UNION MEETING.—In pursuance of a call issued on Tuesday morning, a large and enthusiastic meeting of the citizens of Gettysburg, irrespective of party differences, together with a large number of persons from the country who were in attendance at Court, assembled in the Court House on the evening of the same day, to give expression to their feelings in regard to their country in this hour of its peril. At an early hour the large Court Room was filled to its utmost capacity, attesting their fidelity to the Union, and their willingness to stand by its Flag. On motion of Dr. E. G. RAHNESTOCK, the meeting was organized by appointing as

President, GEORGE ARNOLD, Esq.

Vice Presidents, Prof. Muhlenberg, R. G. Harper, Hon. D. Ziegler, S. S. Forney, John Busbey, Sr., John Picking, J. S. Gitt, James Linn, Samuel McCreary, Wm. Douglas.

Secretaries, Hon. S. R. Russell, Daniel Snyder, C. X. Martin, and Emanuel Bushman.

The object of the meeting was stated by D. WILLS, Esq., after which the following committee was appointed to draft resolutions expressive of the sense of the meeting:

Dr. H. L. Baugher, Prof. M. L. Stover, David Wills, Esq., Wm. Douglas, M. E. Schelberger, Dr. E. G. Rahnestock, Wm. A. Duncan, Esq., Hon. D. Ziegler, George Swope, Hon. J. B. Danner, Dr. Chas. Horner, John Houck, D. A. Buehler, Esq., and Rev. Jacob Ziegler.

In the absence of the committee the meeting was addressed by Rev. JAMES A. BROWN, of York, and Gen. of Newbury, S. C., Mr. ROTH, of Pennsylvania College, and D. MCCONAUGHY, Esq. The Committee reported the following resolutions, which were unanimously adopted:

WHEREAS, This meeting has been called by the Burgess irrespective of political parties, and whereas, it is the duty of the citizens of this State to give expression to their views and purposes in this emergency, therefore

Resolved, That humiliating as is the present distracted and perilous condition of the country, and however variant may be our views as to the causes which have contributed to the present condition of affairs, at the face of the perils now threatening the Republic, it is the duty of every good citizen to forget party feelings and partizan distinctions, and to unite in a common effort to maintain the honor, the integrity and the existence of our National Union.

Resolved, That the series of outrages perpetrated in a portion of the Southern States against the rights, honor and integrity of the National Government, commencing with the seizure of Forts, Arsenals, Custom Houses, Mints, and other property of the Union, and culminating in open War in the harbor of Charleston, by the canonading and capture of a Federal Fortress, protected by the Federal Flag—with the threats of high officials, directing and controlling these movements, to invade and seize the Federal Capitol, constitute Rebellion and Treason against the Government, and call for prompt and energetic action upon the part of all good citizens, in defence of the Government and the National Union.

Resolved, That we hereby tender to the National Government the expression of a firm determination to support it in all lawful efforts to maintain the honor, its dignity, and its existence; and in this determination it is our purpose to know no party, but fearlessly and boldly to tread the path of duty in defence of a Government the most glorious on earth—under which as a people, in little more than three-fourths of a century, we have risen to a distinguished rank among the nations of the earth, and in whose continued preservation our dearest interests and most cherished hopes, as well as those of the civilized world, are deeply involved.

Resolved, That the gallant defence of Fort Sumter, by Major Anderson and his heroic band, amid the fearful cannonading of the batteries by which he was beleaguered, his refusal to strike the flag of his country until compelled by the exhaustion of his men, attest the qualities of a true soldier and patriot, and demand the grateful recognition of all true and loyal citizens.

On motion it was resolved that the proceedings of the meeting be published in all the papers of the Borough.

☞ On Thursday night another large meeting was held in the Court House, at which Hon. JOEL B. DANNER presided, assisted by a number of Vice Presidents—JOHN BUSBEY, Jr., and T. D. CARSON, Esq., acting as Secretaries. The following resolution, which was unanimously adopted, will explain the object of the meeting:

Resolved, That a Committee consisting of seven citizens, the presiding officer of this meeting as Chairman of said Committee, be appointed, whose duty it shall be to collect and distribute provisions and money to each and every family which may be in need of the same, by the absence of Father, Husband or Son in the cause of their country, in the Company now forming here.

The following obligation was laid before the meeting and received a large number of signatures:

To give assurance to those who have, or may yet enroll themselves in the military Company now forming here, that while absent in the cause of their Country, their families will receive the protecting and providing care of the community, we, the undersigned citizens, hereby obligate ourselves to contribute to the Committee appointed, our quota weekly or monthly of such sum (for the space of three months) as may be required to provision the needy families of the absent soldiers of our county.

The meeting was very ably addressed by WM. A. DUNCAN, Esq., S. J. VANDERSLOOT, Esq., Prof. SCHAEFFER, D. A. BUEHLER, Esq., and D. MCCONAUGHY, Esq., appealing to the patriotism and humanity of our citizens.—The pledge is still before the public for signers. The meeting adjourned with three hearty cheers for the Union.

☞ The Stars and Stripes are floating from all the Printing Offices, Court House, Public School Building, Hotels, and many of our business houses. A Liberty Pole, 120 feet above ground, with a beautiful American Flag attached, was erected in the Diamond on Friday afternoon.

☞ The new Lutheran Church at New Oxford, will be dedicated with appropriate religious ceremonies, on Ascension Day, the 9th of May.

☞ Sixteen car loads of troops passed the Hanover Junction on Friday on their way to Washington.

☞ Jane Swisheim has got divorced from her husband and is publishing a paper somewhere in Mississippi.

FATAL ACCIDENT.—On Wednesday evening last, Mr. JACOB A. RIDDLEMOSER, of Liberty township, whilst in the woods felling a tree, was killed, it is supposed, by a limb striking his head. He was alone, and not returning at the time he was expected, search was made, when he was found dead.

☞ Mr. JOHN R. TURNER, of Carlisle, who built our Court-house, had his carpenter's shop in that town destroyed by fire on Saturday week. Two stables were also burnt at the same time. The loss is $1500, partly covered by insurance.

PRESERVATION OF THE HAIR.—Some attention paid to this item of propriety would avoid much of the Baldness so prevalent in this country. Dr. Bellingham, of London, has immortalized his name as the inventor of a "*Stimulating Onguent*," which could be as appropriate in preventing as in curing baldness. To cause a luxuriant growth of beard or whiskers, it is equally certain. Messrs. H. L. Hegeman & Co. now have the entire American market.—Hence we look for a large increase in hirsute appendages among our young men. See our advertising columns.

☞ Have you the Dyspepsia? the Asthma? the Liver Complaint, or General Debility? does your food distress you? Do you suffer from nervous irritation or *ennui*? Take the Oxygenated Bitters, which cures all these.

Special Notices.

THE OXYGENATED BITTERS.—For years medical science had been taxed and the skill of the physician exhausted in the hope of discovering some remedy available to cure that most distressing of all diseases—Dyspepsia, as well as its long train of evils under their various names.

No medicine existed which would speedily, permanently, effectually, and radically cure and expel these diseases from the system until Dr. Green made known his discovery of

THE OXYGENATED BITTERS.

Such is its remarkable power and peculiarity, that cases which for years have baffled the most potent medicine and the highest professional skill, yield to this remedy as readily as if the disease were but of a day's standing.—For all diseases of the Stomach and Digestive Organs, and for General Debility, it is equally salutary and certain.

The following letter from Miss Caroline Wood attests to the great value of the Oxygenated Bitters as a sure remedy for Dyspepsia and kindred diseases.

DRYDEN, N. Y., Nov. 21, 1859.

Messrs. S. W. Fowle & Co:

Sirs—Being solicited by your agent for an expression of my opinion of your Oxygenated Bitters, I will say I consider them invaluable in Dyspepsia, with which I was afflicted for several years, and at last so badly as to be thought to be in the last stage of consumption. They were prescribed for me by Dr. Campbell of Montreal in June, 1858, when my stomach was in so bad a state that it would only bear the smallest quantities of food, of the simplest kind. I think I took at least a dozen bottles, and now consider myself cured of Dyspepsia.—I would wish every person who is afflicted with Dyspepsia to give your Bitters a thorough trial.

GREAT DISCOVERY!—Ample tests, both by able practitioners and chemical analysis, have demonstrated the great value of Prof. De Grath's beautiful combination, called "ELECTRIC OIL," for the relief and cure of pain.—But the people themselves are rendering their verdict in a manner both unmistakable and satisfactory. More than two million bottles have been sold in a very short time—a great proportion of those who heard others recommend it: who had tried it. That it's a splendid discovery is every where acknowledged, and nothing like it was ever before prepared. The only genuine Electric Oil is Prof. De Grath's, which is to be had at all the respectable Druggists in the cities, and at wholesale and retail, at the proprietors' prices of the agent here. See advertisement.

☞ Twenty-five to sixty dollars and expenses per month will be paid by the Erie Sewing Machine Company to their Agents, for selling the Erie Sewing Machine. This is a new Machine, and so simple in its construction that a child can learn to operate it by half an hour's instruction. It is equal to any Family Sewing Machine in use, and they take the premium over the Fifty and One Hundred dollar machines.—The price is but Fifteen Dollars. The Company wish to employ Agents in every county in the United States. Address, for particulars, ERIE SEWING MACHINE CO. R. JAMES, General Agent, Milan, Ohio. [Mar. 11, '61. 6m

Mechanics.—Mechanics, notwithstanding the fashion of the would be considered aristocracy to put on airs and turn up noses at the idea of associating with them, are beginning to be valued as what they are worth, as all men should be, and if they do not attain position in society and in the world, it is not because they are mechanics. If they do not conduct themselves in a manner to be worthy of it they have no right to expect it. The learned professions are so crowded that it takes a man of more than ordinary talent to acquire anything more than a competency. Men are beginning to train their sons, and very properly, for other things beside law and medicine. And we find young men who have received the advantages of a liberal education turning their attention to mechanism, as more likely to secure their independence. That man shall work is a decree from heaven, and that a man who works for a living is not entitled to as much respect as the man who gets a living without working for it, is an idea, which, if it ever existed, is fast vanishing from the minds of men.

☞ SHRADS & BUEHLER'S Store is well worthy a visit just at this time. We doubt whether, even in our largest cities, so fine a display of Stoves can be found. Their large room is full of Stoves of every pattern; also, every variety of Hollow Ware, Sheet-iron Ware, Tin Ware, Plain-ished Ware, Japan Ware—embracing, indeed, everything in the house furnishing line. deed, Sausage Cutters, Sausage Stuffers, Lard Presses, &c., &c. They are prepared to sell wholesale and retail, Tin Ware and Sheet-iron Warre of their own manufacture—keeping a sufficient number of hands to supply any demand. Their assortment of Lumber is very large; also Coal of every kind.
