PERSONAL.—We need money badly, and it will be a very great relief to us if our friends and patrons will furnish us with a little of the "needful" without delay. If they cannot pay all, let them at least give us a *part* of that to which we are justly entitled, in order to relieve us from our embarrassments. We think we have been very indulgent, and therefore hope to meet with a ready response to what we conceive to be a reasonable request.

Persons at a distance can remit by mail, at our risk. Come, friends, give us a lift without longer delay. We must have money to keep the wheels of the old COMPILER in motion.

MILITARY.—Capt. BUEHLER is raising a Company of 100 men, to serve for three years or the war. The Company will be attached to the Regiment now forming in York and Adams counties, for a special service of the Government.

Quite a number of persons, in this town and county, have signified their intention to go into a Cavalry Company, to be mustered into one of the four Regiments now being formed under Ex-Gov. THOMAS, at Frederick, Md. For particulars apply to P. J. TATE.

☞The act confiscating the property of the rebels, we regard as one of the worst measures of the last Congress. Instead of discouraging the insurrectionists, a few moments of calm reasoning must convince any one, that it will only make them more desperate and revengeful. The next act in the drama will now probably be the seizure and destruction of property belonging to persons in the North, within the rebellious states, and thus the work of retaliation will go on until it damages loyal citizens far more than the traitors. Who can doubt that men, knowing that their property is at stake, will not be the more determined and relentless in fighting to retain it? There is a positive blindness in some of the laws enacted by the late Congress, that has no excuse. While many of their measures are very wholesome and were rendered absolutely necessary by the fearful state of the times, others exhibit a wretched looseness and lack of judgment, and can only add to the length and bitterness of the struggle, instead of benefiting the nation.—*Erie Observer.*

Died, on the 10th inst., at Littlestown, Mrs. CATHARINE GULDEN, relict of the late Wm. Gulden, deceased, in the 73d year of her age. Her remains were followed to their place of repose by a large retinue of friends, who will long remember her many virtues. THE WAR!

GREAT BATTLE IN MISSOURI.

Heavy Loss on Both Sides—Gen. Lyon Killed.—Washington, August 13.—The following official report was received here to-night by Lieut. Gen. Scott:

HEADQUARTERS WESTERN DEPARTMENT,
ST. LOUIS, Aug. 13.

Col. E. D. Townsend:

Gen. Lyon in three columns under himself, Sigel and Sturges, attacked the enemy, at half past 6 o'clock on the morning of the 10th instant, nine miles southeast of Springfield. The engagement was severe. Our loss is about eight hundred killed and wounded.

Gen. Lyon was killed in a charge at the head of his column.

Our force was 8,000, including 2,000 Home Guards. The muster roll reported to have been taken from the enemy gives their force at 23,000, including regiments from Louisiana, Tennessee and Mississippi, with Texan Rangers and Cherokee half breeds. This statement is corroborated by prisoners.

The enemy's loss is reported to have been heavy, including Generals McCullough and Price. Their tents and wagons were all destroyed in the action.

Gen. Sigel left one gun on the field and retreated to Springfield, whence, at 3 o'clock on the morning of the 12th, he continued his retreat upon Rolla, bringing off his baggage trains and $25,000 in specie from the Springfield Bank. (Signed)

J. C. FREMONT,
Major General Commanding.

Account by an Eye-Witness.—Rolla, Mo., Aug. 13.—The following additional account of the battle at Springfield is furnished by an eye witness, who left Springfield on Sunday morning and came here on horseback. Our army marched out of Springfield on Friday evening only 5,500 strong, the Home Guard remaining at Springfield. The army slept on the prairie a portion of the night. About sunrise on Saturday morning we drove in the outposts of the enemy, and soon the attack became general.

The attack was made in two columns by Gen. Lyon and Sturges—Gen. Sigel leading a flanking force of about one thousand men with four guns, on the north of the enemy's camp.

The battle raged from sunrise until one or two o'clock in the afternoon. The rebels in overwhelming force charged Totten's battery three distinct times, but were each time repulsed with great slaughter.

General Lyon fell early in the day. He had been previously wounded in the leg, and his horse shot under him.

The Colonel of one of the Kansas regiments having become disabled, the boys dried out to Gen. Lyon, "General, you come and lead us on." He did so, and at once put himself in the front. While thus cheering his men on to the charge, he received a ball in the left breast, and fell from his horse. He was asked if he was hurt, and replied, "No, not much," but in a few minutes expired without a struggle.

Gen. Sigel had a very severe struggle, and finally lost three of his four guns. His artillery horses were shot in the harness, and the pieces disabled. He endeavored to haul them off with a number of prisoners he had taken, but was finally compelled to abandon them, first, however spiking the guns, and disabling the carriages.

About one o'clock the enemy seemed to be in great disorder, retreating and setting fire to their train and baggage wagons. Our forces were too much fatigued and cut up to pursue, and so the battle may be considered a drawn one.

Gen Price was not killed as first reported. There were rumors on the field that Ben McCullough had been killed, but the rebels denied it on Saturday night.

Dr. Mencher, and others of the army, went back with ambulances to the battle field from Springfield to see about the killed and wounded. They found the enemy on the field, and were considerately treated.

Gen. Lyon's body had been treated with great respect, and was brought back with some of the wounded to Springfield.

Major Sturges took command on the battle-field after the death of Gen. Lyon. Gen. Sigel took command after the battle.

Our loss is variously estimated at from 150 to 300 killed and several hundred wounded.

We captured about 100 horses of the enemy. The enemy carried two flags—a Confederate and the Stars and Stripes.

Gen. Sigel marched back to Springfield in good order, after perfecting his arrangements, gathering the baggage, and blowing up what powder he could not carry, and destroying other property which he did not wish to fall into the hands of the enemy.

Our troops left Springfield on Sunday night, and encamped 30 miles this side of that place, the enemy not pursuing. The only hostile demonstration observed during the day being the firing of muskets at the rear guard.

General Sigel is confident that he could have held Springfield against the force he had engaged, but was fearful of reinforcements to the enemy from the southwest, and that his line of communication to Rolla would be cut off unless he fell back.

Gen. Lyon began the attack upon the receipt of intelligence that the enemy was expecting reinforcements from Gen. Hardee's column, which was approaching from the southeast.

A portion of the artillery of the enemy was admirably served and their infantry fire was also very severe.

It is thought that Gen. Sigel fell back no further than Lebanon, where reinforcements would reach him.

St. Louis, Aug. 16.—A messenger from Gen. Sigel arrived here early this morning who reports Gen. Sigel at a point fifteen miles this side of Lebanon, expecting to reach Rolla to-day. He had not been molested on the route. Gen. Lyon was buried on Col. Phelp's farm, near Springfield.

It is reported that the rebels had entered Springfield and were encamped in and around it. The messenger also states that the whole number of killed, wounded and missing on the federal side don't exceed 400, and that Gen. Ben McCullough and a number of rebel officers were killed.

☞The flags in this place were displayed at half-mast on receipt of the news of the death of Gen. Lyon.

COUGHS, COLDS AND LUNG DISEASES.—Coughs, Colds, Bronchitis, Asthma, Croup, Whooping Cough, Diseases of the Throat, Chest and Lungs, however long standing and severe in character, are quickly cured by that long tried, efficient and faithful remedy—

WISTAR'S BALSAM OF WILD CHERRY.

The universal opinion fully accords with that lately expressed by the "Saratogian," which says:—"Wistar's Balsam has achieved many remarkable cures of Pulmonary disorders—its success being so great that taken in time it is deemed a specific." The thousands of Certificates in the hands of the proprietors from those who from long suffering disease have been "redeemed, regenerated, disenthralled," and now by this remedy enjoy impunity from pain and suffering, are still better evidence of the fact.

STILL MORE TESTIMONY.

The Rev. Jacob Sechler, well known and much respected among the German population of this country, makes the following statement for the benefit of the afflicted:

HANOVER, PA., Feb. 16, 1859.

Messrs. SETH W. FOWLE & Co., Boston,—

Dear Sirs:—Having realized in my family important benefits from the use of your valuable preparation—Wistar's Balsam of Wild Cherry—it affords me pleasure to recommend it to the public. Some eight years ago one of my daughters seemed to be in a decline, and little hopes of her recovery were entertained.—I then procured a bottle of your excellent Balsam, and before she had taken the whole of the contents of the bottle there was a great improvement in her health. I have, in my individual case, made frequent use of your valuable medicine, and have always been benefited by it. I would, however, caution the public against imposition, because there is a good deal at spurious Wistar's Balsam of Wild Cherry is about throughout the country.

PIMPLES AND SKIN DISEASES are the *result of impure blood.* The blood becomes thick, and clogged. The skin is not able to cast off the impurities so important to health. How many young men and women we see with their faces covered with pimples and blotches, who are endeavoring to remove them by the use of soaps and washes of various kinds.—This is very dangerous and should never be practised by persons desirous of good health. Mothers who have children afflicted with sores and eruptions, should never dry them up by external applications, for in this way they will drive in the humors and produce ill health for the child during its whole life time. There is *no mother that likes to see her children afflicted* with feeble health.

JUDSON'S MOUNTAIN HERB PILLS are prepared expressly for the cure of eruptions of the skin, such as Pimples, Blotches, Sores, &c. They cleanse the blood of all impurities, producing a beautiful, clear and healthy skin, so much admired by all people of taste and refinement.

GREAT DISCOVERY!—Ample tests, both by able practitioners and chemical analysis, have demonstrated the great value of Prof. De Grath's beautiful combination, called "ELECTRIC OIL," for the relief and cure of pain.—But the people themselves are rendering their verdict in a manner both unmistakable and satisfactory.
