OUR FLAG.

The union of lakes—the union of lands—
The Union of States none would sever
The union of hearts—the union of hands—
And the Flag of our Union forever!

H. J. STAHLE, EDITOR AND PROPRIETOR.

GETTYSBURG, PA:

MONDAY MORNING, OCT. 14, 1861.

The Result in the County.

The result of the election in this county is given in another column. It will be seen from the figures that in the county vote all the Democratic candidates but two have majorities, whilst in the county and army together, Judge Fisher and Judge Ziegler have majorities, with *two* votes ahead of Henry J. Myers—the balance of the mongrel ticket elected.—That we labored earnestly for the success of the entire Democratic ticket, and deeply regret the defeat of any part of it, is freely confessed. Every man on the ticket was capable and deserving—unexceptionable in every respect,—but humbuggery, deception, and falsehood, have prevailed against some of them. Had party issues been only presented, the Democratic ticket throughout would have been triumphantly successful.

With the chances which the Opposition had in their favor, and the desperate means they employed to carry their point, it is wonderful that the Democrats secured a single man. In several districts, where voters could not be humbugged by the high-sounding cry of "Union," the most dishonorable *threats* were used to get them to vote that ticket—in some cases, we are told, the idea being distinctly held out to timid men that unless they voted against the Democrats they would be arrested as secessionists and their property confiscated! Other dodges equally outrageous were resorted to to keep Democrats at home or induce them to vote the mongrel ticket.

Under the circumstances, the result is a proud vindication of the bravery of the Democracy of Adams, and shows that with party lines fairly drawn they are bound to win. A prominent Republican remarked the other day, that he now believes the county to be Democratic. To hold up their heads against the storm as they did, proves that the Democracy can't be conquered.

In several of the districts our friends did remarkably well—gloriously well—for which they will not soon be forgotten. In each and all, true men deserve credit for their efforts in the good old cause. All have the consciousness of knowing that they have RIGHT and their COUNTRY on their side.

Next year look out for a clean sweep by the Democracy—for by that time the office seekers will be unable to humbug anybody.

We may allude to this subject again.

☞ The *Star* says:

"We have a dispatch from Capt. Pfeiffer's Company, of New Oxford, stating that the Union ticket received every vote in the Company."

There is something unaccountable about this vote. We know that only a few days before the election several Democrats in the Company expressed their determination to vote the Democratic ticket—the *true* ticket of the Union and the Constitution. Their political faith has *always* been for their country,—they have always expressed it by voting for Democratic men and measures, and they declared they would do so again. On referring to the list of voters, we notice that the names of several firm and reliable Democrats are not on it at all. If influences of an *improper* character were made use of to produce such a result, the public should know it. And we therefore hope that the matters will be looked into.

The *Star* makes the "big brag" that Capt. Horner's Company voted solid for the so-called Union ticket. This is a mistake. We are quite confident that several Democrats whom we know voted the Democratic ticket, as is their custom. They have always been Democrats, and did not bargain to become Republicans when they volunteered to fight the battles of their country. Most unwarranted steps were taken to drag them into the Republican trap, but they were firm to the last, and exercised that dearest right of freemen as became freemen.

☞ The *Sentinel*, in an article "crowing" over the *supposed* election of the entire mongrel county ticket, declares:

"We stand, therefore, as a Constitution-and-Law-abiding county."

Would the county stand anywhere else in the event of the election of the entire Democratic ticket?—would it be any the less loyal or patriotic? This imputation is not only an insult to every Democrat at home, but also to every Democratic soldier who has gallantly gone forth to fight the battle of the Union. Because, according to the *Sentinel's* logic, a man votes, what he has long voted, the ticket of the Democratic party, therefore he is not "Constitution-and-Law-abiding!" No matter whether he contributes of his means or risks his life for his country, if he does not vote as Republican leaders dictate, therefore he is not for the Constitution and the Laws!

Pshaw! Let this system of insult and calumny cease—and the sooner the better. Its continuance can only produce heart-burnings among our people, and if it shall have any effect abroad it will be to encourage the idea that we are not united on the great question of sustaining the Government of the United States, whose Constitution is the best the world ever saw. There has been more than enough of it already.

☞ The Clinton Democrat says:—Of one thing we are proud to boast in common with the Democracy of the county, viz: that

In less than a year after the overwhelming success and advent to power of the Republicans, the Democracy compelled them to attempt to hide their principles under Democratic names and to abandon the very designation by which their party was known.

☞ The election passed off here in an unusualy quiet manner.

THE ELECTION IN PENNSYLVANIA.

☞ SKIES BRIGHT!

The telegraph is not furnishing much election news, which is a strong indication that the Democrats have carried the State. Had the Republicans carried it, the wires would have been red hot with returns.

York county elects the whole Democratic ticket—1600 majority. Judge Fisher has 1700!!!

In Cumberland county the whole Democratic ticket is successful by from 400 to 600! Graham, Dem., is re-elected Judge in that district, over Watts Republican.

The Democrats carry Juniata—and Perry, too.

In Lancaster county, the Union ticket, composed of Democrats and conservative Republicans, is elected, with the exception of the candidate for Treasurer, over the regular Republican ticket. Long, the present Judge, has beaten Hoeel, Republican. Two of the Assemblymen on the Union ticket are Democrats, and the other two Republicans. The vote is close. This is a severe blow at Thaddeus Stevens.

Lycoming elects part Democrats and part Republicans.

Old Westmoreland, "the Star of the West," has got right again, giving 1000 Democratic majority!

The Democratic ticket has swept Schuylkill county by a large majority. Bernard Reilly (Dem.) is elected to the Senate by 1,500 majority, and three Democratic members of the House. These are all Democratic gains.

Morrow B. Lowry, of Erie, a John Brown Republican, has been elected to the Senate, over the Democratic and conservative Republican Union candidate.

In Mifflin county, Isaac Slenker, (Dem.,) for President Judge, has a majority of 225. Ross, (Dem.,) is probably elected to the Legislature, and the balance of the Democratic ticket defeated. Slenker beats Woods, Republican, in the district.

In Blair, the whole Republican ticket is elected with the exception of Roller, the candidate for the Legislature, who is defeated by Thaddeus Banks (Dem.,) by a small majority.

In Luzerne, the contest between the Democratic and Opposition tickets is close.

Clinton gives an Opposition majority of 130. The Lincoln electoral ticket had 409 over all.

Chapman defeats Hon. Daniel M. Smyser for President Judge in the Montgomery and Bucks district.

The Republicans have carried their Assembly ticket in Allegheny county by a reduced majority.

The Republicans have a large majority in the Abolition county of Chester.

The Democratic majority in Lehigh county is about 1,700. Wm. C. Lichtenwalner and Thomas Craig, Democrats, are elected to the Legislature. George W. Stein, Democrat, is elected to the Senate from Lehigh and Northampton.

Berks goes heavily Democratic—4,700!

Centre is nobly redeemed from Republican rule.

Philadelphia elects nearly all the Democratic ticket, unless the result is changed by the vote of the army. The Democrats have certainly gained five or six members of the Legislature. C. M. Donavan, Dem., is elected to the Senate.

The Republicans, who have long controlled Lebanon county, were badly defeated on Tuesday last. They nominated a straight-out Republican ticket, whereupon the Democrats and moderate Republicans made another. The latter is elected by from six to twelve hundred majority, the Democrats having one Associate Judge, the Prothonotary, Treasurer, Commissioner and Auditor.

Tate and Tutton, Dem., are elected to the Legislature by one thousand majority from the district composed of Columbia, Montour, &c.

Old Northampton elects the whole Democratic ticket by 1,300 majority—including Col. Neiman (whose printing office, the *Sentinel*, was mobbed,) to the Legislature! We predicted at the time of the outrage that the Colonel would not be forgotten, but would be "promoted," by the right-thinking people of his county. "It's an ill wind that blows nobody good."

Franklin goes for the so-called Union ticket by about 700. Nill is elected Judge, he having 650 maj. in Franklin and 400 in Somerset, to 200 maj. in Fulton and 320 in Bedford for Reilly. The district was more than 2,000 Republican last fall.

The Election.

The returns of the election are not sufficent to determine the political complexion of the Legislature; but it is certain that the Democrats have gained largely, and possibly elected a majority to the House of Representatives. We have never known an election of which it was so difficult to obtain the returns. The Democrats have gained a Senator in Philadelphia, one in Schuylkill, and, in all probability, one in Bucks. The current of the vote throughout the State is decidedly in favor of the Democratic party, and indicates that it is destined to control the politics of this State in the future.—*Patriot & Union.*

☞ The Republican papers in Massachusetts are getting into a warm controversy over the Fremont emancipation proclamation, about one-half siding with the President and the other half with Fremont.—Heretofore that State has been decidedly Abolition. The signs are better now, which we hail with pleasure.

☞ The *Star* insists that "A Union Democrat" is not a Republican office-holder. Very well—publish his real name, with the *proper proof* of authorship, and we shall be found as good as our word.

Kentucky Proposes a National Convention.—The House of Representatives of Kentucky have orderd a committee of thirteen to be appointed by both Houses to prepare a bill to provide for the calling of a National Convention to consider the misfortunes of the nation, with a view to their permanent settlement, based on constitutional provisions, mutually forgiving the wrongs of the past and assuring good fellowship in the future. Also a call calling on both sections for an armistice of ninety days, to give time to consider these propositions and to provide for a joint commission.

☞ One of the men belonging to Col. STAMBAUGH'S regiment fell from the cars about two miles west of Carlisle, on Monday evening last, and was instantly killed, having been cut literally in two.

The War News.

On Friday week, the 20th Indiana regiment, near Hatteras, was attacked by 2,500 rebels, who came over in vessels from the main land, and was obliged to retreat, losing 70 of the men, including sick and wounded, as prisoners. O her federal forces soon came to the rescue, and the Monticello was able to open fire on the enemy with shell, causing a precipitate flight, and a supposed loss of 200 or 300 killed and wounded.

Our forces in front of Washington have advanced and occupied various new positions. The enemy declined battle and retired.

A skirmish took place on Tuesday, near Falls Church, resulting in loss to the enemy.

Col. Matthews, at Herman, Mo., has been compelled, on the approach of the rebels, to break up his camp of 400 Home Guards, and to fall back.

By last accounts Gen. Price's army was on Grand River, Henry county, marching Southward.

An attack on Paducah, Ky., is expected. The rebels are said to be advancing. The woman and children have been sent away.

A vessel has been seized at Boston charged with running the blockade.

This Government, it is said, has not authorized the raising of troops in Canada, nor have commissions been offered to European officers.

Foreigners of good character offering their services have been accepted.

Garibaldi has not been tendered the command of the U. S. army, but his services would have been accepted as Major General, if he had carried out his own previous intention of coming to this country.

The Fremont-Blair Difficulty.

The difficulty between Gen. Fremont and Col. Blair, in Missouri, is attracting general attention.

Col. Blair was, some weeks ago, released from arrest, by orders from Washington.—He has since been rearrested at the instance of Gen. Fremont, and sent to Jefferson Barracks. Col. Blair has, in consequence, preferred specific charges against Gen. Fremont, covering in length several newspaper columns. Among these charges are: neglect of duty and unofficer-like conduct—disobedience of orders—conduct unbecoming an officer and a gentleman—gross extravagance, waste, mismanagement, and misapplication of the public monies—and despotic and tyrannical conduct. Among the specifications are the following:

That on the — day of —, 1861, the President of the United States ordered the said Major General J. C. Fremont to modify the said proclamation, so as to make it conform to an act of Congress entitled "An act to confiscate property used for insurrectionary purposes," approved August 6, 1861, which the said Major General J. C. Fremont has ever since failed, neglected, and refused to do, in disobedience of said order, and in contempt of the authority of the President of the United States.

That after the order aforesaid of said President of the United States, commanding the said Major General Fremont so to modify his said proclamation, he, the said Fremont, did, on or about the 21st day of September, 1861, cause to be printed and circulated a large number of his proclamations in original form, contrary to the order of the President of the United States, and in contempt of his authority.

That he has surrounded himself with men of disreputable character, his former dependents and hangers-on from the State of California, with whom he was connected in business, and with whose character and reputation for fraudulent dealings he was well acquainted, and has bestowed upon them large contracts and jobs for supplies for the army and for making fortifications and for other expensive and unnecessary works, without advertisement, bidding or competition, whereby the government of the United States has been despoiled, the soldiers delayed in receiving their pay, and his own attention and time absorbed, so as to prevent him from attending to the great work to which he was assigned by the government of the United States.

That he issued an illegal order on the — day of September, 1861, forbidding officers of the army from corresponding with officials of the State and other governments, to the end that his errors might not be exposed, and his conduct controlled by his superiors, whereby the government of the United States and the people have sustained great detriment.

That he ordered a public journal in the city of St. Louis, State of Missouri, called and known as The Evening News, to be suppressed, and its editor and proprietor to be arrested and imprisoned, for a fair and just criticism upon his conduct, although he well knew that said newspaper had always given a fair and loyal support to the government of the United States, and its only crime was in making public his errors of judgment and incompetency to command in this department.

It remains for Gen. Fremont to meet these charges before a Court Martial.

☞ It appears that Major General Fremont acknowledges no superior in the government or army. Thus it is understood here that he ignores the President's authority to direct him to remodel his late proclamation, chucking his order to that end under the table, and continuing to flood Missouri with copies of his original pronunciamento, unamended as the President directed. So, too, in the matter of the commander-in-chief, Gen. Scott, whose order directing the unconditional release of Col. Blair has been treated precisely as he treated the order of the President above referred to, Blair remains under arrest.—Fremont not having obeyed Gen. Scott's order directing his release.—*Washington Star.*

☞ The Union ticket for the City Councils in Baltimore was elected without opposition on Wednesday last. The vote was between 9,000 and 10,000.

☞ At the recent Synod of the German Reformed Church, held at Easton, Rev. B. BAUSMAN, of Chambersburg, was chosen as Travelling Tutor, and Rev. W. M. REILLY, of this place, the incumbent resident in the Theological Seminary.

☞ A portion of the list of Premiums given at the Adams County Agricultural Exhibition, will be found in our paper to-day. The remainder will appear next week.

☞ If the President were to draft every man into the army who is lying about home denouncing his neighbors as "Secessionists," he would soon have a force numerically strong enough to overrun the entire South! What is the patriotism of a man worth who spends his time in impeaching the loyalty of his neighbors and is yet very careful to keep out of the ranks himself?—*Clinton Democrat.*

☞ We are gratified to learn that Dr. Hays and his party, of the Polar Expedition, have safely arrived at Halifax. Two of the original number, however, have died—August Sontag, the astronomer, and Gibson Caruthers. Dr. Hays penetrated to 81 deg. 35 min. north latitude.

☞ In Iowa the trees are "loaded down" with apples.

Local Items.

SAD DEATH.—WEEKS SNIDERS, aged about 15 years, son of Widow Snyders, of this place, met with a shocking accident on Wednesday evening, which resulted in his almost instant death. He had been employed on the farm by Mr. Edward Hall, in Cumberland township, and was in the field with him and several other workmen cutting off corn. They had with them a loaded gun, which was left standing at the fence whilst they were at work. Upon leaving the field in the evening, the lad proceeded to get the gun. A report was soon heard, and upon Mr. Hall going up to the spot, he found the boy had been shot—the whole contents of the gun entering his mouth, producing almost instant death.—It is supposed that in crossing the fence the trigger caught on a rail, thus producing an accidental discharge of the gun.

MELANCHOLY DEATH.—We learn that Mrs. Abby, a widow lady residing at Abbottstown, Adams co., met with her death under distressing circumstances on Tuesday morning last. She had been in ill health for some time past, and on the morning above named she arose about five o'clock and left her home. Not returning in what was regarded as a reasonable time, her friends became uneasy in mind on account of her continued absence, and started out to ascertain her whereabouts. Not finding her at any of the places she had been accustomed to visit, search was made in the neighboring creeks and a dam, and finally in a well upon her own premises, and there her body was discovered—life entirely extinct. Her death is attributed to mental derangement induced by ill health.—*Hanover Citizen.*

PAINFUL ACCIDENT.—Mr. David Shultz, of Mountpleasant township, Adams county, three miles from New Oxford, met with a very serious accident on Wednesday of last week. He was threshing, and when in the act of driving the horses his foot slipped and he was caught between the wheel and strap, with his foot bending, or doubling the leg up and crushing it in a shocking manner, the bone protruding through the flesh between knee and ankle. Dr. Pfeiffer, of New Oxford, his attending Physician, says that in twenty years he has not had such a shocking case, and so difficult to manage, yet has hopes of the unfortunate man being restored to the full use of the leg. Mr. Shultz is a married man, about 25 years of age.—*Hanover Citizen.*

FAREWELL DISCOURSE.—Rev. Mr. Gerhardt, pastor of the Lutheran Congregation of New Oxford, preached his farewell sermon in that place on Sabbath week. The morning services were in the German language, and those of the afternoon in English, on both of which occasions the Sacrament of the Lord's Supper was administered. Mr. Gerhardt leaves many attached friends in the congregation, from whom he separates with sincere reluctance. Eleven years ago, when his pastoral labors commenced at New Oxford, there were but 130 communicant members: there are now 300. In that time he has baptized 72 children: received into the church persons: preached 282 funeral sermons: solemnized 122 young persons. The severance of the connection which had so long existed between Mr. Gerhardt and the people of his charge was deeply affecting.—*Sentinel.*

LIEUT. RUSSELL.—We understand that Lieut. Jno. H. Russell, who headed the expedition which captured and burned the rebel Privateer Judith, on the 12th of September, off Pensacola Harbor, for attempting to run the blockade, formerly resided here, and is a nephew of Hon. S. R. RUSSELL, of this place. In this exploit he displayed a degree of coolness and personal courage not often surpassed even in the history of a navy many of whose members have been distinguished for gallantry. In this encounter 3 were killed and 15 wounded.—Lieut. RUSSELL was severely wounded.—*Star.*

A FLAG PRESENTATION.—On Monday of last week, a superb Flag was presented by the Ladies of Emmitsburg to Capt. HORNER'S Cavalry, at Frederick. The presentation was made at "The Barracks," by Dr. R. L. ANNAN, in the name of the Ladies, and replied to by H. GALLAGHER, Esq., of Baltimore, on behalf of the Company.—Shortly after the presentation, the corps paraded through the City, stopping at the hotels where the Emmitsburg ladies sojourned, to give them three cheers.—*Sent.*

☞ Our kind and considerate friend, Mr. JOHN JORDAN, the Gardener at Mt. St. Mary's College, has brought us under additional obligations. He forwarded us, a few days ago, a box of grapes, large and most delicious to the taste, with a bottle of the "vintage of 1861." The former were highly praised by "all hands"—the latter has been stowed away in a quiet nook to be "improved by age." Thanks, John, thanks! "May your shadow never grow less." That "the Mountain" is, in soil and atmosphere, adapted to the growth of the grape for the manufacture of first-class wine, we have no longer any doubt.

☞ Our friend JACOB KEUNE, Esq., of Germany township, placed upon our table on Thursday, a large scarlet Raspberry, taken from the vine that morning—being of the *second* crop for the season! The variety is known as the "Bella de Fontenay." Mr. K. procured it from Evans & Co's. Nursery at York. We never saw so fully-matured a second-crop berry before.

☞ Mr. SOLOMON URICH, who has just commenced the baking business in Chambersburg street, has presented us with a specimen of his bread, and we can pronounce it first-rate—could n't be better. Let the public give his baking a trial, and we are sure they will not be disappointed.

☞ DANNER & SHIELDS, at Fairfield, have just returned from the cities with a large stock of all kinds of Goods suited to the season, and having bought cheap will sell cheap—cheaper than ever. See their adv. in another column.

☞ We are requested to say that Capt. CHRITZMAN'S company is not quite full.—Application may be made to A. J. COVER, Esq. The Captain will be here in a few days to attend to mustering them into service.

☞ John Bennett, residing on Mrs. Mary Myers's farm, in Hamiltonban township, informs us that he has a stalk of Corn measuring 14 feet 5 inches! Hamiltonban is hard to beat in big corn, or big crops of any kind.

(*Conclusion next week.*)

☞ The election over, our columns will again be open to a general variety of reading matter, which we shall endeavor to make as interesting as possible. The COMPILER shall be welcome at every fire-side in the county, if we can make it so. The news of the war will be regularly given, and in as reliable a shape as our means of information will admit. So with all current events.

We have a goodly number of campaign subscribers, whose time will expire with this issue. Cannot most or all of them take the paper regularly? Their pockets would suffer but a trifle, whilst they would have the satisfaction of knowing weekly what is going on in the world, at home and abroad. Send in the names between this and next Monday.

Our list of subscribers is larger than ever, but there is room for more—there always is.

☞ A large and enthusiastic Democratic Meeting was held at the public house of J. E. Smith, at Mount Rock, on Saturday evening week. The officers were:

President, JOHN LILLY, Esq.

Vice Presidents, Capt. T. Brady, Joseph Lilly, Esq., Geo. Lawrence, Franz Pohlman, Jos. J. Smith, Henry J. Kuhn, Conrad Bender, Jos. L. Shorb, Esq., James Devine, Capt. J. E. Miller, Samuel Hilt, Peter O'Neil, Peter Brieghner.

Secretaries, Edward Moritz, Pius S. Smith, Samuel Shorb, Daniel Lawrence, Lewis Brady.

J. C. Neely, Esq., Dr. D. S. Peffer and H. J. Stahle addressed the meeting, when it adjourned with three cheers for the Union, the Constitution and the Democratic ticket!

☞ Mr. GEORGE F. MILLER, of Straban, has placed us under obligations for the present of a number of large and splendid apples—and Mr. C. DAUGHERTY, of Cumberland, for a mammoth head of cabbage.—Both apples and cabbage were not easily excelled.

ADAMS COUNTY—OFFICIAL.

The Return Judges of the several Election Districts of Adams county assembled in the Court-house here on Friday last, and the Returns they brought were read. After getting through with this, they adjourned, to meet again on the second Tuesday in November, to read the Returns of the vote of the Soldiers in the Army, and award the usual certificates to the candidates elected. This second meeting is made necessary by the law of 1839, regulating the voting of soldiers. The vote of the county is as follows:
