STEAM LIME MILL, CORNER OF WEST AND RAILROAD STREETS, NEAR THE FOUNDRY.—The subscriber, having leased the Steam Mill of Mr. C. W. Hoffman, in this place, has had it thoroughly repaired, by placing in it the necessary machinery for grinding Limestone. The mill is now in operation and I am ready to supply any demand for this useful Fertilizer. GROUND LIME-STONE is now conceded by those who have tested it, to be a much better Fertilizer than Burnt Lime, or indeed any of the other Fertilizers generally applied to land. The following Certificate from Mr. Diehl, an extensive farmer, and highly respectable citizen of Adams county, will attest the truth of this assertion:

☞ "I have been having the Ground Lime stone on my land for the last four years and find it to be a better fertilizer than the Burnt Lime, and cheaper. It has given satisfaction in the first crop. PETER DIEHL."

Numerous other certificates of like character could be produced, but this is sufficient.

☞ Farmers are requested to send in their orders and to give it a trial.

Prof. L. Miller's

HAIR INVIGORATOR.—An Effective, Safe and Economical Compound.

FOR RESTORING GRAY HAIR to its original color without dyeing, and preventing the Hair from turning gray.

FOR PREVENTING BALDNESS, and curing it, when there is the least particle of vitality or reparative energy remaining.

FOR REMOVING SCURF AND DANDRUFF, and all cutaneous affections of the Scalp.

FOR BEAUTIFYING THE HAIR, imparting to it an unequalled gloss and brilliancy, making it soft and silky in its texture and causing it to curl readily.

The great celebrity and the increasing demand for this unequalled preparation, convince the proprietor that one trial is only necessary to satisfy a discerning public of its superior qualities over any other preparation at present in use. It cleanses the head and scalp from dandruff and other cutaneous diseases, causes the hair to grow luxuriantly, and gives it a rich, soft, glossy and flexible appearance, and also where the hair is loosening and thinning, it will give strength and vigor to the roots, and restore the growth to those parts which have become bald, causing it to yield a full covering of hair.

There are hundreds of ladies and gentlemen in New York who have had their hair restored by the use of this Invigorator, when all other preparations had failed. L. M. has in his possession letters innumerable testifying to the above facts, from persons of the highest respectability. It will effectually prevent the hair from turning gray until the latest period of life; and in cases where the hair has already changed its color, the use of the Invigorator will with certainty restore it to its original hue giving it a dark, glossy appearance. As a perfume for the toilet and a Hair Restorative it is particularly recommended, having an agreeable fragrance; and the great facilities it affords in dressing the hair, which, moist with the Invigorator can be dressed in any require form so as to preserve its place, whether plain or in curls—hence the great demand for it by the ladies as a standard toilet article which none ought to be without, as the price places it within the reach of all, being

ONLY TWENTY-FIVE CENTS

per bottle, to be had at all respectable druggists and perfumers.

L. MILLER would call the attention of Parents and Guardians to the use of his Invigorator, in cases where the children's hair fashes to be weak. The use of it lays the foundation for a good head of hair, as it removes any impurities that may have become connected with the scalp, the removal of which is necessary both for the health of the child, and the future appearance of its hair.

CAUTION.—None genuine without the fac simile of LOUIS MILLER being on the outer wrapper; also, L. MILLER'S HAIR INVIGORATOR, N. Y., blown in the glass.

Only One Dollar Each!

10,000 BEAUTIFUL STEEL PLATE ENGRAVINGS of the LORD'S PRAYER FOR SALE.—VALUABLE PRIZES GIVEN AWAY!—The idea of representing the Lord's Prayer by an engraving, and of ornamenting and arranging it in such a manner as to produce at once a model of neatness and taste, was conceived and carried out by Ormsby, the celebrated Bank Note Engraver of New York City. It commences with exquisitely executed words of "Our Father," and then follow in succession, the other parts of the prayer, every phrase of which is engraved in the most elegant and tasteful manner. Near the bottom of the picture is a splendidly executed head of OUR SAVIOR, and encircling the upper part of the engraving are ten angels, each bearing one of the TEN COMMANDMENTS. The engraving has received the most unqualified praise from the religious community as there is nothing of a sectarian character about it, having been recommended by Clergymen of all denominations. As an ornament it is one of the most beautiful ever published in this country, and is destined to take the place of a poorer class of engravings. The size of the plate is 20 by 28 inches, and is unquestionably the cheapest engraving ever offered in this country.

Whether for sale—whether delight to the gifting engraving—who that would receive the impressions which such a work is calculated to impart, would fail to secure a copy when the price is ONLY ONE DOLLAR, with the chance of securing for the sum, in addition, a permanent home or another valuable gift?

As a work of art this valuable and beautiful engraving is worth more than the Dollar asked for it, as will readily be acknowledged on an inspection of it; but the subscribers intend to make a Gift Distribution to purchasers of the engravings, of valuable presents, as follows:

1 House and Lot in York Borough,
2 Baggies, (Quinn & Palmer's make, warranted.)
1 Rockaway,
2 Building Lots in York Borough,
1,000 Valuable Books,
50 bbls. Flour, (warranted.)
1,000 Gold Gilt Frames to suit Engraving of the Lord's Prayer,
500 Steel Plate Engravings Birth of Christ,
Magnificent Looking Glasses,
Gold and Silver Watches,
All kinds of Jewelry, embracing Cameo, Florentine, Mosaic, Gold Stone, &c., &c.

A Gift worth from 50 cents to $500 00 with each engraving sold.

When the engravings are all sold a meeting of the purchasers will be called at Washington Hall, York, Pa., when the Gifts named above will be *distributed in such manner as the purchasers may determine.* The purchasers selecting a committee of disinterested persons to make the awards in such manner as they may designate.

The proprietors, from the favorable manner in which this Gift Enterprise has been received, and the number of engravings already sold, hope to be able to have the amount disposed of by the 1st of Oct., ensuing, and when all are sold they will notify the purchasers, and have the distribution of the Gifts proceeded with.

This engraving has received the commendation of the Reverend Clergy, our first citizens, and indeed of all classes, who enter into it with spirit.

RECOMMENDATIONS.

From Rev. C. W. Thompson, Rector of St. John's Protestant Episcopal Church, York, Pa.:

Messrs. Austin & Wehrly:—The engraving of the "*Lord's Prayer*" which is now offered for sale by Messrs. Austin & Wehrly of this Borough is "got up" with much taste and beauty, and ought to recommend *itself* to public attention—anything that will keep that noble composition before the mind and memory is likely to do good. The work seems to me only to require examination in order to be admired, and I can but hope that the gentlemen who have in hand its distribution at so moderate a rate, will be abundantly successful in their undertaking. C. W. THOMPSON.

From the Rev. F. F. Hagen, Pastor of the Moravian Church, York, Pa.

York, Pa., Feb. 20, 1861.

Messrs. Austin & Wehrly:—Having had the pleasure of inspecting Messrs. Austin & Wehrly's splendid engraving of the *Lord's Prayer*, I would cordially recommend it to the favorable attention of their friends at York and elsewhere. It is not only a beautiful ornament for the dwelling of every Christian family, but also a useful and edifying acquisition for Sunday schools and similar benevolent institutions.

ELECTRIC OIL.—*The Friend of Man!*—This is a perfectly innocent, soothing, and gently stimulating Medicine.

It was discovered by Prof. CHAS. DE GRATH, while travelling in South America—lately been brought out by urgent solicitations—and has cured more cases of RHEUMATISM, DEAFNESS, GOUT, NEURALGIA, LUMBAGO, SCIATICA, Spinal and Bronchial complaints, Tic Doloreux, Headache, Cramps, Croup, Piles, Felons, Sprains and Bruises, Cuts and Wounds, Swelled Glands, Erysipelas, Sore Nipples, Swelled Breast, Womb Disorders, Salt Rheum, Canker in Mouth and Stomach, Palpitation, Eruptions, Caked Breast, Quinsy, Sore Throat, Palsy, Pleurisy, Cheers, Lock-Jaw, Heart Burn, Tooth and Ear-ache, Nervousness, Costiveness, Burns, Stiff Joints, Scrofula, Sore Gums of teething infants, &c., than all and every other medicine.

☞ It will be seen this great remedy does not claim to *cure everything, but only a certain class of complaints.*

This Oil acts on the system with electricity, is of pure vegetable preparation, not the slightest danger of applying it outwardly or inwardly, it at once gives a permanent cure, in most cases from ten to twenty minutes.

The best physiologists of Europe have discovered that all Organic Derangement in the Animal System is the effect of an obstruction of the Physico-Electro Fluids in the organ diseased—a skillful application of this Oil puts in immediate motion the nerve fluid, and the cure is at once accomplished. No bleeding, no vomiting, purging, or blistering is resorted to.

The Scientific American.

THE BEST MECHANICAL PAPER IN THE WORLD.—*Seventeenth Year.*—VOLUME V.—NEW SERIES.—A new volume of this widely circulated paper commenced on the 6th of July.—Every number contains sixteen pages of useful information, and from five to ten original engravings of new inventions and discoveries, all of which are prepared expressly for its columns.

The SCIENTIFIC AMERICAN is devoted to the interests of Popular Science, the Mechanic Arts, Manufactures, Inventions, Agriculture, Commerce and the Industrial Pursuits generally, and is valuable and instructive not only in the Workshop and Manufactory, but also in the Household, the Library and the Reading Room.

The SCIENTIFIC AMERICAN has the reputation, at home and abroad, of being the best weekly publication devoted to mechanical and industrial pursuits now published, and the publishers are determined to keep up the reputation they have earned during the SIXTEEN YEARS they have been connected with its publication.

TO THE INVENTOR!—The SCIENTIFIC AMERICAN is indispensable to every inventor, as it not only contains illustrated descriptions of nearly all the best inventions as they come out, but each number contains a Official List of the Claims of all the Patents issued from the United States Patent Office during the week previous; thus giving a correct history of the progress of inventions in this country. We are also receiving, every week, the best scientific journals of Great Britain, France and Germany; thus placing in our possession all that is transpiring in mechanical science and art in these old countries. We shall continue to transfer to our columns copious extracts from these journals of whatever we may deem of interest to our readers.

CHEMISTS, ARCHITECTS, MILLWRIGHTS AND FARMERS!—The SCIENTIFIC AMERICAN will be found a most useful journal to them. All the new discoveries in the science of chemistry are given in its columns, and the interests of the architect and carpenter are not overlooked; all the new inventions and discoveries appertaining to these pursuits being published from week to week. Useful and practical information pertaining to the interests of millwrights and mill-owners will be found published in the SCIENTIFIC AMERICAN which information they cannot possibly obtain from any other source. Subjects in which planters and farmers are interested will be found discussed in the SCIENTIFIC AMERICAN; most of the improvements in agricultural implements being illustrated in its columns.
