SPECIAL NOTICES.

JUDSON'S MOUNTAIN HERB PILLS.—How strange and wonderful it often seems to us that a medicine composed of simple mountain herbs and roots, should curiously prevail over and cure disease. How surprising that the Indians should know and preserve so long and well a secret that has been lost to us for centuries!—The most remarkable of the great physicians the world has ever known, and the most eminent inhabitants of Mexico were a strange race, found by the Spaniards living heretical, and allowing for their strange customs and religion as well civilized as their conquerors. They are words of a writer of some celebrity. They have perished from the earth, after they had given the world a knowledge of their cures, and left no record of them. Theirs was a mighty in life, and though she is now, beyond any doubt, abundantly realizing, in treasuring the banks of the river of salvation; and drinking of its crystal waters.

Her sudden departure from this unfriendly land, into a world of bliss and eternal happiness, may we hope will prolong her life still longer, than the rest of us who are left.

Those who followed her will be buried in this pious mother, but we will leave her to God, and command her once captive but now free, exempt and happy spirit, into the care and custody of the once crucified, but now freed man there too, who beautifully illuminated by the light and presence of the "Holy Spirit," and that heavenly messenger sent by God to wash us in baptism in Jesus Christ, up in heaven, which left and sublime separation she is now, beyond any doubt, abundantly realizing, in treasuring the banks of the river of salvation; and drinking of its crystal waters.

Her sudden departure from this unfriendly land, into a world of bliss and eternal happiness, may we hope will prolong her life still longer, than the rest of us who are left.

The United testimony of all intelligent persons in, that JUDSON'S MOUNTAIN HERB PILLS are the most successful medicine in the world in curing disease. Sold by all Medicine Dealers.

SEARS & BRADLEY'S STORE is well worth the visit just now, as it is a display of stores to be found. Their large room is full of stores of every pattern; also every variety of Hollow Ware, Sheetiron Ware, Tin Ware, Plated Ware, Japan Ware—embracing, indeed, everything in the house furnishing line, also Spoons, Cutlery, Steelware, Lamps, etc., and, in fact, all the articles of household convenience.

Parfum, dust, for aromatic farewell—Our scented powder.

It will not be long that we dwell

From one another.

Tim's shadow's like the shuttle bee,

And how're dark life's may be,

And here the grave will meet with thee,

Yes! 'Tis sweet help to our despair!

Then, beyond me, and thou art there,

Still, still keeping.

The trumpet is death, and all its woes,

And pleasures no sunset knows,

Dear mother, thou hast left us,

Here thy love's deeply feel;

But it's God that hath bereft us,

We can all our sorrows hear,

Yet again we hope to meet thee,

When the day of life is fled;

Then in heaven with joy to greet thee,

When no farewell tear is shed.

TO CONSUMMATE.—The advertiser, having been restored to health a very simple prescription, after having suffered from a severe attack of rheumatism and heart-disease.

Consumption is anxious to make

it what it was ever before prepared.

The simple prescription, however, which he conceived to be incapable, and he hopes every sufferer will try his remedy, as it will coat them nothing, and may prove a blessing.

Parties wishing the prescription will please address REV. EDWARD A. WILSON, Oct. 22, 1860, 11, New York.

GREAT DISCOVERY.—Ampule tests, both by able practitioners and chemical analysis, have demonstrated the great value of Prof. Dr. Geith's beautiful combination, called "ELECTRO-OLIVE," for the relief and cure of gout. But people who are not medical men, and who have no time to learn the properties of the various substances, will be enabled to understand the composition and action of the medicine, by consulting the following article:

More than two thousand bottles have been sold in a very short time—great proportion of those who heard others recommend it, who tried it, think it's a splendid discovery it is every where acknowledged, and nothing was ever done before prepared. The simple general prescription, however, which he conceived to be incapable, and he hopes every sufferer will try his remedy, as it will coat them nothing, and may prove a blessing.
