON'S OUTLINE MAPS.

This series of Six Superb Maps is now adopted in almost every school of note in the Union, where Geography is taught, and has no equal.

PHYSICAL GEOGRAPHY has been introduced upon the Hemisphere Maps, all its details having been so arranged as to present a most gorgeous appearance, while they do not interfere with each other or the subjects usually shown upon Maps, and are easily taught and understood by Teacher and Pupil. Price $25 for full set of six Maps, or $10 for set of Hemisphere Maps alone.

The Only Discovery

WORTHY OF ANY CONFIDENCE FOR RESTORING THE BALD AND GRAY.—Many, since the great discovery of Prof. Wood, have attempted not only to imitate his restorative, but profess to have discovered something that would produce results identical; but they have all come and gone, being carried away by the wonderful results of Prof. Wood's preparation, and have been forced to leave the field to its resistless sway. Read the following:

Bath, Maine, April 18th, 1859.

Prof. O. J. Wood & Co.: Gents,—The letter I wrote you in 1856 concerning your valuable Hair Restorative, and which you have published in this vicinity and elsewhere, has given rise to numerous enquiries touching the facts in the case. The enquiries are, first: is it a fact of my habitation and name, as stated in the communication; second, is it true of all therein contained; third, does my hair still continue to be in good order and of natural color? To all I can and do answer invariably yes. My hair is even better than in any stage of my life for 40 years past, more soft, thrifty, and better colored; the same is true of my whiskers, and the only cause why it is not generally true, is that the substance is washed off by frequent ablution of the face, when if care were used by wiping the face in close connection with the whiskers, the same result will follow as the hair. I have been in the receipt of a great number of letters from all parts of New England, asking me if my hair still continues to be good as there is so much fraud in the manufacture and sale of various compounds as well as this, it has, no doubt been basely imitated and been used, not only without any good effect, but to absolute injury. I have not used any of your Restorative of any account for some months, and yet my hair is as good as ever, and hundreds have examined it with surprise, as I am now 61 years old and not a gray hair in my head or on my face; and to prove this fact, I send you a lock of my hair taken off the past week. I received your favor of two quart bottles last summer, for which I am very grateful: I gave it to my friends and thereby induced them to try it, many were skeptical until after trial, and then purchased and used it with universal success. I will ask a favor that you send me a test by which I can discover fraud in the Restorative, sold by many, I fear, without authority from you. A pure article will insure success, and I believe where genuine do not follow, the failure is caused by an impure article, which curses the invalid instead of the good. I deem it my duty as heretofore to keep you apprised of the continued growth on my hair, as I assure all who enquire of me of my unshaken opinion of its valuable results. I remain, dear sir, yours, A. C. RAYMOND.

Aarons Run, Ky., Nov. 30, 1858.

Prof. O. J. Wood: Dear Sir:—I would certainly be doing you a great injustice not to make known to the world, the wonderful, as well as the unexpected result I have experienced from using one bottle of your Hair Restorative. After using every kind of Restoratives extant, but without success, and finding my head nearly destitute of hair, I was finally induced to try a bottle of your Hair Restorative. Now, candor and justice compel me to announce to whoever may read this, that I now possess a new and beautiful growth of hair, which I pronounce richer and handsomer than the original was. I will therefore take occasion to recommend this invaluable remedy to ALL who may feel the necessity of it.

Respectfully yours, REV. S. ALLEN BROCK.

P. S.—This testimonial of my approbation for your valuable medicine (as you are aware of) is unsolicited;—but if you think it worthy a place among the rest, insert if you wish; if not destroy and say nothing. Yours, &c., REV. S. A. B.

The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds ½ a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for $3.

Dr. Mott's

CHALYBEATE RESTORATIVE *PILLS OF IRON.*

An aperient and Stomachic preparation of IRON purified of Oxygen and Carbon by combustion in Hydrogen. Sanctioned by the highest Medical Authorities, both in Europe and the United States, and prescribed in their practice.

The experience of thousands daily proves that no preparation of Iron can be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions indicate its necessity in almost every conceivable case.

Innoxious in all maladies in which it has been tried, it has proved absolutely curative in each of the following complaints, viz:—

In Debility, Nervous Affections, Emaciation, Dyspepsia, Constipation, Diarrhœa, Dysentery, Incipient Consumption, Scrofulous Tuberculosis, Salt Rheum, Mismenstruation, Whites, Chlorosis, Liver Complaints, Chronic Headaches, Rheumatism, Intermittent Fevers, Pimples on the Face, &c.

In cases of GENERAL DEBILITY, whether the result of acute disease, or of the continued diminution of nervous and muscular energy from chronic complaints, one trial of this restorative has proved successful to an extent which no description nor written attestation would render credible. Invalids so long bedridden as to have become forgotten in their own neighborhoods, have suddenly re-appeared in the busy world as if just returned from protracted travel in a distant land. Some very signal instances of this kind are attested of female Sufferers, emaciated victims of apparent marasmus, sanguinous exhaustion, critical changes, and that complication of nervous and dyspeptic aversion to air and exercise for which the physician has no name.

In NERVOUS AFFECTIONS of all kinds, and for reasons familiar to medical men, the operation of this preparation of iron must necessarily be salutary; for, unlike the old oxides, it is vigorously tonic, without being exciting and overheating; and gently, regularly aperient, even in the most obstinate cases of costiveness without ever being a gastric purgative, or inflicting a disagreeable sensation.

It is this latter property, among others, which makes it so remarkably effectual and permanent a remedy for *Piles*, upon which it also appears to exert a distinct and specific action, by dispersing the local tendency which forms them.

In DYSPEPSIA, innumerable as are its causes, a single box of these Chalybeate Pills has often sufficed for the most habitual cases, including the a verdant Costiveness.

In unchecked DIARRHŒA, even when advanced to DYSENTERY, confirmed, emaciating, and apparently malignant, the effects have been equally decisive and astonishing.

In the local pain, loss of flesh and strength, debilitating cough, and remittent hectic, which generally indicate INCIPIENT CONSUMPTION, this remedy has allayed the alarm of friends and physicians, in several very gratifying and interesting instances.

In SCROFULOUS TUBERCULOSIS, this medicated iron has had far more than the good effect of the most cautiously balanced preparations of iodine, without any of their well known liabilities.

The attention of females cannot be too confidently invited to this remedy and restorative, in the cases peculiarly affecting them.

In RHEUMATISM, both chronic and inflammatory—in the latter, however, more decidedly—it has been invariably well reported, both as alleviating pain and reducing the swellings and stiffness of the joints and muscles.

In INTERMITTENT FEVERS it must necessarily be a great remedy and energetic restorative, and its progress in the new settlements of the West, will probably be one of high renown and usefulness.

No remedy has ever been discovered in the whole history of medicine, which exerts such prompt, happy, and fully restorative effects.—Good appetite, complete digestion, rapid acquisition of strength, with an unusual disposition for active and cheerful exercise, immediately follow its use.

Put up in neat flat metal boxes containing 50 pills, price 50 cents per box; for sale by druggists and dealers. Will be sent free to any address on receipt of the price. All letters, orders, etc., should be addressed to

Prof. L. Miller's

HAIR INVIGORATOR.—An Effective, Safe and Economical Compound.

FOR RESTORING GRAY HAIR to its original color without dyeing, and preventing the Hair from turning gray.

FOR PREVENTING BALDNESS, and curing it, when there is the least particle of vitality or recuperative energy remaining.

FOR REMOVING SCURF AND DANDRUFF, and all cutaneous affections of the Scalp.

FOR BEAUTIFYING THE HAIR, imparting to it an unequalled gloss and brilliancy, making it soft and silky in its texture and causing it to curl readily.

The great celebrity and the increasing demand for this unequalled preparation, convince the proprietor that one trial is only necessary to satisfy a discerning public of its superior qualities over any other preparation at present in use. It cleanses the head and scalp from dandruff and other cutaneous diseases, causes the hair to grow luxuriently, and gives it a rich, soft, glossy and flexible appearance, and also where the hair is loosening and thinning, it will give strength and vigor to the roots, and restore the growth to those parts which have become bald, causing it to yield a fresh covering of hair.

There are hundreds of ladies and gentlemen in New York who have had their hair restored by the use of this Invigorator, when all other preparations had failed. L. M. has in his possession letters innumerable testifying to the above facts, from persons of the highest respectability. It will effectually prevent the hair from turning gray until the latest period of life; and in cases where the hair has already changed its color, the use of the Invigorator will with certainty restore it to its original hue, giving it a dark, glossy appearance. As a perfume for the toilet and a Hair Restorative it is particularly recommended, having an agreeable fragrance; and the great facilities it affords in dressing the hair, which, when moist with the Invigorator can be dressed in any required form so as to preserve its place, whether plain or in curls—hence the great demand for it by the ladies as a standard toilet article which none ought to be without, as the price places it within the reach of all, being

ONLY TWENTY-FIVE CENTS

per bottle, to be had at all respectable druggists and perfumers.

L. MILLER would call the attention of Parents and Guardians to the use of his Invigorator, in cases where the children's hair inclines to be weak. The use of it lays the foundation for a good head of hair, as it removes any impurities that may have become connected with the scalp, the removal of which is necessary both for the health of the child, and the future appearance of its hair.

CAUTION.—None genuine without the fac simile of LOUIS MILLER being on the outer wrapper; also, L. MILLER'S HAIR INVIGORATOR, N. Y., blown in the glass.

Ayer's Cathartic Pills.

ARE you sick, feeble, and complaining?—Are you out of order, with your system deranged, and your feelings uncomfortable? These symptoms are often the prelude to serious illness. Some fit of sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take Ayer's Pills, and cleanse out the disordered humors—purify the blood, and let the fluids move on unobstructed in healthagain. They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and obstructs its natural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering, and disease. While in this condition, oppressed by the derangements, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the deep-seated and dangerous distempers. The same purgative effect expels them. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly, and many of them surely, cured by the same means. None who know the virtues of these Pills, will neglect to employ them when suffering from the disorders they cure.

Statements from leading physicians in some of the principal cities, and from other well known public persons.

From a Forwarding Merchant of St Louis, Feb. 4, 1856.

Dr. Ayer: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her. ANA MORORIDGE.

AS A FAMILY PHYSIC.

From Dr. E. W. Cartwright, New Orleans.

Your Pills are the prime of purges. Their excellent qualities surpass any cathartic we possess. They are mild, but very certain and effectual in their action on the bowels, which makes them invaluable to us in the daily treatment of disease.
