It is the duty of Democrats to stand by the government and endeavor to restore peace. We must not permit the wild and unreasoning fanaticism of the North and South to go on till the government itself shall be destroyed.

CORRESPONDENCE OF THE COMPILER.

CAMP SCOTT, YORK, PA. Sunday morning, May 19th.—Friend STABLE—When I last wrote to you, I did not expect you would receive any more letters from me connected with Camp Scott.

But so the world was; and we are still here, under marching orders, as we were one week ago. Every day we are assured that "to-day we will move," but it seems that it is only the escaping of a little gas from our camp bags.

I would like to know if Uncle Sam intends to make a regular attack on our camp. If so, I am afraid we will all "collapse and go on a bust."

We would all be better satisfied if it was not for the imprisonment we undergo by being confined in Camp. It seems hard that freedom should be deprived of their liberty, but I suppose it is all right.

We witnessed an occurrence which was calculated to enlist our sympathies. A fellow-soldier was handcuffed and degraded by being drummed around the Camp, and then down through the main street of York, and there placed in the lock-up, in consequence of a fight between two members of a Company from Pittsburg, in which one was wounded by a ball and the other was severely cut by a knife.

Tuesday.—Everything dull and quiet. Very little drilling, because of the bad condition of the ground.

Wednesday.—A funeral procession is just moving from the quarters of our neighbors on the right. The deceased was a native of our county, and belonged to one of the Hanover companies.

THE WAR!

WASHINGTON, May 26.—A letter from Virginia states that there are between fifty and sixty thousand men in arms in that State, chiefly posted at Richmond, Norfolk and Harper's Ferry, or within hand. It is also stated that private advices confirm the report of large arrivals of arms at the South from abroad.

These were shipped from Europe, and consisted of over 200,000 muskets and rifles, and also supplies of powder and percussion caps, and machines for making the latter.

Much speculation is indulged as to the movements of troops for active service. It is presumed that the best advantage will be taken of the present position of the heart of our State is now contemplated, and that the operations will be principally confined to the recapture of public property which has been seized on the seaboard and in the possession of the United States.

Much deference is paid to the views of Lt. Gen. Scott, and it is known that he is not restive to make any forward movement, unless with prospect of a decisive success. There may, however, be modification of his present policy, dependent on circumstances.

Col. Thompson, formerly engineer-in-chief of the New York State militia, who has been for two months making a battery of proposed to raise and equip a battery of mounted howitzers, at private expense, if necessary, and attach it to some first-class accepted regiment.

St. Louis, May 25.—The steamer Swan has been ordered to be brought to the Arsenal landing. She will be converted for conveying arms from Baton Rouge to St. Louis, for the use of the secessionists.

Five thousand pounds of lead, destined for the South, were seized yesterday, on the Iron Mountain Railroad. Some resistance was made, and several shots were fired, none of which, however, did any hurt. The prisoners captured at Potosi have been released on their parole.

Chambersburg, May 23.—On Wednesday night a party of Virginians attempted to capture the ferry-boat on the Potomac, near Clear Spring, Md. Notice was given of the fact to the Union men of Clear Spring, three miles distant, who at once turned out to guard the boat. During the night the Virginians again seized the boat, and were immediately fired upon by the Union men, and midway across had to abandon the prize and escape in a skill. It was reliably ascertained that two of the Virginians were killed. The ferry-boat again returned to the Maryland shore, and was reinforced by Williamport. All is quiet here.

Frankfort, Ky., May 22.—In the House of Representatives today the bill to amend the constitution of the State of Kentucky, passed by a majority of 48 to 42, the constitution requiring 51 votes to be an appropriation of over \$100. This resolution that the Governor's proclamation, issued on the 20th, sets forth the true position which Kentucky should occupy during the present crisis is rejected.

The act amending the State militia law, by which the State Guard are required to swear to support the constitution of the United States and of the State of Kentucky, was passed—yeas 49, nays 38.

Easton, May 22.—Governor Curtin has located a camp at the Farmers' & Mechanics' Institute grounds at this place. Four regiments are to encamp there, and ten or twelve companies are expected from Philadelphia during the week.

Gen. Wood at Fort Monroe.—We learn from Hampton, that Major-General Wood, who under orders from the War Department was directed to proceed to Fort Monroe to conduct operations there, arrived at the Point on Friday, and assumed the command under a salute from the fort.—New York Daily Book.

The Virginians have erected a battery at Sewell's Point, at the mouth of James River. There have been several exchanges of shot between the batteries, but the blockading of the Monticello, Mirabeau, &c., but thus far without much effect. The Monticello was somewhat damaged, and several of her men wounded. The battery was also slightly injured.
