Mexico to Prepare jor Besistance. Letters from Mexico state that the Government is anaking strenuous efforts to raise funds, by a loan from our government or otherwise, to build a navy and procure arms and ammunition in the United States, to protect itself against Spanish aggression. It is expected that orders and means will arrive by the mest mail to a party in New York to carry out the design. This looks as if Mexico is not disposed to submit, without a struggle, to European interference.
